## PART I PUBLIC HEALTH AND MEDICAL PROFESSION

### CHAPTER 1 PHILOSOPHY OF MEDICAL ETHICS *Peter Au-Yeung*

1.1 Introduction.....	3
1.2 Some Ethical Theories.....	3
1.2.1 Deontology.....	4
1.2.1.1 Advantages and disadvantages of deontological theories.....	5
1.2.2 Consequentialism .....	7
1.2.2.1 Utilitarianism .....	7
1.2.3 Virtue ethics.....	11
1.2.3.1 Strengths and weaknesses of virtue ethics .....	15
1.3 Different Approaches to Ethical Problem-Solving.....	16
1.3.1 Principle-based approaches.....	16
1.3.1.1 The principle of respect for autonomy.....	17
1.3.1.2 The principle of beneficence.....	20
1.3.1.3 The principle of non-maleficence .....	22
1.3.1.4 The principle of justice .....	25
1.3.2 Critique of principle-based approaches.....	27
1.3.3 Casuistry or case-based reasoning.....	27
1.3.4 Rights-based approaches.....	30
1.3.4.1 Rights as trumps.....	31
1.3.4.2 The problem with rights-based approaches .....	32
1.4 Two Important Traditions in Local Medical Ethics.....	34
1.4.1 Christianity.....	35
1.4.1.1 Ordinary and extraordinary means.....	35
1.4.1.2 Principle of double effect.....	37
1.4.1.3 Some important differences relating to the Christian tradition.....	39
1.4.2 Confucianism .....	40
1.4.2.1 Some important differences .....	40
1.5 Relationship between Medical Ethics and Medical Law .....	42
1.5.1 Law and ethics in general.....	42
1.5.2 Medical ethics and medical law .....	47

**CHAPTER 2 PUBLIC HEALTH***Abraham Wai*

2.1 Introduction .....	51
2.1.1 The concept of "public health" .....	51
2.1.2 Health determinants .....	52
2.1.3 Public goods and public services .....	53
2.2 An Ethical Framework .....	53
2.2.1 State-citizen relationship .....	54
2.2.2 Liberalism in public health issues .....	55
2.3 Policy Framework and Practice .....	57
2.3.1 Evidence .....	57
2.3.2 Risk .....	59
2.3.3 Precaution and proportion .....	60
2.3.4 Choice .....	61
2.3.5 Vulnerable groups, health inequalities and targeted intervention .....	61
2.3.6 Behaviour change .....	62
2.3.7 Policy spectrum .....	62
2.3.8 Stakeholders and policymaking .....	63
2.3.9 Economics .....	64
2.4 Public Health Law .....	65
2.4.1 Government power and duty .....	65
2.4.2 The power to coerce and limits on state power .....	65
2.4.3 The public health system: partners for population health .....	67
2.4.4 The population focus .....	68
2.4.5 Communities and civic participation .....	68
2.4.6 The prevention orientation .....	69
2.4.7 Social justice .....	69
2.5 Healthcare System in Hong Kong .....	69
2.5.1 Historical development .....	69
2.5.2 Dual-track health system .....	74
2.5.3 Public health system .....	74
2.5.4 Seamless healthcare system .....	77
2.5.4.1 Seamless healthcare: the concepts .....	77
2.5.4.2 The new dimension of seamless healthcare .....	78
2.5.4.3 Different approaches of seamless healthcare .....	78
2.5.5 Outcome-focused healthcare strategy .....	79
2.6 Infectious Diseases .....	82
2.6.1 A brief history of infectious diseases in Hong Kong .....	82
2.6.2 International Health Regulations and Hong Kong .....	83
2.6.3 Ethical issues with vaccination .....	88
2.7 Non-communicable diseases .....	90
2.7.1 Introduction .....	90
2.7.2 Ethical issues with public health promotion .....	92
2.7.3 Ethical issues with disease screening .....	94
2.8 Healthcare Financing .....	99
2.9 Ethical Issues in Health Financing .....	102

2.9.1 Healthcare financing attributes .....	102
2.9.2 General sources of healthcare financing .....	105
2.9.3 Financing options .....	105
2.9.4 Input mechanism .....	105
2.9.5 Output mechanism .....	108
2.10 Resources Allocation Practice in Hospital Authority .....	108
2.10.1 Financial condition of Hospital Authority .....	111
2.10.2 Evolution of the internal resource allocation model .....	111
2.10.2.1 Hospital plan-based model .....	112
2.10.2.2 Population-based model .....	112
2.10.2.3 Pay-for-performance .....	113
2.10.2.4 Current framework .....	113
2.11 Prioritisation in Publicly Funded Healthcare—Ethical Considerations .....	113
2.11.1 Introduction: prioritisation of healthcare and the goals of medicine .....	114
2.11.2 International perspective .....	116
2.11.3 How things are in Hong Kong .....	117
2.11.4 Prioritisation principles at institutional level .....	118
2.11.5 Basic care and adequate care .....	121
2.11.6 Standard package and target subsidy in Hong Kong .....	122
2.11.7 The role of private financing .....	123
2.11.8 A just healthcare system for Hong Kong .....	123
2.11.9 Prioritisation principles at bedside level .....	125
2.12 Conclusion .....	125

