

# Table of Contents

<b><i>Introduction</i></b> .....	<b>1</b>
About This Book .....	2
How to Use This Book .....	2
Three Presumptuous Assumptions .....	3
How This Book Is Organized .....	4
Part I: Getting Your Feet Wet .....	4
Part II: Getting Up to Speed with Linux .....	4
Part III: Getting Things Done .....	5
Part IV: Junior Administrator Boot Camp .....	5
Part V: The Part of Tens .....	5
Part VI: Appendixes .....	5
Icons Used in This Book .....	6
Where to Go from Here .....	6
<b><i>Part 1: Getting Your Feet Wet</i></b> .....	<b>7</b>
<b>Chapter 1: Getting Acquainted with Linux.</b> .....	<b>9</b>
Is Free Really Free? .....	9
Linux: Revolution or Just Another Operating System? .....	10
Anatomy of an Open-Source Software Project .....	13
GNU who? .....	13
Who's in charge of Linux anyway? .....	15
Einstein was a volunteer .....	15
Packaging Linux: The Distribution .....	16
Core Linux distributions .....	16
The Linux LiveCD .....	17
Specialized Linux distributions .....	19
<b>Chapter 2: Prepping Your Computer for Linux.</b> .....	<b>21</b>
Choosing the Right Installation Approach .....	21
Replacing an existing operating system .....	22
Using a second hard drive or partitioning a hard drive .....	22
Other installing scenarios .....	23
Preparing to Use Linux and Microsoft Windows Together .....	24
Installing a second hard drive .....	24
Partitioning from scratch for a dual boot .....	26
Partitioning an existing hard drive for a dual boot .....	26
Double-Checking Hardware Compatibility .....	34
Finally, Before You Get Started .....	38

<b>Chapter 3: Installing Linux</b> .....	<b>41</b>
Things to Consider Before You Begin Installation .....	42
Installing from an Ubuntu LiveCD .....	43
Installing Fedora .....	54
Your First Fedora Boot .....	62
<b>Chapter 4: Examining the GNOME Desktop</b> .....	<b>65</b>
Breaking Down the GNOME Desktop .....	65
The menus .....	67
Playing with GNOME desktop icons .....	73
Customizing Your Panels .....	74
Adding an applet to the panel .....	75
Configuring an applet .....	75
Ditching an applet .....	76
Adding a program to the panel or the desktop .....	76
Removing a program from the desktop or the panel .....	77
Configuring Your Desktop Appearance .....	78
The desktop theme .....	79
The background .....	82
Fonts .....	83
Interface .....	84
Visual Effects .....	84
Enabling Accessibility Features .....	85
<b>Chapter 5: Examining the KDE Desktop</b> .....	<b>87</b>
The KDE Desktop Basics .....	87
Menu, please! .....	89
The panel .....	92
The desktop .....	94
Using Widgets .....	95
Adding widgets .....	95
Getting more widgets .....	98
Adjusting the Desktop Settings .....	99
Look & Feel .....	100
Personal .....	101
Network & Connectivity .....	102
Computer Administration .....	102
<b>Part II: Getting Up to Speed with Linux</b> .....	<b>105</b>
<b>Chapter 6: Getting to Know the Linux Filesystem</b> .....	<b>107</b>
Putting Together the Pieces of the Puzzle .....	107
Touring the Linux Filesystem .....	108
The root of the tree .....	108
The importance of being /etc .....	110

Where temporary media lives ..... 110  
 Where the computer is the /usr ..... 111  
 Managing Your Filesystem without a Net (Or Mouse)..... 111  
 Viewing information about files on the command line ..... 112  
 Understanding file listing information ..... 114  
 A permissions primer ..... 115

**Chapter 7: Using the Filesystem ..... 119**

Choosing a File Manager ..... 119  
 Sailin' through Folders with Nautilus..... 120  
 Setting how much detail you see in a folder ..... 122  
 Creating files and folders ..... 123  
 Opening files and running programs ..... 124  
 Copying and moving files ..... 125  
 Deleting files and folders ..... 126  
 Taking out the trash ..... 126  
 Viewing and changing permissions ..... 127  
 Swimming with Dolphin ..... 128  
 All Hail the Konqueror ..... 130  
 Using CDs and Other Removable Media ..... 132  
 CDs, DVDs, and USB flash drives ..... 132  
 Floppy drives ..... 133  
 Accessing Windows Drives on This Computer ..... 133  
 Accessing Network Drives ..... 134  
 Burning Data CDs and DVDs ..... 135  
 The K3b package ..... 135  
 Our friend, Nautilus ..... 137  
 Brasero ..... 138  
 Finding Things ..... 139  
 KFind ..... 139  
 File Searcher ..... 140

