Introduction	1
Part I	9
I Nuclear Weapons in Historical Perspective	11
1 Introduction	11
2 Nuclear Physics	11
2.1 Introduction	11
2.2 Nuclear Energy	14
2.2.1 Introduction	14
2.2.2 Nuclear Fission	15
2.2.3 Difficulties	17
3 The Manhattan Project	20
3.1 Introduction	20
3.2 Fissionable Materials	22
3.3 Bomb Design	23
3.4 Test Explosion	26
3.5 Hiroshima and Nagasaki	29
4 The Hydrogen Bomb	36
5 Developments Outside the United States	40
5.1 Introduction	40
5.2 The United Kingdom	40
5.3 Germany	41
5.4 Japan	43
5.5 The Soviet Union	44
5.6 Further Proliferation	45
II Nuclear Weapons and Their Effects	47
1 Introduction	47
2 Nuclear Weapon Systems	48
2.1 Introduction	48
2.2 Delivery Vehicles	50
2.2.1 Introduction	50
2.2.2 Strategic Delivery Vehicles	53
2.2.3 Non-Strategic Delivery Vehicles	59
2.3 Warhead	60

viii Contents

3 Nuclear Explosions	61
3.1 Introduction	61
3.2 Types of Nuclear Explosions	62
3.2.1 Introduction	62
3.2.2 Air Burst	63
3.2.3 Surface Burst	65
3.2.4 Sub-surface Burst	66
4 The Effects of Nuclear Explosions	68
4.1 Introduction	68
4.2 Direct Effects	68
4.2.1 Introduction	68
4.2.2 Blast	69
4.2.3 Thermal Radiation	73
4.2.4 Electromagnetic Pulse	77
4.2.5 Nuclear Radiation	79
4.3 Indirect Effects	101
Part II	107
III The Protection of the Environment During International Armed Conflict Under <i>Ius in Bello</i>	109
1 Introduction	109
1.1 Introduction	109
1.2 Historical Development	109
1.3 Foundations of <i>Ius in Bello</i>	113
1.4 Principles of <i>Ius in Bello</i>	116
1.5 Terminology	120
1.6 Format	122
2 Direct Protection	122
2.1 Introduction	122
2.2 Treaty Law	123
2.2.1 Introduction	123
2.2.2 The Environmental Modification Convention	124
2.2.3 Additional Protocol I	139
2.2.4 The Certain Conventional Weapons Convention	180
2.2.5 The Statute of the International Criminal Court	189
2.3 Customary International Law	204
2.3.1 Introduction	204
2.3.2 Customary Status Treaty Provisions	214
2.3.3 Other Customary Rules Directly Protecting the Environment	246
3 Indirect protection	278

Contents ix

3.1 Introduction	278
3.2 The Protection of Civilian Objects	279
3.2.1 Introduction	279
3.2.2 Protection of Civilian Objects before 1977	280
3.2.3 Protection of Civilian Objects after 1977	289
3.2.4 Legal Appraisal	296
3.3 The Law of Neutrality	297
IV The Protection of the Environment During International Armed Conflict Under <i>Ius ad Bellum</i>	309
1 Introduction	309
2 Security Council Resolution 687	309
2.1 Introduction	309
2.2 The Scope of Iraq's Liability	310
2.3 The United Nations Compensation Commission	313
3 The Relationship between <i>Ius ad Bellum</i> and <i>Ius in Bello</i>	317
3.1 Introduction	317
3.2 The Distinction Between <i>Ius ad Bellum</i> and <i>Ius in Bello</i>	318
3.3 The Financial Settlement of War Damages	324
3.4 Converging Responsibilities under <i>Ius ad Bellum</i> and <i>Ius in Bello</i>	328
V The Protection of the Environment During International Armed Conflict Under <i>Ius Pacis</i>	335
1 Introduction	335
2 The Relationship between <i>Ius Pacis</i> and <i>Ius in Bello</i>	335
2.1 General	335
2.2 The Relationship between Human Rights Law and <i>Ius in Bello</i>	343
2.3 The Relationship between International Environmental Law and <i>Ius in Bello</i>	349
2.3.1 Introduction	349
2.3.2 Belligerent vs Belligerent	349
2.3.3 Belligerent vs Non-Belligerent	359
Appraisal and Conclusions	365
1 Introduction	365
2 Appraisal	365
2.1 Introduction	365
2.2 Applicability	365
2.3 Assessment	374

x Contents

2.3.1 Introduction	374
2.3.2 Protection under <i>Ius in Bello</i>	374
2.3.3 Protection under <i>Ius ad Bellum</i>	382
2.3.4 Protection under <i>Ius Pacis</i>	383
3 Conclusions	384
<i>Annexes</i>	387
A. International Treaties and Agreements	398
B. United Nations Documents	398
General Assembly	398
Resolutions	402
Other Documents and Reports	405
Security Council	405
Resolutions	405
Economic and Social Council	406
Reports	406
Secretariat	406
Regulations	406
Reports	407
International Court of Justice	407
Written Statements and Comments	407
Oral Pleadings	407
Other Documents	409
C. Judicial Decisions	410
D. Military Manuals and Handbooks	413
E. Bibliography	415
<i>Index</i>	435