**CHAPTER 3 REGULATION OF MEDICAL PRACTICE***Abraham Wai*

3.1 Professional Ethics .....	127
3.1.1 Professional code .....	133
3.1.2 Professional Code and Conduct of the Medical Council of Hong Kong .....	134
3.2 Compassionate Care .....	135
3.3 Regulation of Medical Practice .....	139
3.3.1 Medical Registration Ordinance .....	141
3.3.2 The General and Specialist Registers .....	142
3.3.2.1 The General Register .....	146
3.3.2.2 Temporary registration .....	146
3.3.2.3 Limited registration .....	147
3.3.2.4 Provisional registration .....	147
3.3.2.5 Retention certificate .....	148
3.3.2.6 Specialist registration .....	149
3.3.2.7 Removal of names and qualifications .....	149
3.3.3 Medical Council of Hong Kong .....	149
3.3.3.1 Licentiate Committee .....	150
3.3.3.2 Preliminary Investigation Committee .....	151
3.3.3.3 Education and Accreditation Committee .....	151
3.3.3.4 Ethics Committee .....	151
3.3.3.5 Health Committee .....	151

3.3.4	Professional conduct and fitness to practise .....	152
3.3.4.1	Disciplinary inquiry proceedings .....	152
3.3.4.2	Removal, suspension and other orders for conviction of crime or for misconduct etc. ....	152
3.3.4.3	Criminal convictions .....	155
3.3.4.4	Misconduct in any professional respect .....	156
3.3.4.5	Need for due inquiry .....	157
3.3.4.6	Appeal .....	157
3.3.4.7	General procedural requirements .....	158
3.3.4.8	Procedure at the hearing .....	159
3.3.4.9	Powers of council in relation to fitness to practise of medical practitioners .....	160
3.3.5	Reform .....	161
3.4	Reviewing Professional Regulatory Frameworks for Healthcare Professionals .....	165
3.5	Setting Up a Clinic .....	167
3.5.1	Mode of business/employment .....	167
3.5.2	Termination of employment .....	169
3.5.3	Entering into a new employment .....	170
3.6	Professional Communication .....	173
3.6.1	Dissemination of information—general rules and practice promotion .....	173
3.6.2	Mass media .....	174
3.6.3	Practice website .....	180
3.6.4	Quotable qualification, appointments and titles .....	181
3.6.5	Stationary, signboards, notices and directories .....	183
3.6.5.1	Signboards .....	183
3.6.5.2	Stationery .....	184
3.6.5.3	Telephone directories .....	184
3.6.5.4	Service information notices .....	185
3.6.5.5	Doctors' directories .....	186
3.7	Charging and Financial Arrangement .....	187
3.7.1	Appropriate fees and overcharging .....	187
3.7.2	Financial relationship with healthcare organisations .....	194
3.7.4	Improper financial transactions .....	196
3.7.5	Pharmaceutical and allied industries .....	198
3.8	Medication .....	201
3.8.1	Prescription and labelling of dispensed medicines .....	201
3.8.2	Supply of dangerous or scheduled drugs .....	202
3.9	Abuse of Alcohol or Drugs .....	203
3.10	Abuse of Professional Position .....	204
3.10.1	Improper personal relationship with patients .....	204
3.10.2	Untrue or misleading certificates and similar documents .....	204
3.11	Challenging Patients .....	204
3.12	Clinical Waste .....	205
3.13	Regulation of Private Healthcare Facilities .....	210

## PART II DOCTOR-PATIENT RELATIONSHIP

### CHAPTER 4 CONSENT

David Wong

4.1	Nature of Consent .....	217
4.1.1	Meaning of consent .....	217
4.1.2	Rationale for consent .....	218
4.1.2.1	Trespass to the person and assault/battery .....	219
4.1.2.2	Criminal assault .....	219
4.1.3	Importance of consent .....	220
4.1.3.1	Historical struggle .....	220
4.1.3.2	Prudent doctor or patient? .....	223
4.1.3.3	The modern attitude .....	223
4.1.4	Basis of consent .....	224
4.1.4.1	Consent and medical ethics .....	224
4.1.4.2	Basic human right .....	224
4.1.4.3	Rules of professional conduct .....	225
4.1.4.4	The common law .....	229
4.2	The Consent Process .....	232
4.2.1	The validity of consent .....	232
4.2.1.1	Intact mind .....	232
4.2.1.2	Voluntariness .....	234
4.2.1.3	Provision of information .....	235
4.2.2	Obtaining consent .....	242
4.2.2.1	Aids for obtaining consent .....	242
4.2.2.2	Who gets the consent .....	242
4.2.2.3	Therapeutic privilege .....	243
4.2.2.4	Evidential aspects of consent .....	245
4.2.2.5	<i>Montgomery v Lanarkshire Health Board</i> .....	246
4.3	Special Aspects of Consent .....	255
4.3.1	Implied consent .....	255
4.3.2	Treatment without consent .....	255
4.3.3	Waiver of consent .....	256
4.3.4	Invalid consent .....	256
4.3.4.1	Wrong/inapplicable consent .....	256
4.3.4.2	Fraudulent consent .....	258
4.3.5	Limits of consent .....	261
4.3.5.1	Extent of consent—what can and cannot be consented? .....	261
4.4	When Consent is Lacking .....	265
4.4.1	Refusal to consent .....	265
4.4.1.1	Statutory exceptions .....	266
4.4.1.2	The mentally incompetent .....	266
4.4.1.3	End-of-life support .....	267
4.4.1.4	The pregnant woman .....	270
4.4.1.5	Emergency treatment .....	271
4.4.1.6	Best interests of a patient .....	271

