Part IV: Putting It All Together	7
Part V: The Part of Tens.....	7
Part VI: Appendixes	7
Icons Used in This Book	7
Where to Go from Here.....	8

Part 1: The ABCs of ETFs

Chapter 1: The (Sort of Still) New Kid on the Block

In the Beginning.....	11
Enter the traders.....	12
Moving south of the border.....	12
Fulfilling a Dream	13
Goodbye, ridiculously high mutual fund fees	13
Hello, building blocks for a better portfolio.....	14
Will you miss the court papers?	14
Not Quite as Popular as the Beatles, But Getting There	15
Moving from Wall Street to Main Street.....	16
Keeping up with the Vanguards.....	16
Ready for Prime Time	18
The proof of the pudding.....	19
The major players.....	20
Twist and shout: Commercialization is tainting a good thing	21

Chapter 2: What the Heck Is an ETF, Anyway?

The Nature of the Beast.....	23
Choosing between the Classic and the New Indexes.....	25

Preferring ETFs over Individual Stocks	26
Distinguishing ETFs from Mutual Funds.....	27
Why the Big Boys Prefer ETFs	28
Trading in large lots	28
Savoring the versatility	28
Why Individual Investors Are Learning to Love ETFs.....	29
The cost advantage: How low can you go?.....	30
Uncle Sam’s loss, your gain	32
What you see is what you get.....	35
Getting the Professional Edge.....	37
Consider a few impressive numbers	37
You can do what they do!.....	38
Passive versus Active Investing: Your Choice	38
The index advantage	38
The allure of active management.....	39
Why the race is getting harder to measure . . . and what to do about it	40
Do ETFs Belong in Your Life?	41
Calculating commissions	41
Moving money in a flash	41
Understanding tracking error	41
Making a sometimes tricky choice	42

Chapter 3: Getting to Know the Players **45**

Creating an Account for Your ETFs.....	45
Answering a zillion questions	46
Placing an order to buy.....	48
But wait just a moment!.....	49
Trading ETFs like a pro	49
Introducing the Shops.....	50
What to look for	50
A price structure like none other	51
The Vanguard Group.....	51
Fidelity Investments	52
Charles Schwab.....	53
T. Rowe Price.....	53
TD Ameritrade.....	53
Scottrade.....	54
Other brokerage houses	54
Presenting the Suppliers.....	55
It’s okay to mix and match – with caution.....	55
Check your passport	57
BlackRock iShares.....	57
State Street Global Advisers (SSgA) SPDRs	58
Vanguard ETFs	58
Invesco PowerShares	60
ProShares.....	60
Van Eck (Market Vectors ETFs)	61
WisdomTree	61

Guggenheim..... 62
 Other suppliers 63
 Familiarizing Yourself with the Indexers..... 63
 Standard & Poor’s..... 64
 Dow Jones 64
 MSCI..... 64
 Russell 65
 Barclays..... 65
 Meeting the Middlemen 65
 NYSE Arca 66
 NASDAQ 66
 Meeting the Wannabe Middlemen..... 67
 Commissioned brokers 67
 Separately managed accounts (SMAs)..... 67
 Annuities and life insurance products 68
 Mutual funds of ETFs..... 68

Part II: Building the Stock (Equity) Side of Your Portfolio..... 69

Chapter 4: Risk Control, Diversification, and Some Other Things You Need to Know 71

Risk Is Not Just a Board Game 72
 The trade-off of all trade-offs (safety versus return)..... 72
 So just how risky are ETFs? 73
 Smart Risk, Foolish Risk..... 74
 How Risk Is Measured 76
 Standard deviation: The king of all risk measurement tools..... 76
 Beta: Assessing price swings in relation to the market 78
 The Sharpe, Treynor, and Sortino ratios: Measures of what you get for your risk..... 79
 Meet Modern Portfolio Theory 81
 Tasting the extreme positivity of negative correlation..... 81
 Settling for limited correlation..... 83
 Reaching for the elusive Efficient Frontier 84
 Accusations that MPT is dead are greatly exaggerated..... 85
 Mixing and Matching Your Stock ETFs 86
 Filling in your style box..... 86
 Buying by industry sector 88
 Don’t slice and dice your portfolio to death 89

