Preface	xxv
Acknowledgments	xxix
CHAPTER 1	
Risk Consultancy and Security Management	1
Project Planning	3
Balancing Service Delivery	5
Company and Vendor Relationships	8
Client Meeting	9
Project Planning	9
Threat Prediction	9
Misinformation	10
Consultants' Objectives	10
Consultant Skill Areas	11
Principal Consultant Errors	12
CHAPTER 2	
Initiating New Contracts	19
Business Cycle	20
Repeat Business	21
Business Pipelines	21
Proposals	22
Proposal Concepts	24
Win and Do	24
Win Themes and Innovations	25
Asking Questions	25
Time Frames and Goals	26
Identifying Tasks	26
Client References	26
Pricing Foundations	27
Tailored Solutions	28
Boilerplates	28
Linking Elements	28
Proposal Limitations	29

Personnel Selection	29
Resumes	29
Use of Subcontractors and Their Strengths	29
Past Performance	30
Use of Language	30
Visuals and Tables	30
Statistics	30
Answering the Question versus Innovations	31
Price versus Quality	31
How to Save the Client Money	33
Disguising Costs	33
Packaging of Proposals	34
Use of Graphic Artists	34
Technical Experts	34
Modifying the Request for Proposal	34
Bid or No Bid	34
Proposal Process	35
Analyzing the Request for Proposal	36
Statement of Work	37
Instructions	37
Evaluation Factors	37
Analytical Considerations	37
Defining the Service	37
Vendor Self-Analysis	40
Lateral Thinking	41
Compliance Matrix	41
Proposal Schedule Plan	43
Proposal	43
Structure	44
Evaluating the Proposal	52
Proposal Production	53
Basic Ordering Agreements	54
CHAPTER 3	
Service Delivery and Quality Assurance	55
Common Vendor and Company Failings	55
Not Understanding the Client	56
Invoicing	56
Human Dynamics	57
Poor Administration	57
Appropriate Levels of Support	57
Changing Service Parameters	58
Knowledge of Limitations	58
Operating Parameters	58
Understanding the Activity	59
Service Delivery Support	60

Managing Service Delivery	62
Problem Solving	64
Threat Perceptions	64
Project Methodology	66
Financial Tracking	66
Procurement	67
Insurance	68
Operating Licenses	68
Labor Service Tracking	69
Technical Directions	69
Understanding the Requirement	70
Quality Assurance Plans	72
Management Responsibilities	73
Quality Management Systems	73
Resource Management	74
Professional Standards	76
Company Training	76
Product Realization	77
Representing Quality Assurance	77
Reports and Returns	77
Weekly Report	80
Security Modification Reports	81
Contract Scope and Technical Change Reports	83
Specific Task Risk Assessment	83
Historical Risk Tracker	84
Intelligence Report	84
Threat Assessment Report	84
Program Overview Report	86
Contract Status Report	87
Management Handover Reports	87
Official Security Documents	88
Serious Incident Report	88
Crisis Response Guidelines	88
Warden Return	88
Travel Return	89
Contract Manning Table	90
Serious Incident Database	90
Management Systems	91
Standardization of Documents	91
Titling Documents	92
Managing Information	92
Forward Planning	93
Custodian of Data and Information Flow	93
Structuring of a Database	93
Archiving	94
Actions on Complaints	96

Securing Data	96
Management Considerations	96
Technical Expertise	97
Calculations	97
Presentations and Visuals	97
Compressing Files	97
Coordination with External Agencies	97
Expatriate Government and Diplomatic Support	98
Local Government Coordination	99
Local Community Liaison Plan	100
Other Ventures	101
Media Management	101
Personnel and Training	101
Training and Performance Record Database	102
Training Budgets	103
Resource Expenditures	103
Train the Trainer	103
Contract Management	104
Contract Modifications	104
Basic Ordering Agreements	104
Rough Order of Magnitude	104
Notice to Proceed	105
Work Release Authority	105
CHAPTER 4	
Threat Evaluation and Risk Management	107
Risk Areas	109
Risk Management Plans	110
Implementing the Risk Management Plan	113
Mission Statement	114
Policy Documents	115
Training Requirements	115
Human Resources	115
Resource Planning	116
Cost Justification	116
Risk Assessment	117
Generic Risks	118
Assessment	119
Establishing the Risk Picture	121
Determining Risk Probability	122
Risk Calculations	124
Historical Risk Tracking	125
Impact Assessments	125
Risk Estimations	126
Risk Management Funding	128
Risk Levels	128