4.4.2	Withdrawal of consent.....	273
4.4.3	Life-saving treatment .....	274
4.5	Remedy in Breach .....	275
4.5.1	Medical Council complaints.....	275
4.5.2	Legal action.....	276
4.5.2.1	Civil liability .....	276
4.5.2.2	Criminal liability.....	279
4.6	Capacity to Give Consent.....	280
4.6.1	The mental state .....	280
4.6.1.1	The transiently incapacitated .....	282
4.6.2	Guardianship .....	283
4.6.2.1	Adult mentally incapacitated persons .....	283
4.6.2.2	Guardianship for children .....	284
4.6.3	The effect of age.....	284
4.6.3.1	Adults of competent mind.....	284
4.6.3.2	Minors .....	284
4.6.3.3	The foetus in utero .....	287
4.6.3.4	The court's jurisdiction .....	290
4.7	Advance Care Planning.....	292
4.7.1	Statutory protection .....	293
4.7.1.1	Hospital Authority's supporting measures .....	294
4.7.2	Substitute decision-making in medical matters.....	294
4.8	Options for the Healthcare Worker.....	295

## CHAPTER 5 CONFIDENTIALITY

*David Wong*

5.1	Why is Confidentiality Relevant to Healthcare? .....	297
5.2	What is Confidentiality?.....	297
5.3	The Basis of the Duty.....	298
5.3.1	The ethical sources of the duty.....	298
5.3.1.1	The Hippocratic Oath.....	298
5.3.1.2	International Code of Medical Ethics .....	298
5.3.1.3	Code of Professional Conduct of the Medical Council of Hong Kong .....	299
5.3.2	Local institutional policies .....	301
5.3.3	Equity and the common law .....	301
5.3.4	Treaties and statutes .....	304
5.3.4.1	European Convention on Human Rights .....	304
5.3.4.2	Personal Data (Privacy) Ordinance.....	304
5.4	Breaching the Confidentiality Duty.....	312
5.5	Limits to the Confidentiality Rule.....	313
5.6	Patients' Requests for Information.....	315
5.7	Concerned Relatives and Friends .....	317
5.8	Electronic Health Records.....	318

5.9	Achieving Better Security for Data.....	319
5.9.1	The Caldicott reviews.....	320
5.9.2	Hospital Authority policy on information security and privacy.....	320
5.9.3	Staff contribution to data security .....	321
5.10	Confidentiality and Death.....	321
5.11	Special Categories of Patients .....	324
5.12	Purposes of Medical Research .....	326
5.13	Confidentiality and the Legal Process .....	326
5.14	Third-Party Requests for Disclosure .....	327
5.14.1	Public interest for information .....	327
5.14.2	Police investigations.....	329
5.14.3	Requests from the court.....	330
5.15	Confidentiality and HIV Infection.....	331
5.16	The Patient's Remedies .....	333
5.17	When is Disclosure Safe?.....	334
5.18	Where Lies the Right Balance?.....	335

## CHAPTER 6 MEDICAL NEGLIGENCE

*David Wong*

6.1	Nature of Malpractice.....	339
6.1.1	Implications.....	339
6.1.2	Risky areas .....	339
6.2	Elements of Negligence .....	340
6.2.1	Duty of care.....	340
6.2.1.1	What is a duty?.....	340
6.2.1.2	The scope of the healthcare worker's duty .....	343
6.2.1.3	When does a duty begin?.....	345
6.2.1.4	When does a duty end?.....	345
6.2.2	Breach of duty .....	345
6.2.2.1	How is the duty measured?.....	345
6.2.2.2	Who defines the standard of care? .....	346
6.2.2.3	Applications of <i>Bolam</i> test and <i>Bolitho</i> decision.....	348
6.2.2.4	How high is the standard required? .....	349
6.2.2.5	Usual practice.....	350
6.2.3	Causation and proximity .....	351
6.2.3.1	Causation.....	352
6.2.3.2	Proximity.....	361
6.2.3.3	Recent developments and flexibility .....	362
6.2.4	Damage.....	364
6.2.5	Compensation for damage.....	364
6.2.5.1	Pain, suffering and loss of amenities .....	365
6.2.5.2	Loss of earnings .....	367
6.2.5.3	Medical expenses .....	368

