

CONTENTS

| | |
|---|-------|
| Foreword | xix |
| Preface | xxiii |
| Acknowledgments | xxvii |
| Introduction | 1 |
| Chapter 1: What Is Technical Training? | 7 |
| The Complete Training Suite for Technical Experts | 8 |
| <i>Technical Training Defined</i> | 8 |
| <i>Technical Functional Training</i> | 12 |
| <i>Personal Effectiveness Training</i> | 17 |
| <i>Business Training</i> | 22 |
| <i>Analogous Content Types</i> | 26 |
| | vii |

| | |
|---|--------|
| Technical Training and Related Activities | 29 |
| <i>Product Development</i> | 29 |
| <i>Customer Training</i> | 30 |
| <i>Technology and Computer-Based Training</i> | 31 |
| <i>Human Resource Generalist Work</i> | 32 |
| Summary: The Power of a Common Language | 33 |
| Chapter 2: Challenges and Opportunities for Technical Training | 35 |
| Environmental Factors | 38 |
| <i>Lack of a Common Understanding</i> | 39 |
| <i>Evolution of Technical Training</i> | 40 |
| <i>Perception Versus Reality of Technical Training</i> | 42 |
| <i>The Need for a Strong Lobby</i> | 45 |
| <i>The Impact of a Declining Economy</i> | 46 |
| Organizational Considerations | 48 |
| <i>Ownership of Technology and Enabling Activities</i> | 48 |
| <i>Legitimacy of Technical Training</i> | 49 |
| <i>Involvement in Technology Implementations</i> | 51 |
| <i>The Role in Continuous Improvement Initiatives</i> | 52 |
| Capability Aspects | 54 |
| <i>The Tension Between Two Core Competencies</i> | 54 |
| <i>Integration of Technical Training into Talent Management</i> | 55 |
| <i>Availability of Career Paths for Technical Employees</i> | 58 |
| <i>Skills Mastery Over the Course of a Career</i> | 61 |
| Summary: The Value Proposition for Technical Training | 62 |

| | |
|--|----|
| Chapter 3: Differentiators of Technical Training | 67 |
| What Are Differentiators? | 67 |
| Analysis | 70 |
| <i>Focus</i> | 71 |
| <i>Trigger</i> | 71 |
| <i>Planning Horizon</i> | 72 |
| <i>Formal and Informal Learning</i> | 72 |
| <i>e-Learning</i> | 73 |
| Design | 74 |
| <i>Availability of Content</i> | 74 |
| <i>Granularity of Content and Audience Size</i> | 75 |
| <i>Contextualization</i> | 75 |
| <i>Coopetition</i> | 76 |
| <i>Subject-Matter Expert (SME) Involvement</i> | 77 |
| Development | 78 |
| <i>Evolutionary Versus Revolutionary</i> | 78 |
| <i>Refresh Cycles</i> | 79 |
| <i>Standardization and Certification</i> | 79 |
| Implementation | 80 |
| <i>Learning and Unlearning</i> | 80 |
| <i>Release Timing</i> | 81 |
| <i>Volunteer Instructors (VIs)</i> | 82 |
| <i>Waterfall Deployment</i> | 83 |
| Evaluation | 84 |
| <i>Causality</i> | 84 |
| <i>Measurability</i> | 84 |

| | |
|--|-----|
| <i>Consequence of Errors</i> | 85 |
| <i>Escalations</i> | 85 |
| Overarching Differentiators | 86 |
| <i>Cost</i> | 86 |
| <i>Expertise</i> | 87 |
| <i>Trust</i> | 87 |
| Summary: The Potential of Differentiators | 91 |
| | |
| Chapter 4: Stakeholders of Technical Training | 95 |
| | |
| Technical Training Stakeholder Needs | 96 |
| <i>Executives Expect Tangible Outcomes</i> | 97 |
| <i>Managers Want Skill Gaps Addressed</i> | 97 |
| <i>Technical Leaders Need Support for Technology</i> | 100 |
| <i>Technical Experts Want Accurate Content</i> | 101 |
| <i>VIs Need Recognition</i> | 102 |
| <i>Employees Want Training Options</i> | 103 |
| Collaboration and Governance Structures | 105 |
| <i>Sponsors Champion Technical Training</i> | 105 |
| <i>Advisory Teams Develop Content</i> | 106 |
| <i>Training Organizations Collaborate</i> | 109 |
| <i>Human Resources Partners with Training</i> | 110 |
| <i>Steering Committees Align and Govern Training</i> | 111 |
| Stakeholder Support and Buy-In | 112 |
| <i>Identification and Classification of Stakeholders</i> | 113 |
| <i>A Team Approach to Stakeholder Engagement</i> | 117 |
| <i>Stakeholder Management Techniques</i> | 119 |
| Summary: The Requirements for Collaboration | 121 |

| | |
|--|-----|
| Chapter 5: Technical Training Strategy | 123 |
| Primer on Strategy | 124 |
| <i>Definition of Strategy</i> | 124 |
| <i>Alignment to Business Objectives</i> | 125 |
| <i>Strategic Planning Process</i> | 127 |
| Components of Strategy | 128 |
| <i>Vision and Mission Statements</i> | 128 |
| <i>Strategic Objectives</i> | 130 |
| <i>Guiding Principles</i> | 131 |
| <i>Business and Operating Models</i> | 132 |
| <i>Portfolio of Products and Services</i> | 137 |
| <i>Technical Training Roadmap</i> | 140 |
| Capabilities to Execute the Strategy | 142 |
| <i>Skill Capabilities</i> | 142 |
| <i>Process Capabilities</i> | 143 |
| <i>Technology Capabilities</i> | 146 |
| Summary: Setting the Stage for Execution | 148 |
| Chapter 6: Getting the Technical Training Agenda Funded | 151 |
| Considerations in Advance of Funding | 152 |
| <i>Identifying Business Reasons for Funding Technical Training</i> | 152 |
| <i>Understanding What Executives Are Looking For</i> | 154 |
| <i>Defining Accountability and Ownership</i> | 156 |
| <i>Leveraging Policies and Processes</i> | 157 |
| Setting Up the Budget | 159 |
| <i>Complexities of Training Costs</i> | 159 |

