

威科先行 智·合规 | 汽车行业

威科先行® 智·合规 | 汽车行业是基于威科先行法律信息库推出的聚焦于汽车行业、高度贴合汽车行业合规需求、紧追汽车行业热点问题的专家解决方案。

随着互联网技术的发展和全球环境保护的深入，新能源和智能网联汽车的发展进入快车道。在政策支持力度加大、各大企业纷纷推出新能源汽车与自动驾驶汽车的情况下，智·合规 | 汽车行业集合法规与案例查询、实务问题解决、深入专家解读、在线专家问答等功能，打造汽车行业法律服务的流程化与智能化科技服务产品。

汽车行业全流程合规平台

 聚焦汽车行业，简洁流畅界面，体验更优质

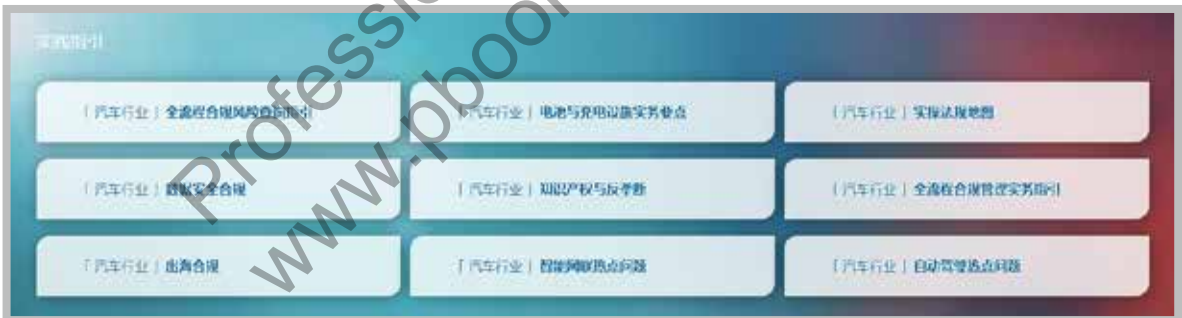

针对新能源车企业、燃油车企业、汽车零部件企业、服务与贸易型企业四种企业类型，覆盖汽车行业上中下游全链条，信息获取更深入

针对汽车行业不同类型企业合规链条，梳理产业链中的合规风险点与典型法律问题，查询定位更精准

分析车企常见问题，关注行业前沿热点，提供合规精华梳理，一键点击更高效

权威法律合规专家保驾护航，知识来源更专业

专家团队

优势功能与内容，助力您的合规工作

🚗 汽车行业信息全覆盖，功能与栏目深度结合，一站式查询便捷工作

- 海量法规精中选精、及时更新、高效检索、智能关联、批量下载；
- 业内专家及时、深入解读的**专业文章**，成体系剖析实务问题的**专题聚焦**，大体量高价值的**实务指南**，层层递进为您的实务操作保驾护航；
- 多种形式的工具助手（**智能图表、智能决策、内训助手**）助力您的效率提升；
- 实时更新的**行业动态**，帮您把握前沿态势、洞悉行业发展

🚗 以维度为索引，以行业风险为要点，对各个环节与场景下的法律问题对应的内容予以体系化梳理，场景化查找对应的法律风险要点与合规建议。

为帮助用户查找行业内容，便捷检索渠道，威科先行推出“热点问题内容指引”特别专题，以“产业链”“合规领域”“细分行业”三大维度为索引，以行业风险为要点，对各个环节与场景下的法律问题对应的内容予以体系化梳理，以期为企业合规提供行之有效的解决方案。

*本专题内容将持续更新，欢迎关注。

[产业链](#) [合规领域](#) [细分行业](#)

产业链

从汽车生产产业链的角度，分析车企在日常经营活动中可能存在的法律风险问题等

车辆生产	安全生产	环保问题	产品质量
车辆销售	常规问题	个人信息	经销商管理
车辆售后	常规问题	个人信息	其他

合规领域

分析不同合规领域的法律风险点

知识产权	标准必要专利	交叉领域：知识产权与反垄断	
反垄断	乘车企业	零部件企业	销售与售后企业
广告	实务重点		自媒体宣传
劳动用工	常规问题	竞业限制	商业秘密 特殊用工
反商业贿赂	一般规定		具体情形风险点

细分行业

分析不同合规领域的法律风险点

知识产权	车辆准入	车辆研发	车辆生产	销售与售后
反垄断	数据安全	配套设施		
广告	法规与标准	数据安全	软件升级	道路安全与测试
劳动用工	国内与国外立法	准入	侵权责任	道路测试与数据
反商业贿赂	出行平台	汽车金融	车辆进出口	二手车平台

智能风险筛查工具，查阅各领域各阶段合规风险点。以清晰易用的图表形式梳理展现，汇聚多维度相关信息，便捷、高效。

Wolters Kluwer

Smart Compliance/Automotive Industry Reference

Wolters Kluwer® Smart Compliance/Automotive Industry Reference is an expert solution based on Wolters Kluwer China Law & Reference, which is focused on the automotive industry, highly adapted to the compliance needs of the automotive industry, and keeps up with the hot topics in the automotive industry.