6.2.5.4	Conventional multipliers.....	368
6.2.5.5	Fatal claims.....	370
6.2.5.6	Costs and interest.....	370
6.2.5.7	No double recovery.....	371
6.2.6	<i>Res ipsa loquitur</i> .....	372
6.2.7	Defences.....	375
6.2.7.1	Contributory negligence.....	375
6.2.7.2	Time limits.....	375
6.2.8	Gross negligence.....	376
6.3	Special Situations.....	380
6.3.1	Judgment errors.....	380
6.3.2	Known complications.....	381
6.3.3	Apology and liability.....	382
6.3.4	Good Samaritan acts.....	385
6.3.5	Liability to third parties.....	385
6.3.5.1	Employment health checks.....	385
6.3.5.2	Vicarious liability.....	388
6.3.5.3	Incidental clinical findings affecting relatives.....	389
6.3.6	Innovations.....	389
6.3.7	The scarce resources situation.....	390
6.3.8	Alternative medicine.....	390
6.3.9	Inexperienced staff.....	392
6.3.10	Wrongful births.....	394
6.3.11	Loss of opportunity claims.....	396
6.3.12	Future advances.....	400
6.4	Remedy.....	401
6.4.1	Filing a complaint against the healthcare worker or the institution.....	401
6.4.2	Medical Council actions.....	402
6.4.2.1	The Medical Council and Professional Conduct.....	402
6.4.2.2	Lodging a complaint to the Medical Council of Hong Kong.....	403
6.4.2.3	The disciplinary options.....	404
6.4.2.4	Mitigation factors for Medical Council of Hong Kong's sentencing.....	405
6.4.2.5	Appeals.....	405
6.4.2.6	Judgments of the Medical Council of Hong Kong.....	405
6.4.2.7	Test for professional misconduct.....	407
6.4.2.8	Standard of proof in inquiries.....	414
6.4.2.9	Legal representation at hearings.....	416
6.4.3	Tortious claims.....	417
6.4.3.1	Court of jurisdiction.....	417
6.4.3.2	Pleading.....	419
6.4.3.3	Expert evidence.....	421
6.4.3.4	Limitation of time for action.....	427
6.4.3.5	Burden and standard of proof.....	429
6.4.3.6	Duty to mitigate.....	430
6.4.3.7	Impecunious plaintiffs.....	431
6.4.3.8	Interim payment and provisional damages.....	432

6.4.3.9	Sanctioned offers and payments.....	434
6.4.3.10	Legal professional privilege.....	435
6.4.3.11	Procedural aspects and case management.....	436
6.4.3.12	Aspects of causes of action.....	438
6.4.3.13	Private settlement.....	440
6.4.3.14	Appeals.....	441
6.4.4	Criminal liability.....	441
6.5	Alternative Compensation Options.....	442
6.5.1	The existing tort-based system.....	442
6.5.2	Alternatives for redress.....	444
6.5.2.1	Complaining to the regulatory body.....	444
6.5.2.2	Settlement.....	444
6.5.2.3	Alternative dispute resolution.....	445
6.5.2.4	Mediation.....	446
6.5.3	Administrative compensation.....	447
6.5.3.1	New Zealand.....	448
6.5.3.2	United Kingdom.....	449
6.5.3.3	Scandinavia.....	450
6.5.3.4	United States of America.....	450
6.5.3.5	France.....	451
6.5.3.6	The no-fault approach overall.....	451
6.5.4	Enterprise liability.....	451
6.5.5	What for Hong Kong?.....	452

### PART III BEGINNING AND END OF LIFE

#### CHAPTER 7 REPRODUCTION

*Baljit Kaur and Abraham Wai*

7.1	Introduction.....	455
7.2	Surrogacy.....	455
7.2.1	Introduction.....	455
7.2.2	Types of surrogacy.....	456
7.2.3	Human Reproductive Technology Ordinance.....	456
7.2.3.1	History of the Ordinance.....	457
7.2.4	Ethical concerns of surrogacy.....	458
7.2.4.1	Effects on the surrogate mother.....	458
7.2.4.2	Effects on the surrogate infant.....	459
7.2.4.3	Non-enforceable surrogacy arrangement.....	460
7.2.4.4	Reasons of non-commercialisation.....	461
7.2.4.5	Confidentiality.....	461
7.2.4.6	Utilitarianism versus deontology.....	461
7.2.5	Examples of surrogacy in Hong Kong.....	461
7.2.6	The moral perspective.....	462
7.2.7	The legal perspective.....	463
7.2.8	Surrogacy and traditional thought.....	463
7.2.9	Surrogacy and marriage.....	465

7.2.10	Impact on the growth of children	465
7.2.11	Surrogacy and women's dignity	466
7.2.12	Surrogacy and individual desire	466
7.2.13	Commercial surrogacy in Hong Kong	466
7.2.13.1	Arguments for legalisation	467
7.2.13.2	Arguments against legalisation	467
7.2.14	Conclusion	468
7.3	Abortion	469
7.3.1	Introduction	469
7.3.2	Relationship between minors' abortion and autonomy	469
7.3.3	Legal perspective of abortion	470
7.3.4	Law and autonomy of minors	471
7.3.5	Foetal rights and autonomy of minors	471
7.3.6	Implication of minors' abortion in other countries	473
7.3.6.1	United States of America	473
7.3.6.2	United Kingdom	473
7.3.6.3	Hong Kong	474
7.3.7	Conclusion	474
7.4	Medical Genetics	476
7.5	Genomic Medicine	477
7.6	Genetic Counselling	478
7.6.1	Overview	478
7.6.2	Terminology	478
7.6.3	Genetic counselling	479
7.6.4	Ethical aspects of genetic counselling	480
7.6.5	Use of genetic information	482
7.6.6	Ethical problems in genetic counselling	483
7.7	Reproductive Genetic Technology	484
7.7.1	Introduction	485
7.7.2	Reproductive genetic testing	485
7.7.2.1	Carrier testing	485
7.7.2.2	Sperm sorting for sex selection	486
7.7.2.3	Preimplantation genetic diagnosis	486
7.7.2.4	Prenatal genetic testing (or prenatal genetic diagnosis)	487
7.7.2.5	Potential reproductive genetic technologies	487
7.7.3	Ethical issues	487
7.7.3.1	Destruction of embryos and fetuses	488
7.7.3.2	Avoiding harm to children and mothers	489
7.7.3.3	Stigma and discrimination	489
7.7.3.4	Reproductive freedom	490
7.7.3.5	Avoiding harm to society	491

