<b>1 Introduction</b>	<b>1</b>
One housing market or many housing markets?	2
Housing markets and planning policy	4
The analytical approach	5
Aims and objectives	8
The structure of the book	8
<b>2 The Housing Problem</b>	<b>11</b>
Context	12
Housing market trends	14
Spatial house price trends	21
Affordability	25
Economics of the house building industry	30
Low-demand areas	34
Wider planning policy context	35
Conclusions	38
<b>3 Spatial Structure of Housing Markets</b>	<b>41</b>
A model of an urban housing market	41
The theoretical impact of planning	45
Empirical evidence on the impact of planning	47
Planning the housing market	51
Housing market areas and processes	54
Case studies of HMAs	60
Implications of HMAs for planning	64
Conclusions	65
<b>4 Understanding Housing Submarkets</b>	<b>69</b>
Origins of housing submarket studies	70
Theoretical basis for housing submarkets	72
Defining and identifying housing submarkets	76
Temporal dynamics of housing submarkets	85
Modelling submarket structures	87
Conclusions: submarkets as an analytical framework	88

<b>5</b>	<b>Dynamics of the Housing Market</b>	<b>91</b>
	Choices and constraints	92
	Migration and spatial house price trends	95
	New house building, urban form and local housing market dynamics	97
	Intra-urban housing market dynamics	99
	Neighbourhood dynamics	103
	Neighbourhood succession	107
	Neighbourhood revitalisation	110
	Conclusions	113
<b>6</b>	<b>Planning for the Housing Market</b>	<b>115</b>
	Spatial change, planning and housing	116
	The evolution of planning for housing markets	121
	Current practice in planning for housing	124
	The operation of the planning system	126
	Reconciling the evidence: broader political and policy concerns	135
	Conclusions	137
<b>7</b>	<b>Planning Policies and the Market</b>	<b>141</b>
	Planning policies and the market	142
	The changing housing policy context	146
	Provision of affordable housing	147
	Encouraging social mix	153
	Sustainable development	157
	Conclusions	160
<b>8</b>	<b>Conclusions and the Way Forward</b>	<b>163</b>
	Current and future housing market context	163
	The contemporary policy agenda and the housing challenge	166
	Towards a framework for housing analysis	169
	Reshaping the system of planning for housing	172
	Local housing market analysis and planning practice	174
	The challenge to planning and the way forward	181