Chapter 5: Large Growth: Muscular Money Makers 91

Style Review 93
 What makes large cap large? 93
 How does growth differ from value? 93
 Putting these terms to use..... 94

Big and Brawny.....	94
Contrary to all appearances	95
Let history serve as only a rough guide.....	95
ETF Options Galore	96
Strictly large cap or blend?.....	96
Blended options for large cap exposure.....	98
Strictly large growth.....	100
ETFs I wouldn't go out of my way to own.....	102
Chapter 6: Large Value: Counterintuitive Cash Cows	103
Six Ways to Recognize Value.....	104
Looking for the Best Value Buys.....	106
Taking the index route	106
Making an ETF selection	107
Chapter 7: Small Growth: Sweet Sounding Start-ups	111
Getting Real about Small Cap Investments	112
Your Choices for Small Growth	113
Small cap blend funds	114
Strictly small cap growth funds.....	116
Smaller than Small: Meet the Micro Caps.....	118
Chapter 8: Small Value: Diminutive Dazzlers	121
It's Been Quite a Ride.....	123
Latching on for fun and profit	123
But keeping your balance	123
What About the Mid Caps?.....	126
Chapter 9: Going Global: ETFs without Borders	127
The Ups and Downs of Different Markets around the World.....	128
Low correlation is the name of the game	129
Remember what happened to Japan.....	130
Finding Your Best Mix of Domestic and International.....	130
Why putting two-thirds of your portfolio in foreign stocks is too much	131
Why putting one-fifth of your portfolio in foreign stocks is insufficient	132
Why ETFs are a great tool for international investing	133
Not All Foreign Nations — or Stocks — Are Created Equal.....	134
Choosing the Best International ETFs for Your Portfolio.....	136
Four brands to choose from.....	136
All the world's your apple: ETFs that cover the planet	137
European stock ETFs: From the North Sea to the shores of the Mediterranean	138
Pacific region stock ETFs: From Mt. Fuji to that big island with the kangaroos.....	140

Emerging-market stock ETFs: Well, we hope that they're emerging	142
iShares value and growth: Two special ETFs for style investing abroad	144
Small cap international: Yes, you want it	145
Chapter 10: Sector Investing: ETFs According to Industry	147
Selecting Stocks by Sector, not Style	148
Speculating on the Next Hot Industry.....	150
Sizzling and sinking.....	150
Momentum riders and bottom feeders.....	150
Doing Sector Investing Right.....	151
Calculating your optimal sector mix.....	151
Seeking risk adjustment with high and low volatility sectors.....	152
Knowing where the style grid comes through.....	153
Combining strategies to optimize your portfolio	154
Seeking low correlations for added diversification.....	154
Sector Choices by the Dozen	155
Vanguard ETFs	156
Select Sector SPDRs: State Street Global Advisors (Part I)	157
SPDRs: State Street Global Advisors (Part II).....	158
BlackRock's iShares.....	160
PowerShares.....	161
Chapter 11: Specialized Stock ETFs	165
Investing for a Better World.....	166
Tracking the history of SRI performance.....	166
Your growing number of choices for social investing	167
A close-up look at your SRI options.....	168
Dividend Funds: The Search for Steady Money.....	170
Your high dividend ETF options	170
Promise of riches or smoke and mirrors?	171
Investing in Initial Public Offerings	174
The rollercoaster of recent IPO performance.....	174
Taking a broader look at IPOs.....	175
Funds That (Supposedly) Thrive When the Market Takes a Dive	175
Entering an upside-down world	176
Boasting a track record like none other	177
Funds That Double the Thrill of Investing (for Better or Worse).....	177
Crazy math: Comparing leveraged funds to traditional ETFs	178
Examining a rather pathetic track record	179
All-In-One ETFs: For the Ultimate Lazy Portfolio.....	180
Getting worldwide exposure to stocks and bonds.....	180
Russell's average review for the average reader on an average day	182