## CHAPTER 8 END-OF-LIFE ISSUES

*Helen Chan*

8.1	Introduction: Concerns Centred on End-of-Life Issues	493
8.2	Breaking Bad News: Right to Know versus Duty to Protect?	493

8.3	Life-Sustaining Treatment: Doing Good or Doing Harm?	494
8.3.1	Withholding and withdrawing life-sustaining treatment	495
8.3.2	Treatment futility	496
8.3.3	Which is more important: quality of life versus length of life?	496
8.3.4	Artificial nutrition and hydration: treatment or basic care?	497
8.3.5	Treatment decision: who can decide?	498
8.4	Advance Directives	499
8.4.1	Development of advance directives in Hong Kong	500
8.5	Surrogate Decision-making	511
8.5.1	Validity of surrogate decision-making in Hong Kong	511
8.6	Advance Care Planning	513
8.7	Euthanasia and Assisted Dying	513
8.7.1	Which is overriding: individual autonomy versus societal interest?	515
8.8	Conclusion	516

## CHAPTER 9 DEATH

*Abraham Wai*

9.1	Definition of Death	517
9.2	Diagnosis of Death	521
9.3	Procedures after Death	528
9.3.1	Death registration	528
9.3.2	Disposal of dead body	529
9.4	Coroner's Inquest	530
9.4.1	Circumstances in which coroner may or must hold an inquest	530
9.4.2	Procedures before inquest	531
9.4.3	The inquest	536

## CHAPTER 10 ORGAN DONATION AND TRANSPLANTATION

*Abraham Wai and Peter Au-Yeung*

10.1	General Principles in Organ Transplantation	539
10.2	Development of Organ Transplantation in Hong Kong	540
10.3	Ethical Issues in Transplant Medicine	540
10.3.1	Right to and eligibility for transplantation	541
10.3.2	Tissues and organs for transplantation	543
10.3.2.1	Altruistic donations and the various means to increase supply	544
10.3.2.2	Opt-out or presumed consent	545
10.3.2.3	Buying and selling organs	546
10.3.2.4	Tainted organs and tissues	547
10.3.3	Other related ethical issues	548
10.3.3.1	Donors' rights	548
10.3.3.2	Child donors and saviour siblings	549
10.3.3.3	Opportunity costs of organ support	550
10.4	Key Components of a Legal Framework for Human Organ Transplantation	551

10.5 Xenotransplantation .....	553
10.6 Role of Regulatory Authorities: A Global Perspective.....	554
10.7 Removal of Human Organs.....	555
10.8 Property Rights in Human Organs .....	558
10.9 Human Organ Transplant Ordinance.....	559

## PART IV ADVANCEMENTS IN MEDICINE

### CHAPTER 11 DRUGS AND PHARMACY

*Jennifer Yu, Isaac Cheng and Philip Chiu*

11.1 Introduction.....	567
11.2 Pharmaceutical Products (or Medicines) in Hong Kong.....	567
11.2.1 What are "pharmaceutical products"?	567
11.2.2 Ambiguity on the definition of pharmaceutical products.....	568
11.2.2.1 Factors relevant to deciding whether a product is a pharmaceutical product .....	570
11.2.2.2 Some examples showing the difficulty in deciding whether a product is pharmaceutical product requiring registration .....	570
11.2.3 Registration of pharmaceutical products.....	571
11.2.3.1 All pharmaceutical products are subject to registration.....	571
11.2.3.2 Products not subject to registration.....	572
11.2.3.3 Sale and possession for the purpose of sale of pharmaceutical products .....	572
11.2.3.4 Importation of pharmaceutical products .....	573
11.2.3.5 Deregistration and suspension of registration of pharmaceutical products .....	574
11.3 Forensic Classification of Pharmaceutical Products .....	575
11.3.1 Different levels of control over the sale and supply of pharmaceutical products.....	575
11.3.1.1 Non-Poisons .....	576
11.3.1.2 Poisons .....	576
11.3.1.3 Part II Poisons .....	576
11.3.1.4 Part I Poisons .....	576
11.3.1.5 Part I First Schedule Poisons .....	576
11.3.1.6 Part I First Schedule and Third Schedule Poisons .....	576
11.3.1.7 Dangerous drugs .....	577
11.3.1.8 Antibiotics.....	577
11.3.1.9 Psychotropic substances.....	577
11.3.2 Importance of understanding classification of pharmaceutical products .....	577
11.4 Retail Sale and Supply of Poisons.....	580
11.4.1 Non-Poisons and Part II Poisons .....	580
11.4.2 Part I Poisons .....	581
11.4.2.1 Statutory definition of "Part I Poisons" .....	581
11.4.2.2 Possession of Part I Poisons.....	581
11.4.2.3 Conditions of the sale of Part I Poisons .....	582
11.4.2.4 Labelling requirement of Part I and Part II Poisons .....	584

