

Contents

Introduction	ix
1. The Training Plan	1
1. Why You Need a Plan	4
2. Planning Instructional Programs	5
3. What to Consider When Using ADDIE	9
What's Next?	14
2. Analyzing the Situation	17
1. What's a Needs Assessment?	19
2. Gathering Information	25
3. Analyzing the Information	36
4. Consider the Stakeholders	42
5. Consider the Learners	44
6. Identifying Constraints and Other Factors That Impact the Training Program Design	49
7. Determine Who Should Be Involved in Designing the Training Program	51
8. Design It or Buy It?	52
What's Next?	60
3. Writing Learning Objectives	69
1. Why Learning Objectives Matter	71
2. What a Learning Objective Should Be	73
3. What Makes a Learning Objective Useful?	79
4. How to Develop Learning Objectives	83
5. Enabling Objectives	87
What's Next?	91
4. Choosing the Delivery Method	101
1. Overview of Training Delivery Methods	103
2. Characteristics of Common Delivery Methods	106

3. How to Choose a Delivery Method	114
What's Next?	120
5. Identifying Content	127
1. A Learner-Centered Approach to Content	129
2. Nice-to-Know vs. Must-Know Content	131
3. How to Identify Content	132
What's Next?	143
6. Planning the Learning Activities	149
1. What to Consider About Activities	152
2. Components of an Experiential Learning Activity	159
3. Types of Activities	164
What's Next?	178
7. Structuring a Training Program	183
1. What's Involved in Structuring a Training Program	185
2. Determining the Sequence	186
3. Planning the Opening and the Closing	189
4. Checking the Timing	191
5. Identifying Visuals, Media, and Training Aids	195
6. Preparing a Preliminary Agenda	200
What's Next?	204
8. Developing Materials and Validating the Program	209
1. Using a Training Materials Work Plan	211
2. Developing Participant Materials	213
3. Developing Trainer Materials	216
4. Developing the Slides	223
5. Identifying Materials for Activities	225
6. Validating the Training Program	225
What's Next?	230
9. Evaluating the Results	237
1. The Function of Evaluation	239
2. Questions an Evaluation Needs to Answer	240
3. How to Conduct an Evaluation	241
What's Next?	253

10. Designing Distance Learning Programs	261
1. Overview of Distance Learning Programs	263
2. Deciding When and How to Use Distance Learning	266
3. Design Principles for Virtual and Remote Training Programs	269
Resources	277
About the Author	281
Index	283
