Preface	xiii
Acknowledgments	xvii
CHAPTER 1 Introduction to Healthcare Fraud	1
What Is Healthcare Fraud?	2
What Does Healthcare Fraud Look Like?	4
Healthcare Fraud in the United States	8
Healthcare Fraud in International Markets	9
Who Commits Healthcare Fraud?	10
What Is Healthcare Fraud Examination?	11
The Healthcare Continuum: An Overview	13
Healthcare Fraud Overview: Implications for Prevention, Detection, and Investigation	14
CHAPTER 2 Defining Market Players within the Healthcare Continuum	17
The Patient	18
Who Is the Patient?	18
What Are Some Examples of Patient Fraud?	22
How Does the Patient Role Relate to Other Healthcare Continuum Players?	23
The Provider	23
Who Is the Provider?	23
What Are Some Examples of Provider Fraud?	33
How Does the Provider Role Relate to Other Healthcare Continuum Players?	35
The Payer	35
Who Is the Payer?	35
What Are Some Examples of Payer Fraud?	38
How Does the Payer Role Relate to Other Healthcare Continuum Players?	41

VIII CONTENTS

	The Employer/Plan Sponsor	42
	Who Is the Employer/Plan Sponsor?	42
	What Are Some Examples of Employer/Plan Sponsor Fraud?	43
	How Does the Employer/Plan Sponsor Role Relate to Other Healthcare Continuum Players?	43
	The Vendor and the Supplier	44
	Who Are the Vendor and the Supplier?	44
	What Are Some Examples of Vendor and Supplier Fraud?	44
	How Do the Vendor and Supplier Roles Relate to Other Healthcare Continuum Players?	44
	The Government	45
	Who Is the Government?	45
	What Are Some Examples of Government Fraud?	45
	How Does the Government Role Relate to Other Healthcare Continuum Players?	46
	Organized Crime	46
	Who Is Organized Crime?	47
	How Does the Organized Crime Role Relate to Other Healthcare Continuum Players?	48
	Market Players Overview: Implications for Prevention, Detection, and Investigation	48
CHAPTER 3	Protected Health Information	51
	Health Insurance Portability and Accountability Act of 1996	51
	Audit Guidelines in Using PHI	52
	Protected Health Information Overview: Implications for Prevention, Detection, and Investigation	54
CHAPTER 4	Health Information Pipelines	57
	The Auditor's Checklist	57
	What Are the Channels of Communication in a Health Information Pipeline?	58
	The Patient	58
	The Provider	60
	The Payer	61
	The Employer/Plan Sponsor	63
	The Vendor/Supplier	65
	The Government Plan Sponsor	66
	Unauthorized Parties	67

	HIP Overview: Implications for Prevention, Detection, and Investigation	69
CHAPTER 5	Accounts Receivable Pipelines	71
	Overview of Healthcare Reimbursement	72
	Types of Reimbursement Models	74
	Fee-for-Service Model	74
	Prospective Model	74
	Capitation-Structured Model	77
	Data Contained in Accounts Receivable Pipelines	77
	Accounts Receivable Pipelines by HCC Player	79
	The Patient	80
	The Provider	84
	The Payer	87
	The Employer/Plan Sponsor	92
	Others	95
	ARP Overview: Implications for Prevention, Detection, and Investigation	99
CHAPTER 6	Operational Flow Activity	101
	Operational Flow Activity Assessment	101
	The Patient	102
	The Provider	103
	The Payer	103
	The Employer	105
	The “Other”	107
	OFA Overview: Implications for Prevention, Detection, and Investigation	108
CHAPTER 7	Product, Service, and Consumer Market Activity	109
	Product Market Activity	110
	Service Market Activity	111
	Consumer Market Activity	112
	PMA, SMA, and CMA Overview: Implications for Prevention, Detection, and Investigation	120
CHAPTER 8	Data Management	123
	Data Management	124
	Market Example: Setting Up a Claims RDBMS	128
	Data Management Overview: Implications for Prevention, Detection, and Investigation	129
	References	129

CHAPTER 9	Normal Infrastructure	131
	Normal Profile of a Fraudster	132
	What Types of People or Entities Commit Fraud?	132
	What Is the Key Element of a Fraudster?	133
	Anomalies and Abnormal Patterns	134
	Normal Infrastructure Overview: Implications for Prevention, Detection, and Investigation	135
CHAPTER 10	Normal Infrastructure and Anomaly Tracking Systems	137
	The Patient	137
	Sample Patient Fraud Scenarios	138
	Data Management Considerations	139
	The Untold Story	139
	The Provider	139
	Sample Provider Fraud Scenarios	140
	Data Management Considerations	142
	The Untold Story	142
	The Payer	143
	Sample Payer Fraud Scenarios	144
	Data Management Considerations	145
	The Untold Story	145
	The Vendor/Other Parties	146
	Sample Vendor/Other Fraud Scenarios	147
	Data Management Considerations	148
	The Untold Story	149
	Organized Crime	150
	Sample Organized Crime Fraud Scenarios	150
	Data Management Considerations	151
	The Untold Story	151
	Normal Infrastructure and Anomaly Tracking Systems Overview: Implications for Prevention, Detection, and Investigation	152
CHAPTER 11	Components of the Data Mapping Process	153
	What Is Data Mapping?	153
	Data Mapping Overview: Implications for Prevention, Detection, and Investigation	158
CHAPTER 12	Components of the Data Mining Process	159
	What Is Data Mining?	159
	Data Mining in Healthcare	160
	Components of the Data Mining Process within the HCC	161

	Data Mining Overview: Implications for Prevention, Detection, and Investigation	162
CHAPTER 13	Components of the Data Mapping and Data Mining Process	165
	Forensic Application of Data Mapping and Data Mining	167
	Data Mapping and Data Mining Overview: Implications for Prevention, Detection, and Investigation	170
CHAPTER 14	Data Analysis Models	173
	Detection Model	173
	Pipeline Application	175
	Detection Model Application	176
	Investigation Model	176
	Mitigation Model	181
	Prevention Model	182
	Response Model	189
	Recovery Model	194
	Data Analysis Model Overview: Implications for Prevention, Detection, and Investigation	204
CHAPTER 15	Clinical Content Data Analysis	207
	What Is SOAP?	208
	The SOAP Methodology	209
	Electronic Records	225
	Analysis Considerations with Electronic Records	226
	Narrative Discourse Analysis	229
	Clinical Content Analysis Overview: Implications for Prevention, Detection, and Investigation	237
CHAPTER 16	Profilers	239
	Fraud and Profilers	239
	Medical Errors and Profilers	244
	Financial Errors and Profilers	249
	Internal Audit and Profilers	253
	Recovery and Profilers	256
	Anomaly and Profilers	257
	Fraud Awareness and Profilers	259
	Profiler Overview: Implications for Prevention, Detection, and Investigation	260
CHAPTER 17	Market Implications	261
	The Myth	261
	“Persistent”	264

XII CONTENTS

	“Persuasive”	265
	“Unrealistic”	266
	Market Overview: Implications for Prevention, Detection, and Investigation	268
CHAPTER 18	Conclusions	271
	Micromanagement Perspective	271
	Macromanagement Perspective	278
	Overview of Prevention, Detection, and Investigation	279
Index		283
