	Size of the Global Hedge Fund Industry	25
	Fund-of-Funds	28
	Incentives of the Hedge Fund Manager and Investors	30
	Valuation of a Hedge Fund Management Company	31
	Economies of Scale in Hedge Funds	33
<b>CHAPTER 2</b>	The Structure of Hedge Funds	35
	Organizing a Typical Offshore Hedge Fund	35
	Master-Feeder Structuring of Onshore/Offshore Arms:	
	Organizing a Hedge Fund for Clienteles	39
	U.S. Withholding Agent for U.S. Withholding Taxes on Foreign Investors	44
		vii

<b>CHAPTER 3</b>	Hedge Fund Fees	47
	Starting Point: The Partnership Agreement	47
	Fund Valuation at Discrete Opening Time Points	48
	Calculation of Fixed Fees	49
	Calculation of Performance Fees	55
	Claw-Back Provision: Performance Fee Returned to Limited Partners	66
	Representation of a Fund's Net Asset Value (NAV) per Share	71
	Black-Scholes Formula Valuation of Performance Fees	74
<b>CHAPTER 4</b>	Hedge Fund Accounting and Tax Filing	79
	Partnership Accounting for U.S. Funds	79
	IRS Tax Return Filings for U.S. Hedge Funds	80
	Financial Statements for Hedge Funds and Venture Funds	85
	Interim Valuation: The Core of a Hedge Fund's Accounting Operation	93
	Books of Account and Financial Statements for Hedge Funds	96
	Audit of an Offshore Fund	97
	Audit of a U.S. Fund	98
	Capital Account Audit for Both Offshore and U.S. Funds	99
<b>CHAPTER 5</b>	Partner Tax Allocations in U.S. Partnerships	101
	U.S. Tax Allocation Rules Governing U.S. Partnerships	101
	Tax Components of U.S. Investment Partnership Income	103
	Fixed Fees: Income to the General Partner and Expense to the Limited Partners	107
	Generalizing the Allocation Formula to Other Components of Income	108
	Tax Basis of Partner's Investment in a U.S. Partnership	109
	Accountants' Terminology	113
	Tax Allocations of Realized and Unrealized Income to Partners	113
	The Tax Allocation Method of Layering	115
	Tax Allocation of Interest	118

	Tax-Exempt Interest Income, Line 18a	120
	Similar Calculation for Tax Allocation of Dividends, Investment Expense, Foreign Tax Paid	121
	Tax Allocation of Fixed Fees Paid by Limited Partners	121
	Tax Allocation of Guaranteed Payments (of Fixed Fees) to the General Partner	122
	Reporting Subcomponents of Interest Income and Dividends	122
	Tax Consequences of Shorting	123
	Short Positions: Tax Treatment of Equity Dividends or Bond Coupons Claimed as Interest Expense	123
	Distributions from Partnerships Owned	124
<b>CHAPTER 6</b>	Tax Allocations of Realized Gains by Layering	127
	Tax Allocation of Unrealized and Realized Capital Gains Using the Method of Layering	127
	Ignoring Ambiguity #1 with Layering	132
	Work-Around to Fix Ambiguity #2, the Fatal Flaw with Layering	133
<b>CHAPTER 7</b>	Partial and Full Netting Methods	137
	The Methods of Aggregation or Netting	137
	Partial Netting	138
	Full Netting	141
	Measures of Book-Tax Disparity across Partners	142
	Formulating the Problem for Optimal Partner Tax Allocations under Full Netting	143
	Formulating the Problem for Optimal Partner Tax Allocations under Partial Netting	146
	Solving the Convex Optimization Problem of Tax Allocation	148
<b>CHAPTER 8</b>	Comparative Tax Consequences of Layering and Netting Methods	153
	Which Is the Better Method for Allocation of Realized Gains: Layering, Full Netting, or Partial Netting?	153
	Layering Examples Showing Earlier Tax Payment	154
	Full Netting Examples Showing Tax Postponement	158

<b>CHAPTER 9</b>	Tax Efficiency of Hedge Funds	161
	Tax Efficiency Considerations for Offshore Hedge Funds	161
	Tax Preference Ordering for U.S. Investors	163
	More Attractive Tax Items to U.S. Investors	167
	Less Attractive Tax Items to U.S. Investors	169
	An Exception: Special Tax Preference for Gains from U.S. Exchange-Traded Futures Contracts	170
	Ambiguities in Tax Preference	170
	Tax Efficiency Steps for U.S. Hedge Funds	170
	A Structure for Tax-Exempt U.S. Entities to Recover Foreign Taxes	173
<b>CHAPTER 10</b>	Hedge Fund Performance and Risk Presentation	175
	Performance Presentation: CFA Institute GIPS Verification	175
	Calculation of Hedge Fund Returns for Performance Presentation	179
	Facilitating Historical Risk and Return Review for Investors Using GIPS Guidelines	183
<b>CHAPTER 11</b>	Mutual Funds and Venture Funds Compared to Hedge Funds	191
	Tax Return Filing of U.S. Partnerships Is an Involved Task	191
	Comparison with Tax Allocations Made by Mutual Funds	191
	U.S. Venture Partnerships (Silicon Valley Venture Funds)	196
<b>CHAPTER 12</b>	Epilogue	203
	Economic Accounting Is a Common Denominator for U.S. and Offshore Funds	203
	Tax Return Filing of U.S. Partnerships Is an Involved Task	204
	Calculating Partner Allocations Is Most of a U.S. Partnership's Tax Accounting Effort	204
	Layering and Netting Methodologies for Tax Allocation of Capital Gains	205

Example of Tax Allocation of Capital Gains by Full and Partial Netting in a 100-Partner Setting	205
Tilting Tax Allocations According to Tax Preferences	206
The Crown Jewel: Automated Tax Allocation of All Items of Income	206
The End of an Era of Layering	207
<b>APPENDIX 1</b> Excerpts of Key U.S. Statutes Discussed in Chapter 1 That Govern U.S. and Offshore Hedge Funds Venture Funds	209
<b>APPENDIX 2</b> Methodology and Implementation Example of Full Netting	229
<b>APPENDIX 3</b> Methodology and Implementation Example of Partial Netting	253
<b>APPENDIX 4</b> Nonabusive Tilting of Tax Allocations According to Tax Preferences	259
<b>APPENDIX 5</b> Eliminating Layering Entirely, by Allocating Dividends, Interest, Capital Gains, and Expenses in One Step	267
<b>Index</b>	277
