<b>Acknowledgments</b>	<b>xxxv</b>
<b>PART ONE</b>	
<b>First Steps</b>	<b>1</b>
<b>CHAPTER 1</b>	
<b>Introduction</b>	<b>5</b>
Overview	5
Why Was This Book Written?	5
Who Is the Target Audience?	9
What Is the Purpose of the Book?	10
Expanding Your Software Skills	10
Expanding Your Model Design Skills	12
Expanding Your Finance Knowledge	12
Organized to Teach	14
Chapter Organization	15
Accompanying Web Site	17
Learning the “Hard” Way	18
Note	19
<b>CHAPTER 2</b>	
<b>The Existing Model</b>	<b>21</b>
Overview	21
Deliverables	22
Under Construction	23
Crisis du Jour	23
Overview of the Current Model	24

Current Model Environment	51
On the Web Site	51
<b>CHAPTER 3</b>	
<b>Conventions and Advice</b>	<b>55</b>
Overview	55
Deliverables	56
VBA Conventions	56
Common Sense	70
On the Web Site	72
<b>CHAPTER 4</b>	
<b>Segregation of the Existing Model's Functionality</b>	<b>73</b>
Overview	73
Deliverables	73
Under Construction	73
Deliverables Checklist	74
Breaking Up Is Hard to Do	74
Accommodating Our Design Needs	76
Advantages of Functional Segregation	76
Disadvantages of Functional Segregation	79
On the Web Site	80
<b>CHAPTER 5</b>	
<b>Creating the Base Asset Model</b>	<b>81</b>
Overview	81
Deliverables	81
Under Construction	82
The Big Picture: "Just the Assets, Ma'am"	82
Stepping through the Model	84
Testing the Completed Base Asset Model	119
On the Web Site	121
<b>CHAPTER 6</b>	
<b>Building the Base Liabilities Model</b>	<b>123</b>
Overview	123
Deliverables	123
Under Construction	124
Liabilities Side of the Model	125
What to Leave In	126
Stepping through the Model	126
Reading the Cash Flows and Assumptions from a File	151
Testing the Completed Base Liabilities Model	162
On the Web Site	164
<b>CHAPTER 7</b>	
<b>Establishing the Model Environment</b>	<b>167</b>
Overview	167
Deliverables	168

Under Construction	168
Importance of a Standardized Directory Structure	168
Creating Directories and Defining Their Functions	168
Operating Directories	170
Administrative Directories	175
Creating New Directories for the Model as We Need Them	176
On the Web Site	177

## PART TWO

### Building the New Assets Model 179

#### CHAPTER 8

##### Designing the New Collateral Cash Flow Generator 181

Overview	181
Deliverables	183
Under Construction	183
Improving the CCFG Menus: Conversion to UserForms	183
Improving the CCFG Data-Handling Capabilities	199
Improving the CCFG Collateral Selection Process	209
Improving the CCFG Cash Flow Generation Process	212
Improving the CCFG Report Generation Process	215
Improving the CCFG Messaging Process	220
On the Web Site	220

#### CHAPTER 9

##### Writing the CCFG Menus and Data Sheets 221

Overview	221
Deliverables	221
Under Construction	222
Menus and UserForms	222
Menus of the CCFG	241
Main Menu	242
Run Options Menu	243
Collateral Pool Menu	255
Collateral Geographic Selection Criteria Menu	259
Financial Selection Criteria Menu	288
Cash Flow Amortization Parameters Menu	299
Collateral Reports Menu	303
On the Web Site	316

#### CHAPTER 10

##### Writing the Collateral Data Handling Code 317

Overview	317
Deliverables	318
Under Construction	318
Managing Multiple Portfolio Files	320

Initial Data Screening	335
Writing the Screening Process VBA Code	343
Writing the Initial Data Screening Reports	351
Writing the Demographic Methodology Risk Reports	360
Building a Representative Line Generator Program	365
Building the Rep Line Generator Program	369
On the Web Site	387

## **CHAPTER 11**

### **Writing the Collateral Selection Code**

**389**

Overview	389
Deliverables	390
Under Construction	390
Building the Code	391
Financial and Demographic Selection Code	392
Financial Collateral Selection Process Reporting	398
Geographic Selection Code	416
Geographic Concentration Code	419
Introduction to Geographic Reporting	433
On the Web Site	458

