Tables and Figures	xi
Foreword	xv
Acknowledgments	xvii

SECTION A: ABOUT MERGERS AND ACQUISITIONS **1**

Chapter 1: Introduction **3**

Fundamentals of mergers & acquisitions	5
Types of M&A deals	6
Challenges of M&A deals	11
Reasons for M&A	14

Chapter 2: Role of regulation **21**

Regulatory regimes	22
UK anti-trust regime	23
European Union regulation	26
US anti-trust legislation	27
Bid process	28

SECTION B: FUNDAMENTALS OF THE DEAL **31**

Chapter 3: Anatomy of a deal **33**

M&A Stages	33
Phase 1: Prelude (to a deal)	36
Phase 2: Deal negotiation	40
Phase 3: Pre-change of control	44
Phase 4: Change of control	50
Phase 5: Integration	50
Phase 6: Business as usual	53

SECTION C: SUCCESSFUL M&A	55
Chapter 4: M&A power	57
Clarity	57
Capacity	61
Speed	76
Chapter 5: M&A process	79
Risk management	80
Planning, management and control	106
Project lifecycle and structure	113
Issue management	133
Risk management practice	138
Reporting	149
Assumption management	152
Dependency management	154
Scope change management	157
Quality management	162
Resource management	164
Cost management	166
Communications management	170
Stakeholder management	173
Chapter 6: M&A people	175
Culture	175
Stakeholders	179
Personnel	179
SECTION D: PULLING IT ALL TOGETHER: DELIVERING M&A	185
Chapter 7: Timing	187
Managing the integration and change of control period	187
Project organisation and control	197
SECTION E: BANKING M&A	207
What makes banking M&A unique?	207
Planning for the post-merger period	211
Planning to get to the change of control	212

Organisational approach	225
Issue management	229
What if it all goes wrong?	235

SECTION F: DOCUMENT TEMPLATES AND SUGGESTED TABLES OF CONTENTS **239**

Control documents	239
Report templates	245
Project document templates	255

Bibliography **289**

About the author **291**

Index **293**

List of Tables & Figures

Tables

Table 5.1	Temporal impacts on risk behaviour, after Das and Teng	85
Table 5.2	Delphi participation	95
Table 5.3	Sample risk classification	98
Table 5.4	Sample risk meta data	99
Table 5.5	Example classification of risks identified using CRIM process	104
Table 5.6	Project constraints at different stages of a deal	110
Table 5.7	Inherent project risk	144
Table 5.8	Example of Earned Value Analysis (EVA)	168
Table 6.1	Approaches to forging a common culture	180
Table 6.2	Approaches to motivation of retained and non-retained staff	183
Table 7.1	Establishing integration team contacts 1	198
Table E.1	Establishing integration team contacts 2	209
Table E.2	Example: Trading desk distribution	215
Table E.3	Build activities	217
Table E.4	Testing	217
Table E.5	Dress rehearsal planning	218
Table E.6	Operational readiness	218
Table E.7	Change of control requirements	219
Table E.8	Change of control/cutover activities	221
Table E.9	First trading day requirements	221
Table E.10	Reporting audiences	229

Figures

Figure 1.1	Three capabilities for successful M&A	4
Figure 1.2	Impact of a merger	7
Figure 1.3	Impact of an acquisition	8
Figure 1.4	Impact of a demerger	9

Figure 1.5	Merger values 1968–2007	12
Figure 1.6	Recent merger activity, 2008–2010	13
Figure 3.1	Strata model	35
Figure 3.2	High level M&A plan (1 of 2)	37
Figure 3.3	High level M&A plan (2 of 2)	38
Figure 3.4	Relationship of high level planning	41
Figure C.1	Key elements of successful M&A	56
Figure 4.1	M&A power pyramid	58
Figure 5.1	M&A process pyramid	79
Figure 5.2	Reconceptualised model of risk determinants, after Sitkin and Pablo	84
Figure 5.3	CRIM framework	88
Figure 5.4	Risk classification	97
Figure 5.5	Bands of answers	102
Figure 5.6	Example results	102
Figure 5.7	Risk significance (sorted) versus level of mitigation	103
Figure 5.8	Programme constraints triangle	111
Figure 5.9	Typical project lifecycle	115
Figure 5.10	‘Gated’ waterfall approach	115
Figure 5.11	‘Realistic’ waterfall approach	116
Figure 5.12	Single project iteration	117
Figure 5.13	An RAD project	118
Figure 5.14	Project controls active in each project phase	120
Figure 5.15	Initiation phase	121
Figure 5.16	Design phase	124
Figure 5.17	Execution phase	126
Figure 5.18	Testing phase	128
Figure 5.19	Implementation phase	130
Figure 5.20	Closure and review phase	132
Figure 5.21	Issue management process (1 of 2)	134
Figure 5.22	Issue management process (2 of 2)	136
Figure 5.23	Issue states	139
Figure 5.24	Risk management process (1 of 2)	141
Figure 5.25	Risk management process (2 of 2)	142
Figure 5.26	Risk significance based on risk probability and impact	147
Figure 5.27	Mitigation impact	148
Figure 5.28	Risk states	150
Figure 5.29	Reporting cycle	151

Figure 5.30	Assumption management process	153
Figure 5.31	Dependency management process	156
Figure 5.32	Scope change management (1 of 2)	159
Figure 5.33	Scope change management (2 of 2)	160
Figure 5.34	Example of EVA	169
Figure 5.35	Communications planning	171
Figure 6.1	M&A people pyramid	176
Figure 6.2	Example: Cultural differences report	178
Figure 6.3	Staff motivational needs	182
Figure 7.1	Sample time line	189
Figure 7.2	Reporting hierarchy	205
Figure E.1	Cutover control infrastructure	227
Figure E.2	Issue states for CoC control	234
Figure E.3	Layout of a typical control centre	236