***Part III: Adding Bonds, REITs, and Other ETFs to Your Portfolio* 183**

Chapter 12: For Your Interest: The World of Bond ETFs 185

Tracing the Track Record of Bonds	186
Portfolio protection when you need it most	188
History may or may not repeat	189
Tapping into Bonds in Various Ways.....	190
Finding strength in numbers	191
Considering bond fund costs	191
Casting a wide net.....	192
Sampling Your Basic Bond-ETF Menu.....	192
Tapping the Treasuries: Uncle Sam's IOUs	193
Gas at \$5.00 a gallon? Getting inflation protection in a flash	196
Banking on business: Corporate bond ETFs	197
The whole shebang: Investing in the entire U.S. bond market	199
Moving Beyond Basics into Municipal and Foreign Bonds	201
Municipals for mostly tax-free income.....	202
Foreign bonds for fixed-income diversification	203
Emerging-market bonds: High risk, high return.....	205
Determining the Optimal Fixed Income Allocation	206
60/40? 50/50? Finding a split that makes sense.....	207
Meet Joe, age 67, with a little more than \$600,000 in the bank....	208
Meet Betsy and Mike, age 36, with \$30,000 in the bank.....	209

Chapter 13: Real Estate Investment Trusts (REITs): Becoming a Virtual Landlord 211

Considering Five Distinguishing Characteristics of REITs	212
Limited correlation to the broad markets.....	212
Unusually high dividends	213
Different taxation of dividends.....	213
Special status among financial pros.....	213
Connection to tangible property	214
Calculating a Proper REIT Allocation.....	214
Judging from the past.....	214
Splitting the baby: Domestic and international REIT funds	215
Picking REIT ETFs for Your Portfolio	216
U.S. domestic REIT ETFs	217
Global REIT funds	218

Chapter 14: All That Glitters: Gold, Silver, and Other Commodities 219

Gold, Gold, Gold!.....	220
Midas touch or fool's gold?	221
A vastly improved way to buy the precious metal.....	222
The tax man cometh.....	223

Silver: The Second Metal 223
 Quick silver on the move 223
 If you must 224
 Oil and Gas: Truly Volatile Commodities 225
 Oily business 225
 No experience necessary 226
 The sad saga of contango 226
 Taxing your tax advisor 227
 (Somewhat) Safer Commodity Plays..... 228
 General commodity index funds..... 228
 Actively managed, or quasi-actively managed,
 commodity funds 230
 Awaiting new developments..... 231
 Playing the Commodity Market Indirectly 231
 Tapping into commodity companies 232
 Tapping into commodity-rich countries..... 234

**Chapter 15: Working Non-ETFs and Active ETFs
 into Your Investment Mix 235**

Tinkering with an Existing Stock or Mutual Fund Portfolio 236
 Improving your diversification..... 236
 Minimizing your investment costs 237
 Using ETFs to tax harvest 238
 Looking Beyond the Well-Rounded ETF Portfolio 239
 Mutual funds as cheap as ETFs: Vanguard Admiral shares 239
 Where few investors have gone before: DFA funds..... 240
 Timber REITs..... 241
 I Bonds: An Uncle Sam bond with a twist 242
 Market-neutral mutual funds..... 242
 A commodity fund without too much hassle 243
 Fixed immediate annuities..... 244
 Venturing into exchange-traded notes..... 244
 Going Active with ETFs 246

Part IV: Putting It All Together 249

Chapter 16: Sample ETF Portfolio Menus 251

So, How Much Risk Can You Handle and Still Sleep at Night? 252
 A few things that just don't matter..... 253
 The irony of risk and return 254
 The 20x rule..... 254
 Other risk/return considerations 256
 The limitations of risk questionnaires 256
 Keys to Optimal Investing 258
 Incorporating Modern Portfolio Theory into
 your investment decisions..... 258
 Minimizing your costs 258

Striving for tax efficiency	259
Timing your investments (just a touch)	259
Finding the Perfect Portfolio Fit.....	260
Considering the simplest of the simple	260
Racing toward riches: A portfolio that may require a crash helmet	261
Sticking to the middle of the road	263
Taking the safer road: Less oomph, less swing	267

Chapter 17: Exercising Patience: The Key to Any Investment Success 271

The Tale of the Average Investor (A Tragicomedy in One Act)	274
Returns that fall way short of the indexes.....	274
ETFs can make failure even easier!.....	275
The lure of quick riches	276
The Value Line Paradox.....	277
Paper versus practice	277
The lesson to be learned.....	278
“Investment Pornography” in Your Mailbox (and Mine).....	278
Welcome to the wild, wacky world of investment advice	279
Caveat emptor: ETF-trading websites for suckers.....	280
Patience Pays, Literally.....	281
Talk about unpredictability.....	281
A short history of the market’s resiliency.....	282