11.4.3 Part I First Schedule Poisons.....	586
11.4.4 Part I First Schedule and Third Schedule Poisons .....	586
11.4.4.1 Prescribing of Part I First Schedule and Third Schedule Poisons.....	587
11.4.4.2 Dispensing of Part I First Schedule and Third Schedule Poisons.....	588
11.4.4.3 Supply of Part I First Schedule and Third Schedule Poisons .....	592
11.5 Retail Sale and Supply of Antibiotics .....	594
11.6 Retail Sale and Supply of Dangerous Drugs.....	595
11.7 Regulation of Pharmacists.....	598
11.7.1 Overview of the profession .....	598
11.7.1.1 The emerging roles and functions of pharmacists in the healthcare system .....	598
11.7.1.2 Roles and functions of pharmacists in primary healthcare settings.....	599
11.7.1.3 Roles and functions of pharmacists in hospital/institutional settings .....	600
11.7.2 Regulatory framework of the profession.....	600
11.7.3 Registration of pharmacists.....	601
11.7.3.1 Qualification.....	601
11.7.3.2 Training.....	601
11.7.3.3 Registration examinations.....	602
11.7.3.4 Certificate of registration and practicing certificate.....	602
11.8 Conclusion.....	602

### CHAPTER 12 EMERGING MEDICAL TECHNOLOGY

*Abraham Wai*

12.1 Healthcare Technology Assessment .....	605
12.1.1 Definition.....	605
12.1.2 Methods.....	606
12.2 Health Technology Regulation, Management and Assessment.....	606
12.3 Health Technology Assessment for Evidence-Informed Context-Based Decision-making.....	607
12.4 Health Technology Assessment in Health Systems.....	608
12.5 Ethical Analysis to Improve Decision-making on Health Technologies.....	610
12.6 Regulation of New Medical Devices .....	612
12.7 Ethical Implications of New Technologies.....	622
12.7.1 The development of technological mastery.....	622
12.8 New Challenges.....	623
12.8.1 Safety concerns .....	624
12.8.2 Justice concerns.....	624
12.8.3 Pressures of social compliance.....	625
12.8.4 Enhancement .....	625
12.8.5 Living meaningful lives .....	625
12.9 Product Liability.....	625
12.9.1 Contractual liability.....	626
12.9.2 Negligence.....	626

12.10 Liability under Consumer Legislation.....	628
12.10.1 Product liability and consumer protection .....	628
12.10.2 Advertising and promotion.....	628
12.11 Health Informatics.....	629
12.12 Gene Therapy and Personalised Medicine.....	635
12.12.1 Gene therapy .....	635
12.12.2 Policy, ethics and regulation on gene therapy.....	636
12.13 Use of Genes for Performance Enhancement.....	636

## CHAPTER 13 MEDICAL RESEARCH ETHICS *Gavin Joynt*

13.1 Introduction.....	639
13.2 The Ethics of Medical Research.....	639
13.3 The Checkered History of Medical Research.....	641
13.4 The Role of Ethics Committees in Human Research.....	643
13.5 Selected Ethical Issues in Clinical Trials.....	645
13.5.1 Voluntary informed consent.....	645
13.5.2 Voluntary informed consent in urgent or emergency settings.....	646
13.6 The Vulnerable Subject.....	648
13.7 The Principle of Justice in Research Ethics.....	649
13.8 Confidentiality.....	649
13.9 Monitoring, Safety, Insurance and Indemnity.....	650
13.10 Human Tissue.....	650
13.11 Genetic Information.....	652
13.12 Animal Experimentation.....	653
13.13 Misconduct.....	653
13.14 Conclusion.....	654

## PART V EMERGING ISSUES

### CHAPTER 14 DISABILITY DISCRIMINATION *Rita Cheung*

14.1 Introduction.....	657
14.2 Overview.....	659
14.2.1 Medical and social models of disability.....	659
14.2.2 Background to disability law reform.....	660
14.3 Definition of Disability.....	661
14.3.1 Hong Kong.....	661
14.3.2 The United Kingdom approach.....	665
14.4 Forms of Discrimination.....	670
14.4.1 Direct discrimination.....	670

14.4.1.1 On the ground of disability.....	670
14.4.1.2 The comparison.....	671
14.4.2 Indirect discrimination.....	672
14.4.2.1 Objective justification defence.....	673
14.4.3 Reform—discrimination arising from disability.....	675
14.5 Duty to Make Reasonable Adjustments.....	676
14.5.1 Reform.....	680
14.5.2 The United Kingdom experience.....	681
14.5.2.1 Provision, criterion or practice.....	681
14.5.2.2 When the duty is triggered.....	682
14.5.2.3 Lack of knowledge defence.....	683
14.5.2.4 Reasonable steps.....	683
14.6 Conclusion.....	685

