- Accelerated depreciation, 362–363  
Acceptable quality level, 337  
Account balances, analysis of, 448–450  
Accounting changes:  
    correction of error, 120  
    estimate, 118–119  
    overview of, 114–115  
    principle, 115–118  
    reporting entity, 119  
Accounting disclosures:  
    adequacy of, 581  
    defined benefit plans, 180–181  
    fixed assets, 49  
    intangible assets, 53  
    segmental reporting, 130–132  
    stockholders' equity, 89–90  
Accounting estimates:  
    change in, 118–119  
    degree of certainty in, 243–244  
    overview of, 591–592  
Accounting policies:  
    disclosure of, 122–123  
    income statement analysis and, 242–243  
Accounting principles:  
    change in, 670–671  
    reports on application of, 587–589  
Accounting rate of return (ARR), 353–354  
Accounting Standards Codification (ASC):  
    ASC 810, 142  
    overview of, 113–114  
    requirements under 250-10-05, 114–115,  
    117  
    requirements under 280-10-05-2, 128  
Accounts receivable:  
    confirmation of, 597  
    evaluation of, 223–224  
    overview of, 34–36  
Accrual accounting, 202  
Accumulated postretirement benefit  
    obligation, 184  
Acquisition method, 144–145, 146  
Activity-based costing, 331–334  
Adverse opinions:  
    in audit reports, 460–461  
    in examination reports, 506–507  
    on internal control, 539–541  
    in internal control examination integrated  
    with financial audit, 532  
Advertising costs, 23  
After-tax outflows, 362  
Agreed-upon procedures:  
    attest engagements, 517–518  
    prospective financial statements, 507–510  
    specific items and, 568–569  
Allocated fixed costs, 325  
American Institute of Certified Public  
    Accountants (AICPA):  
    clarity project, 656  
    Code of Professional Conduct, 703–708  
    Statement on Standards for Consulting  
    Services, 697–698  
    Statements on Quality Control Standards,  
    699  
Amortization:  
    of bond discount or premium, 59–61  
    of defined benefit plan, 173, 176