Chapter 18: Exceptions to the Rule (Ain’t There Always) 285

Rebalancing to Keep Your Portfolio Fit	286
How rebalancing works.....	286
How often to rebalance.....	288
Rebalancing for retirees.....	288
Contemplating Tactical Asset Allocation	289
Understanding the all-important P/E ratio	289
Applying the ratio to your portfolio	290
Buying unloved assets.....	291
Investing the SweetSpot way.....	291
Harvesting Tax Losses, and the IRS’s Oh-So-Tricky “Wash Rule”	293
What the heck is “substantially identical” anyway?.....	293
As always, consider cost.....	294
Revamping Your Portfolio with Life Changes:	
Marriage, Divorce, and Babies	294
Betsy and Mark: A fairly typical couple	295
One year later	296
Yet one year later.....	297
Are Options an Option for You?	297
Understanding puts and calls.....	298
Using options to make gains without risk	299
Insuring yourself against big, bad bears.....	300

Seeming almost too good to be true	300
Weighing options strategies against the diversified ETF portfolio	301
Factoring in time and hassle	301
Chapter 19: Using ETFs to Fund Your Golden Years	303
Aiming for Economic Self-Sufficiency.....	304
Taking the basic steps.....	305
Choosing the right vessels.....	305
Curing the 401(k) Blues	309
Lobbying the benefits manager.....	310
Introducing the Roth 401(k)	312
Strategies for the Self-Employed.....	314
The traditional IRA versus the Roth IRA.....	314
Taxes now or taxes later?	315
Ushering Your Portfolio into Retirement Readiness.....	315
15+ years and counting	315
Less than 15 years to retirement	316
Withdrawing Funds to Replace Your Paycheck.....	316
Don't obsess over maintaining principal or drawing from dividends	317
As always, watch the fees	319
Take your minimum required distributions.....	319
IRA, 401(k), or regular (taxable) brokerage account: Which to tap first?	320
Part V: The Part of Tens	321
Chapter 20: Ten FAQs about ETFs	323
Are ETFs Appropriate for Individual Investors?.....	323
Are ETFs Risky?.....	323
Do I Need a Financial Professional to Set Up and Monitor an ETF Portfolio?.....	324
How Much Money Do I Need to Invest in ETFs?	325
With Hundreds of ETFs to Choose From, Where Do I Start?.....	325
Where Is the Best Place for Me to Buy ETFs?	326
Is There an Especially Good or Bad Time to Buy ETFs?.....	326
Do ETFs Have Any Disadvantages?	326
Does It Matter Which Exchange My ETF Is Traded On?	327
Which ETFs Are Best in My IRA, and Which Are Best in My Taxable Account?	327
Chapter 21: Ten Mistakes Most Investors (Even Smart Ones) Make	329
Paying Too Much for an Investment	329
Failing to Properly Diversify.....	329
Taking on Inappropriate Risks.....	330

Selling Out When the Going Gets Tough 330
 Paying Too Much Attention to Recent Performance 330
 Not Saving Enough for Retirement 331
 Having Unrealistic Expectations of Market Returns 331
 Discounting the Damaging Effect of Inflation..... 332
 Not Following the IRS’s Rules..... 332
 Failing to Incorporate Investments into a Broader Financial Plan..... 332

**Chapter 22: Ten Forecasts about the Future of ETFs
 and Personal Investing 333**

ETF Assets Will Continue to Grow . . . for Better or Worse..... 333
 More Players May Enter the Field, but Only a Few 334
 Investors Will Get Suckered into Buying Packaged Products..... 334
 ETF Investors Will Have More, and Better, Options .. 335
 The Markets Will (Unfortunately) See Greater Correlation
 than in the Past 335
 Asset Class Returns Will Revert toward Their Historic Means 336
 Taxes Will Rise..... 336
 Inflation Will Remain Tame 337
 Private Pensions (of Sorts) May Emerge from the Rubble..... 337
 Hype Will Prevail!..... 338

***Part VI: Appendixes* 339**

Appendix A: Great Web Resources to Help You Invest in ETFs 341

Appendix B: Glossary 347

***Index* 353**