**Chapter 8: Connecting to the Internet. .... 141**

Getting Information You Need from Your ISP ..... 141  
 Configuring Your Connection ..... 142  
 Dialin' out ..... 143  
 Network Manager ..... 147  
 It's All Fun and Games Until Something Doesn't Work ..... 152

**Part III: Getting Things Done ..... 155**

**Chapter 9: Using the Internet ..... 157**

Browsing the Web with Firefox ..... 157  
 Configuring Firefox ..... 158  
 Expanding your universe with add-ons ..... 164  
 Surfing the Web ..... 165

Taking Advantage of Instant Messaging .....	167
Using the Pidgin Instant Messenger .....	167
Checkin' out Kopete .....	170
Troubleshooting your IM connections .....	172
Downloading with BitTorrent .....	173
Dealing with Old-Fashioned File Transfers.....	175
Talkin' on the Phone .....	177
Using the default: Ekiga.....	177
Talking with Skype.....	179
Working with Other Internet Tools .....	181
<b>Chapter 10: E-Mailing the World .....</b>	<b>183</b>
Looking Before You Leap.....	183
Evolving into E-Mail: Evolution .....	184
Setting up Evolution .....	185
Sending and checking e-mail .....	190
Working with KMail .....	193
Setting up KMail .....	193
Customizing KMail .....	196
Eating spam .....	199
<b>Chapter 11: Putting the X in Text .....</b>	<b>201</b>
Going with gedit.....	201
Entering and editing text in gedit .....	202
Saving your work.....	202
Setting preferences.....	203
Editing Text in the KDE Desktop: KWrite .....	207
<b>Chapter 12: Word Processing and More with OpenOffice.org ....</b>	<b>213</b>
Installing the OpenOffice.org Suite.....	214
Word Processing with OpenOffice.Org Writer.....	215
Taking a tour of OpenOffice.org Writer .....	215
Working with Writer files .....	218
Spreadsheets with OpenOffice.Org Calc.....	219
Taking a tour of OpenOffice.org Calc .....	220
Working with Calc files.....	223
Presentations with OpenOffice.Org Impress.....	224
Using the Presentation Wizard.....	224
Taking a tour of OpenOffice.org Impress.....	227
Working with Impress files .....	230
Fine Art with OpenOffice.Org Draw.....	231
Taking a tour of OpenOffice.org Draw.....	231
Working with Draw files .....	234
Managing Data with OpenOffice.org Base .....	235
Getting help from the wizard.....	235
Taking a tour of OpenOffice.org base.....	238
Sitting down at the table.....	239

Layout with OpenOffice.Org Math.....	241
Menu bar .....	243
Standard toolbar .....	243
Commands window .....	244
<b>Chapter 13: Messing with Audio .....</b>	<b>249</b>
What Sound? I Don't Hear a Thing!.....	249
Listening to CDs.....	253
Rhythmbox .....	253
KsCD .....	255
Listening to Downloaded Music .....	255
Amarok .....	256
Rhythmbox revisited .....	259
Ripping Music Tracks from CDs .....	260
Burning Audio CDs and DVDs .....	262
<b>Chapter 14: Messing with Video and Graphics .....</b>	<b>265</b>
Watchin' Those Silly Web Clips .....	265
Checking your plugins.....	266
Adding a plugin .....	268
Getting even more video support.....	269
Viewing Movie Files with Totem.....	271
Watchin' DVDs .....	274
Creating and Modifying Graphics.....	274
The GIMP basic tools.....	275
Capturing screenshots.....	277
Editing an image file.....	278
Using The GIMP scripts.....	280
Playing 3-D Games .....	282
<b>Chapter 15: Playing with Google Gadgets .....</b>	<b>285</b>
Finding Google Gadgets with gOS.....	286
Installing Gadgets in Other Distributions.....	286
Installing the Gadget package with Fedora.....	287
Gadgets for all .....	287
Using Gadgets .....	289
The default gOS Gadgets.....	290
Customizing Gadgets.....	290
Adding more Gadgets .....	292
Using Google Apps .....	293
<b>Part IV: Junior Administrator Boot Camp.....</b>	<b>295</b>
<b>Chapter 16: Adding Software to Linux .....</b>	<b>297</b>
Opening Downloaded Files.....	297
Compressing and Packaging Files to Share.....	299

- Keeping Linux Up to (Up)date ..... 300
  - Updating Fedora with PackageKit..... 301
  - Updating Ubuntu with Synaptic ..... 304
- Installing New Software ..... 305
  - Adding complete applications ..... 306
  - Adding individual packages..... 308
- Finding More Software ..... 310
- Upgrading Your OS..... 312

