What Is Healthcare Fraud?	2
Healthcare Fraud in the United States	4
Healthcare Fraud in International Markets	4
What Does Healthcare Fraud Look Like?	5
Who Commits Healthcare Fraud?	9
What Is Healthcare Fraud Examination?	11
The Primary Healthcare Continuum: An Overview	13
Healthcare Fraud Overview: Implications for Prevention, Detection, and Investigation	14
Notes	17
CHAPTER 2 Defining Market Players within the Primary Healthcare Continuum	19
The Patient	19
The Provider	24
The Payer	42
The Employer/Plan Sponsor	48
The Vendor and the Supplier	49
The Government	50
Organized Crime	51
Market Players Overview: Implications for Prevention, Detection, and Investigation	53
	vii

CHAPTER 3	Continuum Audit and Investigative Model	57
	Market Understanding	58
	The Primary Healthcare Continuum (P-HCC)	58
	The Secondary Healthcare Continuum (S-HCC)	58
	The Information Healthcare Continuum (I-HCC)	62
	The Consequence Healthcare Continuum (C-HCC)	63
	The Transparency Healthcare Continuum (T-HCC)	65
	The Rules Based Healthcare Continuum (R-HCC)	66
	Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	68
	Notes	68
CHAPTER 4	Secondary Healthcare Continuum	69
	The Secondary Healthcare Continuum (S-HCC)	71
	Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	75
	Notes	75
CHAPTER 5	Information Healthcare Continuum	77
	Case Study Dr. Traveler—Recap	77
	Continuum Audit Progression—Recap	78
	The Information Healthcare Continuum (I-HCC)	78
	Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	83
	Notes	84
CHAPTER 6	Consequence Healthcare Continuum	85
	Case Study Dr. Traveler—Recap	85
	Continuum Audit Progression—Recap	86
	The Consequence Healthcare Continuum (C-HCC)	86
	Economic Business Impact	88
	Serviceability and Service Integrity	89
	Service, Medical, and Financial Errors	90
	Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	90

CHAPTER 7 Transparency Healthcare Continuum	93
Case Study Dr. Traveler—Recap	93
Continuum Audit Progression—Recap	94
The Transparency Healthcare Continuum (T-HCC)	95
Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	96
CHAPTER 8 Rules Based Healthcare Continuum	97
Case Study Dr. Traveler—Recap	98
The Rules Based Healthcare Continuum (R-HCC)	99
Continuum Audit Progression—Summary	104
Audit Continuum Models Overview: Implications for Prevention, Detection, and Investigation	106
Notes	107
CHAPTER 9 Protected Health Information	109
Health Insurance Portability and Accountability Act of 1996	109
Audit Guidelines in Using Protected Health Information	110
Protected Health Information Overview: Implications for Prevention, Detection, and Investigation	113
CHAPTER 10 Health Information Pipelines	115
The Auditor's Checklist	115
What Are the Channels of Communication in a Health Information Pipeline?	116
Unauthorized Parties	125
Health Information Pipelines Overview: Implications for Prevention, Detection, and Investigation	126
CHAPTER 11 Accounts Receivable Pipelines	129
Overview of Healthcare Reimbursement	130
Types of Reimbursement Models	131
Data Contained in Accounts Receivable Pipelines	135

Accounts Receivable Pipelines by Healthcare Continuum Player	135
Accounts Receivable Pipelines Overview: Implications for Prevention, Detection, and Investigation	154
CHAPTER 12 Operational Flow Activity	157
Operational Flow Activity Assessment	157
Operational Flow Activity Overview: Implications for Prevention, Detection, and Investigation	163
CHAPTER 13 Product, Service, and Consumer Market Activity	165
Product Market Activity	165
Service Market Activity	167
Consumer Market Activity	167
Product, Service, and Consumer Market Activity Overview: Implications for Prevention, Detection, and Investigation	175
CHAPTER 14 Data Management	177
Data Management	177
Market Example: Setting Up a Claims Relational Database Management System	181
Data Management Overview: Implications for Prevention, Detection, and Investigation	182
References	182
CHAPTER 15 Normal Infrastructure	185
Normal Profile of a Fraudster	185
Anomalies and Abnormal Patterns	188
Continuum Audit and Investigative Model	188
Normal Infrastructure Overview: Implications for Prevention, Detection, and Investigation	189
CHAPTER 16 Normal Infrastructure and Anomaly Tracking Systems	191
The Patient	191
The Provider	194
The Payer	198

<i>Contents</i>	<i>xi</i>
The Vendor/Other Parties	201
Organized Crime	205
Normal Infrastructure and Anomaly Tracking Systems Overview: Implications for Prevention, Detection, and Investigation	207
Notes	207
CHAPTER 17 Components of the Data Mapping Process	209
What Is Data Mapping?	209
Data Mapping Overview: Implications for Prevention, Detection, and Investigation	213
CHAPTER 18 Components of the Data Mining Process	215
What Is Data Mining?	215
Data Mining Overview: Implications for Prevention, Detection, and Investigation	219
CHAPTER 19 Components of the Data Mapping and Data Mining Process	221
Forensic Application of Data Mapping and Data Mining	224
Data Mapping and Data Mining Overview: Implications for Prevention, Detection, and Investigation	226
CHAPTER 20 Data Analysis Models	227
Detection Model	227
Investigation Model	230
Mitigation Model	233
Prevention Model	235
Response Model	240
Recovery Model	244
Data Analysis Model Overview: Implications for Prevention, Detection, and Investigation	253

CHAPTER 21	Clinical Content Data Analysis	255
	What Is SOAP?	256
	The SOAP Methodology	257
	Electronic Records	270
	Analysis Considerations with Electronic Records	273
	Narrative Discourse Analysis	277
	Clinical Content Analysis Overview: Implications for Prevention, Detection, and Investigation	284
CHAPTER 22	Profilers	287
	Fraud and Profilers	287
	Medical Errors and Profilers	291
	Financial Errors and Profilers	296
	Internal Audit and Profilers	300
	Recovery and Profilers	302
	Anomaly and Profilers	303
	Fraud Awareness and Profilers	304
	Profiler Overview: Implications for Prevention, Detection, and Investigation	305
CHAPTER 23	Market Implications	307
	The Myth	307
	“Persistent”	310
	“Persuasive”	310
	“Unrealistic”	312
	Market Overview: Implications for Prevention, Detection, and Investigation	313
CHAPTER 24	Conclusions	315
	Micromanagement Perspective	315
	Macromanagement Perspective	326
	Overview of Prevention, Detection, and Investigation	327