| | |
|--|-----|
| <i>The Cost of Technical Training</i> | 162 |
| <i>Technical Versus Non-Technical Training Costs</i> | 166 |
| <i>Budgeting Pointers</i> | 171 |
| Managing the Budget | 172 |
| <i>Understanding Return on Investment</i> | 172 |
| <i>Aligning Funding to Evaluation Outcomes</i> | 175 |
| <i>Applying Creativity to Funding</i> | 176 |
| Summary: The Art and Discipline of Budgeting | 185 |
| | |
| Chapter 7: Staffing the Technical Training Organization | 187 |
| | |
| Structure of the Training Function | 188 |
| <i>Organizational Reporting Models</i> | 188 |
| <i>Centralization Versus Decentralization</i> | 190 |
| <i>Horizontal Business Functions</i> | 191 |
| Technical Training Skills | 192 |
| <i>Training Skills for Expertise</i> | 193 |
| <i>Business Skills for Credibility</i> | 193 |
| <i>Technical Skills for Accuracy</i> | 194 |
| <i>Project Management Skills for Discipline</i> | 195 |
| <i>Relationship Skills for Stakeholder Engagement</i> | 196 |
| Technical Training Recruiting | 196 |
| <i>Staffing Ratios</i> | 197 |
| <i>Common Technical Training Jobs</i> | 198 |
| <i>Recruiting Sources for Technical Training Professionals</i> | 204 |
| Managing the Technical Training Team | 205 |
| <i>Remote Management</i> | 205 |
| <i>Team Development</i> | 206 |
| Summary: Hiring and Development in a Nutshell | 208 |

| | |
|---|-----|
| Chapter 8: Technical Training Analysis, Design, and Development | 209 |
| Identifying Technical Training Needs | 209 |
| <i>Gathering Stakeholder Input</i> | 210 |
| <i>Training Needs Analysis</i> | 210 |
| <i>Categories of Training Needs</i> | 212 |
| <i>Opportunities for Data Gathering</i> | 216 |
| Prioritizing Technical Training | 219 |
| <i>Prioritization and Decision Making</i> | 219 |
| <i>Closed-Loop Communication</i> | 221 |
| Designing the Technical Training Portfolio | 222 |
| <i>Developing Technical Training Programs</i> | 222 |
| <i>Building Technical Training Courses</i> | 223 |
| <i>Categorizing Courses into Curriculums</i> | 225 |
| Summary: Stakeholders Participate Throughout the Training Life Cycle | 227 |
| Chapter 9: Marketing of Technical Training | 229 |
| Why Market Technical Training? | 229 |
| Hurdles to Marketing Technical Training | 232 |
| <i>Building Marketing Competency</i> | 232 |
| <i>Underlying Motivation for Marketing</i> | 234 |
| <i>Understanding the Product</i> | 235 |
| <i>Dispelling Misconceptions</i> | 236 |
| <i>Reading the Signs of Diminishing Value</i> | 239 |
| Marketing Principles Applied to Technical Training | 244 |
| <i>Describe the Value Proposition</i> | 244 |
| <i>Define the Target Market</i> | 246 |
| <i>Categorize and Differentiate Products</i> | 247 |

| | |
|--|-----|
| <i>Brand Technical Training</i> | 248 |
| <i>Develop a Marketing Plan</i> | 252 |
| <i>Choose the Right Marketing Tools</i> | 253 |
| Common Sense and Marketing Technical Training | 256 |
| <i>Use Emotional Drivers</i> | 257 |
| <i>Make Engagement Easy</i> | 259 |
| Summary: The Prospect of Marketing Technical Training | 260 |
| Chapter 10: Technical Training Delivery and Evaluation | 265 |
| Preparation for Training Delivery | 265 |
| <i>Piloting Training Solutions</i> | 266 |
| <i>Establishing a VI Base</i> | 267 |
| <i>Preparing Instructors for Training Delivery</i> | 269 |
| Modes of Technical Training Delivery | 270 |
| <i>Classroom, e-Learning, and Blended Training</i> | 270 |
| <i>Hands-On Components and Simulations</i> | 272 |
| <i>Social Networking and Collaborative Technology</i> | 274 |
| <i>Vendor-Supplied Technical Training</i> | 275 |
| <i>Mandatory and Compliance-Driven Training</i> | 276 |
| Evaluating Technical Training | 278 |
| <i>Transfer of Training to the Job</i> | 278 |
| <i>Evaluation of Technical Training Programs</i> | 284 |
| Summary: Learning from Technical Experts | 288 |
| Glossary | 293 |
| References | 299 |
| About the Authors | 313 |
| Index | 315 |

LIST OF FIGURES, TABLES, SIDEBARS, AND CASE STUDIES

Figures

| | | |
|-------------|--|-----|
| Figure 1.1. | Training Categories | 26 |
| Figure 2.1. | Two Required Core Competencies | 55 |
| Figure 2.2. | Managerial Versus Technical Career Path Pyramids | 60 |
| Figure 4.1. | The Influence-Interest Grid | 114 |
| Figure 4.2. | Stakeholder Mapping Technique | 116 |
| Figure 5.1. | Training Business Model | 133 |
