Deferral of Long-Term Capital Gains	93
Outlook for Changes in Investment Company Taxation	98
CHAPTER 5	
The Economics of Indexing, Trading Transparency, and Limited-Function Active Management of ETFs	101
Indexing Works Best When Approached with Common Sense	102
The Continuum: From Passive to Active	108
Benefits from a Decline in ETF Trading Transparency	110
How Trading Plans Become Transparent	112
Effect of Transparency Costs on Fund Performance	121
Silent (Nontransparent) Indexes	124
A Battle of Contrasting Index Fund Management Strategies	126
CHAPTER 6	
Fund Ratings and Rankings—The Evaluation and Selection of ETFs and Mutual Funds	131
An Introduction to Fund Ratings	131
Wanted: A Comprehensive But Eclectic Approach to Fund Evaluation and Analysis	140
Measuring and Comparing Fund Performance	141
A Perspective on the Limitations of Fund Analysis Today	142
Elementary Fund Economics	146
The Largest Cost for Most Funds Is Not Reported to the Fund's Investors	149
What Is Tracking Error?	155

<i>Contents</i>	vii
Net Tracking Error as a Framework for Fund Performance Evaluation	161
Positive (Value-Added) Elements	168
eXtensible Business Reporting Language (XBRL): The New Data Standard	170
There Is a Wide Range in the Quality of Fund Touts, Tools, and Techniques	172
Fund Governance	179
CHAPTER 7	
How Will Full-Function Actively Managed ETFs Work?	183
The SEC Concept Release and Limited-Function Actively Managed ETFs	183
CHAPTER 8	
How to Minimize Your Cost of Trading ETFs	197
ETF Trading Is Different from Stock Trading	197
ETF Intraday Net Asset Value (NAV) Proxies	200
The Brave New World of High-Frequency Electronic Trading	202
ETF Trading Volume Is Huge, Growing, and Highly Concentrated	207
How to Trade ETFs Efficiently	208
Market-on-Close (MOC) Transactions in ETFs	210
Introducing NAV-Based Trading in Exchange-Traded Funds	218
Conclusion	224
CHAPTER 9	
Economics and Market Effects of ETF Short Selling	227
Understanding the Risks of Selling ETFs Short	227
The Implications of ETF Short Selling	231
ETF Short Selling for Traditional Investors	234
CHAPTER 10	
Leveraged Long and Inverse Exchange-Traded Funds	245
Trading Sardines	245
How Leveraged Long and Leveraged Inverse ETFs Construct Their Portfolios	246
Is It Useful to Describe Leveraged Fund Returns as Path Dependent?	254
Leveraged Fund Return Patterns	255

viii	CONTENTS
Taxation and Distributions from Leveraged ETFs	259
Other Issues Affecting Leveraged ETFs	260
Another Way to Obtain Leverage Without Borrowing	261
The Bottom Line on Leveraged ETFs	262
CHAPTER 11	
ETF Applications for Individual Investors and the Advisors Who Serve Them	263
Short-Term ETF Trading Sometimes Makes Sense	265
ETFs as Portfolios and as Components	266
Integrating Diverse Family Accounts	267
Tax Management	268
Other Tax Issues	270
Thinking Outside the Box	274
Measuring the Comparative Economics of Trading and Holding Different Components of an Index Arbitrage Complex	275
CHAPTER 12	
ETFs for Investors Living Outside the United States	279
Some Features of the ETFs Described in This Book Are Not Universal	279
CHAPTER 13	
A Few Things Everyone Should Know about Investment Returns and Retirement	285
CHAPTER 14	
Where to Look for Help in Using ETFs	293
Sources of Professional Help	293
The Advisory Relationship	296
Sources of ETF Information	298
Bibliography	303
Glossary	313
About the Author	351
Index	353