## **CHAPTER 12**

### **Writing the Collateral Cash Flow Amortization Code**

**459**

Overview	459
Deliverables	459
Under Construction	460
Quick Review of Existing CF Generation Code	461
Adding New Mortgage Types	462
New Prepayment and Default Methodologies	473
Uniform Methodology	474
Geographic Methodology	478
Demographic Methodology	493
Reporting the Results of the Cash Flow Calculations	503
Writing the Assumptions Report Package	511
On the Web Site	518

## **CHAPTER 13**

### **Writing the CCFG Reporting Capability**

**519**

Overview	519
Deliverables	520
Under Construction	520
Recapping the CCFG Report Package	521
CCFG Activities and Reports	522
Eligible Collateral Assessment Process	524
Geographic/Demographic Reports	555
Presentation Reports	560
On the Web Site	581

## PART THREE

### **Building the New Liabilities Model 583**

#### **CHAPTER 14**

#### **Designing the Liabilities Waterfall Model 585**

Overview	585
Deliverables	585
Under Construction	585
Structure of the Deal: Sources and Uses of Funds	586
Design Elements of the LWM	589
Main Menu	590
Report Package Menu UserForm	590
Structure Inputs Menu	591
Liabilities Waterfall Worksheet	592
Performance Summary Page	600
VBA Code Modules	600
Report Template Files	604
On the Web Site	616

#### **CHAPTER 15**

#### **Writing the Liabilities Waterfall Model Spreadsheet 617**

Overview	617
Deliverables	617
Under Construction	618
Deal Structure Inputs	618
Building the Liabilities Waterfall Model	623
Period Factors Worksheet	650
Total Cash Flows Section	651
Results Page Worksheet	651
On the Web Site	657

#### **CHAPTER 16**

#### **Writing the LWM VBA Code 659**

Overview	659
Deliverables	660
Under Construction	660
VBA Requirements of the LWM	665
Menus of the LWM	666
Main Program	679
Error Checking the Main Menu Inputs	681
Importing the Liability Structure Inputs	682
Importing the Cash Flows of the CCFG	686
Loading and Running the LWM	693
Reporting the Results	696
Other Functionality	718
On the Web Site	719

## **PART FOUR**

### **Access, PowerPoint, and Outlook 721**

#### **CHAPTER 17**

##### **Access: An Introduction 723**

Overview	723
Deliverables	724
Under Construction	724
Basics of Access	724
Opening Access and Creating a Database	726
Access Tables	728
Getting the Data In: Entering Data	731
Getting the Data Back Out: Queries	740
Basics of Structured Query Language	754
Concluding Remarks	762
On the Web Site	762

#### **CHAPTER 18**

##### **Implementing Access in the CCFG and LWM 763**

Overview	763
Deliverables	764
Under Construction	764
Access and the Collateral Cash Flow Generator	766
Collateral Portfolio Data	767
Geographic Selection Criteria	781
Geographic Concentration Criteria	794
Initial Data Screening Criteria	796
Custom Financial Selection Criteria	805
Run Options Elections	815
Generating the Loan Portfolio	818
Monthly Cash Flows Scenarios	822
Access in CCFG Reporting	825
Access and the Liabilities Waterfall Model	827
Connecting the LWM to the CCFG	827
Structure Worksheet Objects	828
Retrieving the Monthly Cash Flow Scenarios	831
Storing LWM Run Results in the Database	832
Concluding Remarks	843
On the Web Site	843

#### **CHAPTER 19**

##### **Implementing PowerPoint and Outlook in the CCFG 845**

Overview	845
Deliverables	845
Under Construction	846
Using PowerPoint in the CCFG	846
Data Requirements	851

*Contents*

**xiii**

Adding a New Class of Reports	856
Introduction to PowerPoint in VBA	860
Preparing the Data for Use	867
First Time Homeowners Slide	869
Creating the Null Report	874
MS Outlook	876
On the Web Site	882

**PART FIVE**

<b>Running the CCFG and the LWM</b>	<b>885</b>
-------------------------------------	------------

**CHAPTER 20**

<b>Running the Models</b>	<b>887</b>
Overview	887
Deliverables	887
Under Construction	888
Running the CCFG, Analyzing the Asset Side of the Deal	888
Liabilities Side of the Deal	923
Preparing a PowerPoint Presentation about Geographic Concentration	933
On the Web Site	935

<b>Afterword</b>	<b>941</b>