### CHAPTER 15 MENTAL HEALTH LAW *William Chui*

15.1 Introduction.....	687
15.2 Guiding Principles for Mental Health Legislation.....	687
15.3 History of Mental Health Legislation in Hong Kong.....	688
15.4 Fundamentals of the Mental Health Ordinance.....	690
15.4.1 Definition and sub-categorisation of mental incapacity, mental disorder and mental handicap.....	690
15.4.2 Definition of “mentally incapacitated person”.....	691
15.4.3 Exclusion from definition of mental disorder.....	692
15.4.4 Definitions and requirement of relatives.....	692
15.4.5 Main executives of the Ordinance.....	693
15.5 Reception, Detention and Treatment of Patients (Part III of the Mental Health Ordinance).....	693
15.5.1 Procedures in reception and detention.....	693
15.5.2 Treatment criteria for detention and compulsory treatment.....	697
15.5.3 Consent and second opinion for certain forms of psychiatric treatment.....	698
15.5.4 Child and adolescent in detention.....	699
15.5.5 Leave from detention with continuous compulsion.....	700
15.6 Mentally Disordered Offenders (Parts IIIA, IIIB and IV of the Mental Health Ordinance).....	703
15.6.1 Fitness to plead.....	704
15.6.2 Insanity at the time of offence.....	704
15.6.3 Guardianship order and supervision and treatment order for criminal cases.....	704
15.6.4 Hospital order.....	706
15.7 Review Mechanisms for Protection of Patients’ Rights (Part IVA of the Mental Health Ordinance: Mental Health Review Tribunal).....	706
15.7.1 Mental Health Review Tribunal.....	706
15.7.2 First-tier Tribunal (Mental Health) in England.....	708
15.8 Protecting Patients Who Lack Mental Capacity: Guardianship of Non-Criminal Cases (Part IVB of the Mental Health Ordinance).....	709
15.8.1 Establishment of a Guardianship Board.....	709
15.8.2 Application of guardianship order under Part IVB.....	710

15.8.3	Safeguards for persons under guardianship order	710
15.8.4	Power of the guardian	711
15.9	Protecting Patients Who Lack Mental Capacity: Medical and Dental Treatment of Mental Patients (Part IVC of the Mental Health Ordinance)	712
15.9.1	Definition of "in the best interests"	713
15.9.2	Definition of mental capacity concerning consent to treatment	713
15.9.3	Advanced decision-making and substitute decision-making in relation to medical treatment	715
15.9.4	Court proceedings for carrying out medical treatments	717
15.9.5	Advocacy of mentally incapable adults	718
15.10	Protecting Patients Who Lack Mental Capacity: Management of Property and Affairs of the Mentally Incapacitated Person (Part II of the Mental Health Ordinance)	718
15.10.1	Part II of the Mental Health Ordinance	719
15.10.2	Enduring Powers of Attorney	720
15.11	Deprivation of Liberty of Patients Who Lack Mental Capacity but are Compliant	721
15.11.1	The Bournemouth gap	721
15.11.2	Safeguards from the Mental Health Act 2007	723

## CHAPTER 16 HUMAN RIGHTS

Abraham Wai

16.1	Introduction	725
16.1.1	Principles and practice of health and human rights	725
16.1.1.1	Definitions	725
16.1.1.2	Link between health and human rights	726
16.1.1.3	Applying human rights to health policy	727
16.1.2	The right to the highest attainable standard of health	727
16.1.3	Human rights-based approach to health	730
16.2	International Human Rights Laws and Public Health	736
16.2.1	The development of International Human Rights laws	736
16.2.2	Civil and political rights	738
16.2.2.1	Restricting civil and political rights to protect public health	738
16.2.2.2	Violations of civil and political rights as burdens on public and individual health	739
16.2.3	Economic, cultural and social rights	740
16.2.3.1	Introduction	740
16.2.4	Human rights laws in Hong Kong	741
16.3	Human Rights Issues in Global Health	743
16.3.1	Access to essential medicines	743
16.3.2	Human development and poverty reduction	746
16.3.3	Child rights and child poverty	750
16.3.4	Gender, sexual orientation and gender identity	752
16.3.5	Sexual and reproductive health rights	756
16.4	Human Rights in Patient Care	759
16.4.1	Introduction	759
16.4.1.1	Right to information	759

16.4.1.2	Right to privacy and confidentiality	759
16.4.1.3	Right to informed consent to treatment	760
16.4.1.4	Prisoners	761
16.4.1.5	Women	761
16.4.2	Human rights standard in patient care	761
16.4.2.1	Right to liberty and security of the person	761
16.4.2.2	Right to privacy	762
16.4.2.3	Right to information	763
16.4.2.4	Right to bodily integrity	763
16.4.2.5	Right to life	763
16.4.2.6	Right to the highest attainable standard of physical and mental health	763
16.4.2.7	Freedom from torture and cruel, inhuman, and degrading treatment	764
16.4.2.8	Right to participate in public policy	765
16.4.2.9	Right to non-discrimination and equality	765
16.5	Conclusion	765

## CHAPTER 17 TRADITIONAL CHINESE MEDICINE

Vivian Wong Taam

17.1	Development of Chinese Medicine Regulations in Hong Kong	767
17.2	Historical Perspective of Chinese Medicine Ethics	768
17.2.1	Confucian thinking—Zhou dynasty (105 BC–250 BC)	768
17.2.2	<i>The Medical Classic of the Emperor</i> 《黄帝内经》—the earliest classic (around 770 BC–476 BC)	768
17.2.3	Buddhism in China and <i>samsara</i> —Tang dynasty (after 600 AD)	768
17.2.4	<i>Essential Prescriptions for Emergencies</i> 《备急千金要方》—Tang dynasty (618 AD–907 AD)	768
17.2.4.1	The practice of Great Physicians 《大醫治病》	769
17.2.4.2	The self-discipline of Great Physicians 《大醫之體》	770
17.2.4.3	The conduct of Great Physicians 《為醫之法》	770
17.2.5	<i>The Medical Anecdotes</i> 《醫說》—Song dynasty (960 AD–1279 AD)	771
17.2.6	<i>Million Patients Cured</i> 《萬病回春》—Ming dynasty (1368 AD–1644 AD)	771
17.2.7	<i>Orthodox Manual of External Disease</i> 《外科正宗》—Ming dynasty (1368 AD–1644 AD)	771
17.2.8	<i>Master Zhang's Medical Review</i> 《張氏醫通》—Qing dynasty (1636 AD–1911 AD)	774
17.3	Chinese and Western Medicine Ethics	775
17.3.1	Autonomy	775
17.3.1.1	Western concepts	775
17.3.1.2	Traditional Chinese medicine concepts	775
17.3.2	Beneficence	775
17.3.2.1	Western concepts	775
17.3.2.2	Traditional Chinese medicine concepts	776
17.3.3	Non-maleficence	776
17.3.3.1	Western concepts	776

