

# Index

- advocacy decision process 103
- aggregating across experts 87
- allocate resources 303, 308, 308
- alternative generation 154–159
- alternatives (element of decision quality)
  - 94
- analytical decision process 102–103
- anatomical decision making 24
- assess benefits 306
- assess costs 306
- authentic 229, 231, 246
  
- backcasting 155
- balance sheet 135
- bandwagon effect 36
- base case 176
- base realignment and closure 12
- basic components of communications
  - 321
- Bayes' Law 47, 48, 362–369
- behavioral decision theory 48, 49
- biases
  - anchoring and adjustment bias 37
  - availability bias 37
  - base rate bias 37
  - cognitive bias 35
  - comfort zone bias 152
  - confirmation bias 36
  - hindsight bias 38
  - information bias 36
  - motivational bias 33
  - representativeness bias 38
  - self-serving bias 38
  
- Boolean algebra 222
- bottom line up front 333
- business knowledge 32
- business unit 174, 177
  
- cash flow statement 135
- certain equivalent 282–284
- certainty illusion 37
- Chevron 2
- choice rule 50
- clarity test 363–364
- clear, definition 246
- coal chute 328
- combined standard 129, 139, 140, 144,
  - 146
- communicating analysis insights 88
- communicating quantitative information
  - 329
- communicating with senior leaders 323
- communications objectives 323
- communications paths 321
- communications plan 332
- composite perspective 168, 188, 223,
  - 228–229, 238, 239, 246
- conditional probability 366
- conditioning 180, 187, 223, 229–246
- conference format 383
- consensus 326
- consequence model 57, 65
- constructed measure 136
- continuous uncertainty 370, 376
- convergent thinking 85
- cost objective 134, 135, 141

- data center 18, 42, 144
- decision analysis 3
- Decision Analysis Affinity Group 14
- decision analysis applications 8
- decision analysis cycle 99–100
- decision analysis practitioners 12
- decision analysis process 4