**Chapter 17: Working without the GUI. . . . . 313**

- Playing the Shell Game..... 314
  - Getting a shell..... 314
  - Using the shell prompt..... 316
  - Opening a virtual terminal window ..... 316
- Understanding bash Command Syntax and Structure..... 317
- Starting Programs from the Shell ..... 319
- Putting Wildcard Expansion to Good Use ..... 320
- Working with Long Commands..... 320
  - Asking Linux to complete a command or filename for you..... 320
  - Accessing your command history ..... 321
- Working with Variables..... 322
  - Variables versus environment variables ..... 322
  - Checking out commonly used environment variables..... 323
  - Storing and retrieving variables' values ..... 324
- Using Redirection and Pipes ..... 327
  - Redirecting command output ..... 327
  - Laying pipes..... 328
- Using Help..... 329
- Clearing the Screen ..... 329

**Chapter 18: Basic System Administration . . . . . 331**

- Managing Users and Groups ..... 332
  - Adding new users..... 334
  - Modifying existing users ..... 335
  - Deleting a user account..... 337
  - Adding new groups..... 337
  - Modifying groups ..... 338
- Setting Up Printers ..... 339
  - Printer server settings..... 341
  - Adding a new printer..... 342
  - Modifying printer properties..... 344
- Checking Out the System Monitor ..... 349
  - Processes ..... 349
  - Resources ..... 351
  - File Systems ..... 352

**Chapter 19: A Secure Linux Box Is a Happy Linux Box . . . . . 353**

Updating Your Software.....	353
Keeping Your Network Secure.....	354
Controlling your services .....	354
Controlling and adjusting your firewall .....	357
Keeping an Eye on Your Log Files with the System Log Viewer.....	360

**Chapter 20: The Virtual World . . . . . 363**

Understanding What Virtual Servers Are .....	363
Installing VirtualBox.....	364
Creating a Virtual Server .....	367
Setting Up Your Virtual Server.....	370
Changing settings.....	370
Loading an OS.....	373
Working with the Sandbox .....	375
The Machine menu .....	376
The Devices menu.....	378

**Part V: The Part of Tens..... 379****Chapter 21: Ten Steps to Setting Up a Samba Server . . . . . 381**

Dancing the Samba.....	381
Step 1: Plan a Sharing Policy .....	382
Step 2: Create Linux Groups.....	383
Step 3: Create Folders to Share.....	384
Step 4: Set Advanced Folder Permissions .....	385
Step 5: Install and Start Samba .....	386
Step 6: Configure Samba .....	389
Step 7: Create Linux User Accounts .....	390
Step 8: Create Samba User Accounts .....	392
Step 9: Create Shared Folders in Samba .....	394
Step 10: Map to Shared Folders .....	395
Troubleshooting .....	396

**Chapter 22: Ten Troubleshooting Tips . . . . . 397**

Tip #1: “The Linux Installer Froze” .....	398
Tip #2: Checking Your Distribution Burns .....	399
Tip #3: “I Told the Installer to Test My Graphics, and They Failed” .....	400
Tip #4: “The Installer Tested My Graphics Fine, but My GUI Won’t Start” .....	401
Tip #5: “I Think I’m in Linux, but I Don’t Know What to Do!” .....	401
Tip #6: “I Don’t Want to Boot into This!” .....	402
Tip #7: Changing Your Boot Environment “Permanently” .....	403

Tip #8: “I Want to Change Screen Resolutions” .....	404
Tip #9: “My GUI Is Hung, and I’m Stuck!” .....	405
Tip #10: “Help, My Machine Hangs During Boot!” .....	405
“Aaargh! I Forgot My Root Password! What Do I Do?” .....	406
<b>Part VI: Appendixes</b> .....	<b>407</b>
<b>Appendix A: Common Linux Commands</b> .....	<b>409</b>
Linux Commands by Function .....	409
Getting help .....	410
Archiving and compressing.....	410
Built-in bash commands .....	411
Files and the Filesystem.....	412
File organization.....	412
File attributes .....	413
File locators .....	413
File viewers.....	414
Filesystem commands.....	414
mtools.....	415
System Control.....	416
Administration .....	416
Kernel-module handling.....	417
Processes .....	417
<b>Appendix B: About the DVD</b> .....	<b>419</b>
System Requirements .....	420
Using the DVD-ROM.....	421
If You’ve Got Problems (Of the DVD-ROM Kind).....	422
<b>Index</b> .....	<b>423</b>