With the development of Internet technology and the deepening of global environmental protection, new energy and intelligent network vehicles have gained rapid development. Under the context of increased policy support and the launch of new energy vehicles and self-driving vehicles by major enterprises, Smart Compliance/Automotive Industry Reference has the functions such as query of laws and regulations and cases, solution of practical problems, and in-depth expert interpretation, online expert Q&A, to serve as a process-based and intelligent technological service product for legal services in the automotive industry.

Whole-process Compliance Platform for the Automotive Industry

Focus on the automotive industry, with a simple and smooth interface and better experience

Target at four types of enterprises: **new energy vehicle enterprises, fuel vehicle enterprises, auto parts enterprises, and service and trade enterprises**, covering the entire chain upstream, midstream and downstream of the automotive industry, and providing more in-depth information

Compliance risk points and typical legal issues in the industry chain are shown in relation to the compliance chains of different types of companies in the automotive industry, enabling more precise search and localization.

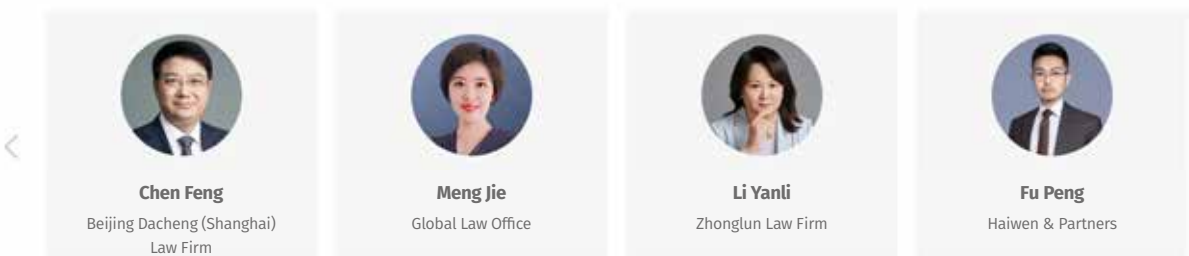

Analyze the common problems of automotive enterprises, focus on the hottest topics of the industry, and provide the summary of compliance highlights, enabling higher efficiency simply at a click

Authoritative legal compliance experts provide support, ensuring more professional sources of knowledge

Team of Experts

Competitive features and content to support your compliance efforts

-  Complete coverage of automotive industry information and deep combination of features and various sections for convenient, one-stop searching
 - A selection of regulations that are updated on a timely basis and are available for efficient retrieval, intelligent association and batch downloading;
 - Professional Articles, which provide in-depth and timely interpretations by industry experts, Special Topics, which provide systematic analysis of practical issues, and Practice Guides, which are large in volume and high in value to progressively support your practical operations;
 - Multiple forms of tool assistants (Smart Diagrams, Smart Decision-making, Internal Training Assistant) to help you improve your efficiency;
 - Real-time industry news to help you stay on top of the situation and gain insight into industry developments.

-  **Using dimensions as an index and industry risks as key points**, we provide a systematic compilation of the content corresponding to legal issues in each link and scenario, allowing you to search for the corresponding legal risk points and compliance suggestions on a scenario-by-scenario basis.

Industry Chain

From the perspective of the automotive manufacturing industry chain, we analyze the legal risks that may exist in the daily business activities of automotive enterprises, etc.

Vehicle Manufacturing	Safe production	Environment protection	Product quality
Vehicle Sales	Regular problems	Personal information	Dealer management
After-sales Service	Regular problems	Personal information	Others

Compliance

Analyze legal risk points in different compliance areas.

Intellectual Property Rights	Standard Essential Patents		Crossing Field: Intellectual Property and Antitrust	
Antitrust	Ride-sharing companies	Spare parts companies	Sales and after-sales companies	
Advertising	Practical focus		Self-media promotion	
Labor and Employment	Regular problems	Non-compete	Trade secret	Special labor
Anti-Commercial Bribery	General provision		Situation-specific risk points	

Industry Subdivision

Analyze legal risk points in different compliance areas

Antitrust	Vehicle admittance	Vehicle development	Vehicle manufacturing	Sales and after-sales
Antitrust	Data security	Supporting facilities		
Antitrust	Regulations and Standards	Data security	Software upgrade	Road safety and test
Antitrust	Domestic and foreign legislation	Admittance	Tort liability	Road tests and data
Antitrust	Travel platforms	Automotive finance	Vehicle import and export	Used vehicle platform

We provide intelligent risk screening tools to identify compliance risk points in all areas and at all stages. Clear and easy-to-use charts and graphs bring relevant information together in multiple dimensions for convenience and efficiency.

- A quick look at the judgment principles of typical cases in the automotive industry

A quick look at the judgment principles of typical cases in the automotive industry

Smart Diagrams

2023.02.01
