Preface	xv
CHAPTER 1	
What Is Project Financing?	1
What is Project Financing?	1
A Historical Perspective	4
Requirements for Project Financing	6
Appropriateness of Project Financing	8
An Example	9
Conclusion	12
CHAPTER 2	
The Rationale for Project Financing	13
Prior Studies' Explanations	13
The Need for Contracts	14
The Advantages of Separate Incorporation	14
Countering the Underinvestment Problem	16
Reallocating Free Cash Flow	18
Reducing Asymmetric Information and Signaling Costs	19
More Efficient Structuring of Debt Contracts	21
More Effective Corporate Organization and Management Compensation	21
Project Financing Versus Direct Financing	22
Advantages of Project Financing	22
Disadvantages of Project Financing	29
Conclusion	30
CHAPTER 3	
What Is Special about Large Projects?	31
How Large Are "Large" Projects?	32
Length of Project Contracts	36
Initial Project Capital Structure	42

Why Studying Project Finance Is Useful	46
Why Study How Large Projects Are Financed?	50
Conclusion	52
CHAPTER 4	
Who Finances Large Projects?	53
Sources of Funds for Large Projects	53
Project Bonds' Default Risk	57
Lead Arrangers, Managing Underwriters, and Advisors	65
Conclusion	68
CHAPTER 5	
Analyzing Project Viability	70
Technical Feasibility	70
Economic Viability	72
Creditworthiness	74
Conclusion as to Viability	75
Assessing Project Risks	76
Completion Risk	76
Technological Risk	77
Raw Material Supply Risk	78
Economic Risk	78
Financial Risk	79
Currency Risk	81
Political Risk	82
Environmental Risk	84
Force Majeure Risk	84
Implications for Project Financing	85
The Cogeneration Project	85
Conclusion	87
CHAPTER 6	
Designing Security Arrangements	88
Purpose of Security Arrangements	89
Direct Security Interest in Project Facilities	90
Security Arrangements Covering Completion	91
Security Arrangements Covering Debt Service	92
Types of Purchase and Sale Contracts	93
Raw Material Supply Agreements	97

<i>Contents</i>	ix
Supplemental Credit Support	98
Insurance	99
The Cogeneration Project	100
Conclusion	102
CHAPTER 7	
Structuring the Project	103
Undivided Joint Interest	103
Corporation	111
Partnership	114
Limited Liability Company	118
The Cogeneration Project	119
Conclusion	121
CHAPTER 8	
Preparing the Project Financing Plan	122
General Considerations	122
Construction Financing	126
Long-Term Financing	127
Withholding Tax Considerations	129
Estimating the Borrowing Capacity of a Project	129
Loan Repayment Parameters	130
Borrowing Capacity, Assuming Full Drawdown	
Immediately Prior to Project Completion	130
Borrowing Capacity, Assuming Periodic Loan	
Drawdowns	134
Application to a Hypothetical High-Speed Rail Project	135
Annual Coverage Tests	138
Conclusion	139
CHAPTER 9	
Discounted Cash Flow Analysis	141
Incremental After-Tax Cash Flows	142
The Hurdle Rate	148
Estimating the Cost of Capital for a Project	153
Net Present Value Analysis	156
Internal Rate of Return Analysis	157
Comparing IRR and NPV Analyses	159
Conclusion	163

CHAPTER 10	
Financial Modeling and Project Evaluation	164
Preparing Cash Flow Projections	164
Preparing Projected Financial Statements	171
Evaluating a Project's Debt Capacity	173
Measuring Expected Rates of Return	175
Sensitivity Analysis	182
Conclusion	184
CHAPTER 11	
Using Real-Options Analysis to Evaluate a Project	186
Description of the Oil Field Project	186
Project's Real Options	187
Evaluating the Project	190
Traditional DCF Analysis	205
Sensitivity of Option Value to Oil Price Volatility and to Reserve Dispersion	206
Conclusion	208
CHAPTER 12	
Sources of Project Funds	209
Equity	210
Long-Term Debt Market	213
Commercial Bank Loans	214
Fixed-Rate Debt Market	219
International Capital Market	227
Supplier Credits	231
Governmental Assistance	231
World Bank Loans	236
Inter-American Development Bank	237
Local Sources of Capital	237
Conclusion	238
CHAPTER 13	
Managing Project Risks	240
Interest-Rate Swaps	240
Credit Default Swaps	245
Options	251
Forwards and Futures	257

<i>Contents</i>	xi
Hedging	260
Hedging with Options	262
Hedging Foreign Exchange Risk	265
Conclusion	272
CHAPTER 14	
Issues for the Host Government	273
Contribution to the Host Jurisdiction's Economic Development	273
Host Jurisdiction's Expected Economic Return	274
Impact on the Availability of Hard Currency	275
Exposure of the Host Government to the Project's Obligation to Repay Project Debt	276
Desirability of Precedents	277
Hibernia Oil Field Project	277
Public-Private Infrastructure Partnerships	278
Public-Private Financing Structures	280
Legislative Provisions that Can Affect Public-Private Partnerships	283
Conclusion	287
CHAPTER 15	
Case Study: The Indiantown Cogeneration Project	288
Project Description	288
The Partnership and the Sponsors of the Project	293
Principal Project Contracts	296
Projected Operating Results	302
Project Financing	306
Conclusion	318
CHAPTER 16	
Case Study: The Tribasa Toll Road Project	319
The Mexican Government's Toll Road Program	319
Infrastructure Financing Alternatives	321
Risk Considerations in Foreign Infrastructure Projects	321
Tribasa Toll Road Trust 1 Financing	324
Credit Analysis	329
Risk Minimization Features	333
Conclusion	337

CHAPTER 17**Case Study: The Euro Disneyland Project 338**

Introduction	338
Project Description	339
Disney	340
Project Ownership Structure	340
Master Agreement with the French Government	344
Project Financing	346
Interests of the Participants in the Project	349
Financial Projections	355
Valuation	355
Corporate Governance Issues	364
Operating Results	364
Subsequent Developments	366
Conclusion	367

CHAPTER 18**Case Study: The Eurotunnel Project 368**

Historical Background	369
The Eurotunnel System	370
Project Ownership Structure	371
Construction	372
Project Financing	373
Economic Risk	375
Projected Financial Results	380
Project Debt Financing	382
Project Equity Financing	387
Sensitivity Analysis	390
Subsequent Developments	391
Conclusion	392

CHAPTER 19**Conclusion 394**

Reaping the Benefits of Project Financing	394
Recognizing When Project Financing can be Beneficial	396
Potential Future Applications of Project Financing	397
Organizational (Re)form	398
Financial Engineering	398

<i>Contents</i>	xiii
APPENDIX A	
Comparative Terms of Selected Projects	401
APPENDIX B	
Other Examples of Project Financings	413
APPENDIX C	
Legal Investment Requirements Governing New York Life Insurance Companies	427
Bibliography	433
Useful Web Sites	441
Notes	443
Index	459