Changing Tolerances	129
Presenting Risk	129
Visual Representations	130
Security Documents	130
Contingency Planning	131
Contingency Plan	131
Information Security	136
Physical Security Measures	137
Regular Security Checks	138
Vulnerable Materials	138
Supporting Relationships	138
Crisis Management Element	139
Corporate Image and Public Confidence	139
Understanding Different Focus Levels	140
Crisis Management	140
Crisis Management Flows	141
Trigger Points and Decision Matrixes	142
Information Flow	142
Incident Response versus Crisis Management	143
Crisis Event Management Tiers	144
Crisis Management Team Levels and Structures	145
Corporate Crisis Response Team	145
Country Crisis Response Team	146
Program Crisis Response Team	146
Crisis Management Team Structure	147
Crisis Management Team Commander	147
Administration Manager	148
Intelligence or Information Officer	148
Physical and Risk Security Manager	148
Technical Security Manager	148
Liaison Officer	148
Crisis Communications Manager	149
Public Relations Officer	149
Legal Counsel	149
Stress Trauma Advisor	149
Reception Team Manager	150
Finance Officer	150
Incident Response Teams	150
Crisis Management Tools	150
Information Cascade Systems	151
Report Templates	152
Dealing with External Groups	152
Reporting and Record Keeping	152
Types of Crisis Management Responses	154
Post-Incident Review	156
Monitoring the Risk Management Program	156

CHAPTER 5	
Scope of Risk	159
Nonphysical Threats	161
Commercial Espionage	161
Threats and Coercion	162
Information Technology	163
Reputational Damage	170
Liability Risks	170
Physical Risks	170
Improvised Explosive Devices	171
Unexploded Ordnance	174
Suspect Packages	174
Explosively Formed Projectiles and Penetrators	175
Indirect Fire Threats	176
Surface-to-Air Threats	178
Small Arms Fire	179
Complex Attacks	179
Kidnap and Ransom	180
Road Traffic Accidents	182
Domestic Terrorism	183
CHAPTER 6	
Consultancy Services	189
Due Diligence	189
Investigations	190
Forensics	190
Information Security	190
Screening	191
Security Management Design	191
Security Structural Design	191
Crisis Management	191
Governance and Development	192
Political Analysis	192
Security Consulting Services	192
Consultancy Work Flow	193
Task Objectives	193
Frameworking	193
Consistency	194
Innovations	194
Boilerplate	194
Meeting the Need	194
Benchmarking	195
Statistics	195
External Organizations	195
Representations	195

Recommendations	195
Rapid Assessment	196
Style	198
Service Expectations	198
Auditing Consultancy	198
CHAPTER 7	
Project Management	201
Project Failure	203
Project Life Cycle	204
Project Planning	206
Project Design	208
Project Start-Up	209
Idea	209
Project Mandate	209
Business Case	210
Project Approach	210
Project Initiation Plan	210
Work Packages	211
Project Design	211
Project Initiation	211
Change Management	212
Controlling a Stage	212
Closing a Project	213
Project Management Structures	213
Configuration Management	215
Product Assessment	215
Project Estimations	216
Complex Dependencies	216
Risk Logs	216
Data Management	218
Risk and Security Project Management	218
Intelligence-Driven Project Planning	219
Intelligence Limitations	222
Management Categories	224
Activity Management	225
Support Management	227
Project Controls	228
Project Integration	229
Service Delivery	229
CHAPTER 8	
Mobile Security Services	233
Understanding the Need	234
PSD Structuring	235

Security Profiles	236
PSD Tiering	236
Military versus Civilian Differences	238
PSD Security Elements	239
Management Principles	241
Scheduling, Work Process, and Outputs	243
Risk Sensitization	245
Task Planning Problems	245
Process Interfaces	245
Innovations	248
PSD Tactical Principles	248
Information Security	249
Standard Operating Procedures and Tactical Techniques and Procedures	250
Mobile Security Conduct	251
Planning and Response Considerations	252
PSD Personnel Selection	255
Nationalities	256
Training	257
Medical Provision	259
Vehicle Considerations	259
Convoys	260

CHAPTER 9**Facility Security Services****263**

Fixed Camps and Forward Operating Bases	264
Planning Approach	264
Facility Security	264
External Interfaces	265
Mobile Facility Security	265
Planning Approach	265
Facility Security	266
External Interfaces	267
Facility Security Management	268
Tactical Operations Center	268
Relief in Place	273
Security Considerations	276
Layering Security	281
Outer Perimeter Security Layer	282
Site Perimeter Layer	283
Safe Haven(s)	283
Physical Security Structures	283
T-Walls	283
Hesco-Bastion Barriers	284
Earth Berms	284
Chain-Link Fences	285

Razor-Wire Fence	285
Entry Control Points	285
Security Gates	286
Door Strengthening	287
Blast-Resistant Windows	287
Blast Film	287
Safe Havens	287
Overhead Protection	288
Security Surveillance and Lighting	289
Intruder Detection Systems	289
External Lighting	290
Security Patrols	291
Towers	291
Conventional Security Policies	291
Lock-and-Key Security	292
Sensitive Data	292
Power Sources	292
Parking	292
Warden System	293
Evacuation Planning	293

CHAPTER 10**Evacuation Planning****295**

Evacuation Principles	296
Evacuation Plan Elements	297
Resourced	297
Understood	297
Scalable	298
Flexible	298
Rehearsed	298
Coordinated	298
Evacuation Management	298
Information Management Plan	300
Strategic Mapping	301
Destruction Plan	302
Process Planning	302
Preparation	302
Evacuation Triggers	305
Progressive Deterioration	305
Rapid Deterioration	305
Alert States	306
Different Alert States	306
Evacuation Plan Components	306
Accountability	309
Recovery Management	310

