sensing concepts 589–612

- September 11, 2001 terrorist attacks 635
- sequences 557, 561–6, 582–612, 622–38, 662–75
- serves individual interests, factor analysis results 532–8
- service organizations, future decision-making research 60
- sex, Arabs 390–1, 395
- shareholders 123–5, 131–2, 279–302, 636–7
- Sharfman, M.P. 56, 58–9, 108–11, 120–1, 130–1, 450, 455–61, 526–7, 625–6, 630
- short sales 336, 338–41
- short-term impacts, factor analysis results 529–38
- short-term performance factors 45–64, 649–50
- side effects of drugs 505
- Simon, Herbert 356–7, 364, 381, 395, 434, 436, 438, 455–8, 495, 520, 523–4, 550, 586, 595, 598, 602, 611, 620, 671
- 'simple-minded search', concepts 438
- simple/easy decisions, factor analysis results 530–8
- simple/stand-alone decisions, concepts 518, 523
- simulations 39, 259–62, 267, 624–5, 655, 672–5
- 'situated' activities 7, 26
see also micro perspectives
- situational influences 459–61, 478–96, 582–612, 648–75
- skills 79–80, 446–7, 471–96, 611, 660–1, 665–75
- 'skunk works' 184–5
- slack, risk attitudes 312–13, 316–17
- slow/delayed decisions, factor analysis results 529–38
- small-sample inductive studies 61–4, 557–8, 663–75
- smallness issues, sensemaking 84–5, 100
- Snapple 156, 187, 458, 491
- social capital 280–302
- social issues 87–101, 143–4, 148–50, 157–61, 170–93, 231–69, 382–99, 403–26, 543–50, 571–7, 589–99, 627–8, 657–75
- socially negotiated order (SNO), concepts 240
- sociology, theoretical support for process 600–7, 611
- solicitation 452–96, 667–75
- solution-development phase, feasibility studies
decision-process-model step 200, 209–15, 221, 544–77, 589–612
- solutions
concepts 4–26, 73–81, 94–101, 170–93, 200–6, 209–15, 221, 236–69, 333–4, 379–80, 381–99, 450–96, 544–77, 589–612, 623–4, 629–31, 652–75
iatrogenic solutions 333–4
Sony 334
- span of control 519–20, 527–38
- special access programs (SAPs) 385–99
- Special Forces units 385
- specialist nurses 408–26
- speed issues 33–64, 440–1, 525–7
see also outcomes
- spin-offs 147, 200, 222
- sporadic (discontinuous) processes, concepts 6, 15, 25, 439–47, 457–96
- SRC *see* selective catalytic reduction
- stakeholders 11–12, 18, 147–8, 157–61, 170–93, 199–228, 231–69, 302, 382–99, 449–96, 519–20, 521–7, 584–612, 636
- standard deviations 308–19, 525–6
see also risk
- standards, process research 24, 581, 608–12
- 'stars', Boston Consulting Group portfolio model 365
- statesperson roles, feasibility studies
decision-process model step 200, 208–15
- stimulus-organism-response model (SOR) 584–5
- stochastic modelling 569, 588–9
- stomach cancer 655
- stories, sensemaking concepts 83–101
- Storyboarding 185
- storytellers 607–12
- strategic alliances 45–64, 291–302, 310–12, 602–3
- strategic choices
concepts 107–32, 261–2, 314–19, 364, 379–99, 450–96, 520–38, 586–612, 623–38
definition 107, 628
- strategic decision-making 3–26, 31–64, 73–81, 84–101, 105–32, 139–52, 155–93, 200, 217–21, 231–69, 275–302, 307–19, 327–47, 379–99, 403–26, 432–540, 543–77, 581–612, 619–38, 643–75
see also decision-making; errors; failed ...
- best practices to avoid failed decision-making 156–7, 170–93, 231–69, 405–26, 449–96, 632–3
- characteristics 4–6, 25, 288–302, 517–38, 648–9
- classifications 5–6, 13–14, 518–38, 582–6, 661–75
- conclusions 645–75
- constraints 4–5, 260, 349–72, 434–47, 537–8, 544, 628–9, 653–4
- definitions 3–6, 16, 25, 73–81, 105, 276, 288–302, 379–82, 434–5, 457, 517–18, 520–3, 535–6, 544, 619–20, 623–4, 626–32, 649–50
- historical background 6, 13–14, 22, 23–4, 26, 73–81, 155–93, 379–80, 433–47, 620–2
