Acknowledgments	xi
Introduction	xiii
Why this Teaching Approach is Different	xiii
Elliott Waves and Market Swings Are Not the Same	xvi
Are Attributes of Balance and Proportion Subjective? No.	xxi
CHAPTER 1	
Using the Elliott Wave Principle to Evaluate Mass Psychology	1
Geometric Proportion in Market Data	2
CHAPTER 2	
The Patterns That Describe Trending Market Movement	17
Impulse Waves Create Market Trends	18
How to Label a Specific Price Pivot	23
Using Fewer Bars to Represent Complete Impulse Waves	24
Working with Impulse Waves in Strong Trends	26
Termination Diagonal Triangles: An Introduction	35
CHAPTER 3	
The Basic Patterns That Describe Corrective Market Movement	39
How to Examine Corrective Price Movement	40
A Zigzag Corrective Pattern	43
A Flat Corrective Pattern	49
An Expanded Flat Corrective Pattern	53
The Triangle Corrective Patterns	58
CHAPTER 4	
Diagonal Triangles (Wedges)	67
Termination Diagonal Triangle Pattern	67
Leading Diagonal Triangle Pattern—Type 2	73

CHAPTER 5

A Summary with Study Flash Cards for Patterns, Rules, and Guidelines	77
Study Flash Cards for the Basic Patterns	78
A Summary of Rules and Guidelines	83
A Table of Degree Labels and Names	85
Beginner Level: Practice Examination	86
Beginner Level: Final Examination	95
Exercise Appendix	105
About the Author	137