CHAPTER 11	
Disaster Response Management	313
Humanitarian Operating Environment	314
Working with Governments	314
Working with Local Communities	314
Management Preparation	315
Principles of Disaster Response	316
Planning	316
Stages of Disasters	317
Acute Phase	318
Immediate Post-Disaster Period	318
Intermediate Phase	318
Late Phase	318
Disaster Management	319
Preparedness Plans	320
Risk Analysis Network	320
Contingency Planning	320
Equipment and Assets	321
Crisis Response Team	321
Mobilization	322
Security and Risk Plan Development	322
Project-Limiting Factors	324
Advance Management Teams	324
Resource Capacity	326
Predeployment Requirements	326
Sustainment and Demobilization	327
CHAPTER 12	
Security Documents and Exhibits	329
Consultancy Process	330
Stage 1: Direction	331
Stage 2: Intelligence Review	331
Stage 3: Threat Assessment	331
Stage 4: Security Survey	331
Stage 5: Operations Orders (Mobilization Plan)	331
Stage 6: Security Plan	331
Stage 7: Proposal	332
Stage 8: Security Services	332
Stage 9: Security Audits	332
Intelligence Reviews	332
Part 1: Executive Summary	333
Part 2: Intelligence Background	334
Part 3: Threat Factors	335
Part 4: Government and Foreign Organizations	336
Part 5: Conclusion and Recommendations	337

Threat Assessments	337
Part 1: Executive Summary	337
Part 2: Risk Picture	338
Part 3: Risk Probability	338
Part 4: Threat Types	339
Part 5: Risk Mitigations	339
Part 6: Impact Assessment	340
Part 7: Conclusion and Recommendations	341
Security Surveys	341
Part 1: Executive Summary	342
Part 2: Activity Requirements	342
Part 3: Site Description	343
Part 4: Supporting Agencies	343
Part 5: Threat and Mitigation Analysis	344
Part 6: Recommendations	344
Part 7: Administration and Logistics	345
Part 8: Conclusion	345
Part 9: Appendices	346
Operations Order or Mobilization Plans	346
Part 1: Executive Summary	347
Part 2: Ground	347
Part 3: Situation	347
Part 4: Mission	348
Part 5: Mobilization Execution	348
Part 6: Coordinating Instructions	348
Part 7: Administration and Logistics	348
Part 8: Command and Communications	349
Part 9: Demobilization	349
Security Plan	349
Part 1: Executive Summary	350
Part 2: Intelligence and Threat Review	350
Part 3: External Factors	351
Part 4: Integration Plan	351
Part 5: Management	352
Part 6: Instructions	353
Part 7: Quality Assurance Plan	353
Part 8: Conclusion	354
Part 9: Appendices	354
Security Audit	354
Part 1: Executive Summary	355
Part 2: Background	355
Part 3: The Audit	356
Part 4: Strengths	357
Part 5: Weaknesses	358
Part 6: Recommendations	358
Part 7: Conclusion	358

Incident Management Plans	358
Part 1: Incident Management Organizations	358
Part 2: Responsibilities and Functions	359
Part 3: Serious Incident Reporting	359
Part 4: Incident Management	359
Part 5: Supporting Materials	360

CHAPTER 13**Government versus Commercial Contracting 363**

Differences between U.S. Government and Commercial Contracts	363
Government Contracting	364
Market Size and Scope	364
U.S. Government Structure for Acquisition	365
Executive Branch	365
Legislative Branch	365
Judicial Branch	365
Acquisitions	366
Legal Framework for Acquisitions	366
Federal Source Selection	366
Fundamentals of the Acquisition Process	367
Determination of Need	367
Basic Elements of the Acquisition	368
Federal Acquisition Regulation System	369
Organization of the FAR	370
Agency Supplements	370
Rules Outside of the FAR	371
Contracting Authorities	371
Types of Contracting Officers	372
Contract Management	372
Procurement Method	372
Types of Procurement Method	373
Procurement Planning	373
Solicitations	374
Pricing Arrangements	374
Base Years and Options	375
RFP and the Uniform Contract Format	375
Government Negotiation Strategy	376
Key Parts of the RFP	376
Late Bids	378
Nonresponsive Bids	378
Sealed Bids	379
Responsible Bidders	379
Evaluation	379
Evaluating Team Structure	379
Past Performance	380
Competition Factors	381

Contract Award and Administration	381
Contract Award	381
Task Orders and Work Orders	382
Modifications	383
Invoicing	383
Failure to Perform	383
Stop-Work Orders	384
Notices	384
Descoping	384
U.S. Government–Furnished Property	384
Contract Closure	385
Subcontractors	385
Transportation and Travel	385
Audits	385
Types of Contract	386
Unsolicited Proposals	386
Contract Factors	388
Clauses	388
Standards of Conduct	389
