

## INDEX

### A

Accountability: needed for  
  innovation, 129–134; principle  
  on, 186; single-person, for each  
  system or process, 66–67, 71,  
  127–128; single-person, for  
  simplicity, 68–72. *See also*  
  Responsibility

Advanced Micro Devices, 172

Agilent Technologies, 104–106

Agnelli, Giovanni (founder of Fiat), 6

Agnelli, Giovanni (“Gianni”;  
  grandson of founder), 6

Agnelli, Umberto, 6

Alcatel-Lucent, 68–70

Amazon, 170

Amoco, 97

Apple, 41, 143

Arco, 97

AT&T, 32, 35

Avon, 73–74, 77

### B

Balance: between centralized and  
  distributed operations, 101–107;

  between process improvement  
  and innovation, 118–123

Baravelle, Antonio, 11

Barnes and Noble, 170

Bayer, 108–110, 112

Bell, Gordon, 48

Blanford, Larry, 180

Bosses, meddling, 71–72

Boyd, Steven, 120

Brabeck, Peter, 81–84

Breen, Ed, 135–136

British Petroleum (BP), 97–99

Browne, John, 97, 99

Bubley, Dean, 23

Buckley, George, 121

Budgeting: to control costs, 81, 85,  
  185–186; for new ideas, 161

Buffett, Warren, 29

Bureaucracy: creativity and, 147; due  
  to not making tough decisions, 17;  
  at Fiat, 7; in Japanese  
  organizations, 145–146;  
  spans-and-layers issue and,  
  73–78, 185

Burns, Ken, 153–154

Burrows, Peter, 65

**C**

Canon: digital camera introduced by, 141; reorganization at, 174–177, 178

Caryl, Christian, 146

Centralized operations, balance between distributed operations and, 101–107

Change, resistance to, 19–20

Cheetham, Stephen, 7

Chrysler, 14, 132

Chung Ju-Yung, 26

Chung Mong-Koo, 26–28

Cleaning up sloppiness. *See* Simplicity

Communication: about innovation, 117, 118, 122–123, 126; with excessive layers of management, 74–75; surveys to spot gaps in, 52

Compaq, 49

Compensation. *See* Rewards; Salaries

Competition: comparing your products to, 183–184; focused solely on price, 118; globalization by, 90, 94; paranoia about, at inflection points, 151

Conflict avoidance, 16

Consensus decision making: innovation problems due to, 131–132; organizational structure encouraging, 127–128; principle on, 186; recommendation against, 68, 71, 139

Consumers. *See* Customers

Controlling costs, 79–94; firm stand on costs for, 81–86; fixing or

killing cost blunders for, 86–90; globalization for, 79–81, 90–94; importance of examining options for, 79–81; principle on, 185–186; safety problems with overemphasis on, 97–99

Core value, nurturing innovation as, 115–118

Cost savings, as measure of success, 32–35. *See also* Controlling costs

Courageous leadership: how to develop, 17–18; impact of lack of, 1–2, 3; importance of, 2–3; needed in functional areas, 96–101; principles for, 185–187

Creativity. *See* Innovation

Culture: “being first” as element of, 151; joint ventures and, 164, 167; sensitivity to, in foreign countries, 145; weak performers’ impact on, 47

Culture of innovation, 113–126; core value in, 115–118; at P&G, 113–115; principle on, 186; process improvement techniques and, 118–123; reward system in, 123–126

Customers: commitment to, at inflection points, 144, 147; feedback from, 28; as source of ideas, 155–160

**D**

Decision making: with excessive layers of management, 74; meddling bosses and, 71–72; single-person accountability for,

- 68–72; time limits on, 110. *See also*  
 Consensus decision making;  
 Tough decisions
- Decisiveness: organizational structure  
 discouraging, 127–128; principle  
 on, 186. *See also* Decision making

 Price, competition focused on, 118  
 Principles: overview of, 185–187;  
 taking action using, 187–188  
 Process improvement techniques,  
 118–123. *See also* Systems and  
 processes  
 Procter & Gamble (P&G): clear  
 accountability at, 129–131;  
 Gillette purchased by, 30;  
 inflection point exploited by,  
 142–143; innovation recognized  
 at, 113–115, 126;

spans-and-layers problem at, 74,  
 76–77

Projects: avoiding long drawn-out,  
 152; focus on high-priority,  
 108–112; killing or fixing, 12,  
 86–90, 135–140

Pryor, Paula, 34

## R

Reorganization: at Canon, 174–177,  
 178; tips on, 177–178

Research, quantitative vs. qualitative,  
 159–160

Responsibility: assigning to  
 centralized functional group, 107;  
 delegating to employees, 71–72;  
 for employee survey project, 54;  
 for implementing reorganization,  
 177–178. *See also* Accountability

Rewards: for innovation, 117–118,  
 123–126; matching, to  
 performance, 45; for process  
 improvement, 123

Risk, avoiding, as reason for not  
 making tough decisions, 16

Russo, Patricia, 68, 69, 71, 72

## S

Salaries: for functional people, 107;  
 increasing, for weak vs. strong  
 performers, 45, 60–61;  
 innovation-dependent, 126; for  
 technical vs. managerial ladders,  
 78