17.3.3.2	Traditional Chinese medicine concepts .....	776
17.3.4	Justice .....	776
17.3.4.1	Western concepts .....	776
17.3.4.2	Traditional Chinese medicine concepts .....	777
17.3.5	Compassion .....	777
17.3.5.1	Western concepts .....	777
17.3.5.2	Traditional Chinese medicine concepts .....	777
17.3.6	Competence .....	778
17.3.6.1	Western concepts .....	778
17.3.6.2	Traditional Chinese medicine concepts .....	778
17.4	Ethical and Regulatory Conflicts Faced by Physicians .....	779
17.5	Codes of Professional Conduct .....	781
17.5.1	Professional responsibility to patients .....	781
17.5.2	Communication in professional practice .....	781
17.5.3	Drugs .....	782
17.5.4	Financial arrangements .....	782
17.5.5	Relationship with other practitioners and organisations .....	783
17.5.6	New medical procedures, clinical research and alternative medicine .....	783
17.5.7	Abuse of professional position .....	784
17.5.8	Criminal conviction and disciplinary proceedings .....	784
17.5.9	Serious infectious diseases .....	784
17.5.10	Special areas .....	784
17.5.11	Appendices .....	784

## CHAPTER 18 MEDIATION AND APOLOGY

*James Chiu*

18.1	Introduction .....	787
18.2	Mediation in General .....	787
18.2.1	Mediation .....	787
18.2.1.1	Definition of mediation .....	787
18.2.1.2	Models of mediation .....	788
18.2.2	Is mediation a panacea for all disputes? .....	788
18.2.2.1	Cases not suitable for mediation .....	788
18.3	Important Milestones in Mediation in Hong Kong .....	788
18.3.1	Civil Justice Reform .....	789
18.3.2	Practice Direction on mediation .....	791
18.3.3	Mediation Ordinance .....	795
18.3.4	Confidentiality .....	797
18.4	Healthcare Mediation .....	799
18.4.1	Healthcare mediation in general .....	799
18.4.1.1	Healthcare disputes .....	799
18.4.1.2	Special features of healthcare disputes .....	800
18.4.1.3	Why did Lord Woolf choose medical negligence for the most intensive examination of his inquiry? .....	801

18.4.1.4	Benefits of the mediation process in healthcare disputes .....	801
18.4.1.5	Factors in determining appropriate cases for healthcare mediation .....	802
18.4.2	Recent developments outside Hong Kong .....	803
18.4.2.1	United Kingdom .....	803
18.4.2.2	Singapore .....	804
18.4.2.3	Greater China .....	804
18.4.3	Healthcare mediation in Hong Kong .....	804
18.4.3.1	Healthcare claims .....	804
18.4.3.2	Promotion of healthcare mediation .....	806
18.4.4	Areas for exploration in healthcare mediation .....	807
18.4.4.1	Mediation training for lawyers and healthcare professionals .....	807
18.4.4.2	Evaluative mediation .....	807
18.4.4.3	Co-mediation .....	808
18.4.4.4	Medical Council and Dental Council .....	808
18.4.4.5	Central Registry of Mediation .....	808
18.4.4.6	Apology .....	808
18.5	What's Apology? .....	808
18.5.1	Importance of apology .....	808
18.5.2	Definition of apology .....	809
18.6	Apology in Healthcare Disputes .....	810
18.6.1	Successful examples of apology in healthcare disputes .....	810
18.6.2	Beneficial effects of apology in mediation .....	810
18.7	Apology Legislation .....	811
18.7.1	Background .....	811
18.7.2	History of apology legislation overseas .....	811
18.7.3	Apology legislation and medical-related disputes .....	813
18.7.4	Are all academics in favour of apology legislation? .....	813
18.7.5	Development of apology legislation in Hong Kong .....	814
18.7.6	Consultation Paper and Report on Enactment of Apology Legislation in Hong Kong .....	815
18.7.6.1	Pros and cons of apology legislation .....	816
18.7.6.2	Disciplinary proceedings .....	816
18.7.6.3	Full apology versus partial apology .....	817
18.7.6.4	Effect on limitation of actions .....	818
18.7.6.5	Effect on insurance contracts .....	818
18.7.6.6	Stand-alone legislation .....	819
18.7.6.7	Regulatory proceedings .....	819
18.7.6.8	Factual information conveyed in an apology .....	820
18.7.6.9	Seven recommendations for public consultation .....	821
18.7.6.10	Second round consultation .....	822
18.7.6.11	Draft Apology Bill .....	824
18.8	Conclusion .....	826
Index	.....	829
