<i>Introduction</i>	1
About This Book	1
Conventions Used in This Book	2
Foolish Assumptions	2
How This Book Is Organized	2
Part I: Setting the Stage	3
Part II: Filing Made Simple	3
Part III: Capturing Records	3
Part IV: Parking Spaces	3
Part V: Creating a Plan	4
Part VI: The Part of Tens	4
Bonus Content: Appendix	4
What You're Not to Read	4
Icons Used in This Book	5
Where to Go from Here	5
<i>Part I: Setting the Stage</i>	7
Chapter 1: Fundamentally Speaking	9
The Inside Scoop — Terms and Terminologies	10
What is information?	10
For the record	10
Business value	11
Nonvalue	11
The information life cycle	12
Grooving with the records (and the information retention schedule)	13
Hold on!	13
Role Playing	13
The Records and Information Manager	14
The evolution of the records manager	15
The big bang!	15
School is in session	16
I can associate with that	17
Let me see your credentials	17
I've got to do what?!	20
The written word	20
Professionally speaking	22

I'm Excited — Why Aren't You?	23
Core function junction	23
Show me the benefits!	23
Trimming expenses	24
Improving efficiencies	26
Increasing staff productivity	27
Risky business	28
Creating your support group	29
Marketing Your Program	33

Chapter 2: Appraising 35

Preparing for the Appraisal	35
Push for the purge	36
Don't forget the hard drives	37
Choosing an Appraisal Method	39
A method to the madness	39
The good and the . . . good	40
Conducting the Appraisal	42
Capturing appraisal information	43
Taking inventory	43
Going through with an interview	44
Quizzing with a questionnaire	45
Documenting the appraisal	45
Processing the appraisal results	48

Chapter 3: Scheduling 49

Keeping Your Options Open	50
Working with the Departmental retention schedule	50
Scheduling based on function	52
Bring out the big buckets	54
Conducting the Investigation	56
Considering the value	57
Researching retention periods	58
Mining your natural resources	59
Assigning retention periods to nonrecord information	61
Looking for Approval	62
Department management	62
Paying a visit to the Tax department	62
Legalizing your retention	63
Creating the Retention Schedule Document	63
The pieces to the retention schedule puzzle	63
Sampling retention schedule forms	67
Implementing the Retention Schedule	68
Keeping it electronic	69
Providing direction	69
Updating the Retention Schedule	70

Part II: Filing Made Simple 73**Chapter 4: I Know It's Here Somewhere 75**

Filing Methods.....	75
The alpha file.....	76
The numbers don't lie.....	77
Filing alphanumerically.....	78
Evaluating Filing Equipment and Supplies.....	80
The right equipment makes a difference.....	80
File folders under "important".....	86
Selecting a Filing Method.....	90
Creating a records profile.....	91
Growing, growing — gone!.....	91
Evaluating the current state of affairs.....	92
Creating a Digital Filing System.....	92
Drawing the parallels.....	92
Naming folders and files.....	95

Chapter 5: Drives Can Drive You Crazy..... 97

At-Risk Drivers.....	97
Out of sight — out of mind.....	98
Driving up the costs.....	98
Driving down function lane.....	99
Cleaning Up Your Driving Record.....	99
Taking time to know your drives.....	100
Mapping a course of action.....	101
Creating a folder structure.....	102
Administering shared drives.....	104
Planning the file review.....	107
Reviewing files.....	108
Cleaning up with software.....	110
Maintaining Your Drives.....	110
Creating a usage policy.....	111
Relying on the administrator.....	111
Using software to maintain your drives.....	112

Chapter 6: A Message about E-Mail..... 113

The Anatomy of an E-Mail.....	113
Determining the value of the message.....	114
Scheduling time for e-mail.....	115
The rising risks of e-mail.....	116
Managing quotas.....	117
Filing the Message.....	118
PSSST! What you need to know about PST folders.....	118
MSG can be good for your informational health.....	120
Naming e-mail.....	122

Using Software to Manage E-Mail	125
E-mail archiving systems	125
Optimizing with DM and ECM applications	125

***Part III: Capturing Records* 127**

Chapter 7: Watch Out, I'm Backing Up 129

Creating a Backup Plan	129
Identifying different types of backups	130
Finding a place to back up	131
Distinguishing between backups and archives	132
The tale of the mystery tape	134
Managing Backups	135
Determining what needs to be backed up	135
Applying retention to backups	136
Creating a data retention schedule	137
Deleting backed-up and archived information	139

Chapter 8: Know When to Hold 'em 141

Discovering Discovery	141
Initiating a Legal Hold	143
The components of a legal hold	143
Organizing the search party	145
Searching in the dark	146
E-mail — the smoking gun	147
Keying in on keywords	148
Searching made simple	150
Preserving what you find	150
Maintaining the legal hold	150
We have liftoff	151

Chapter 9: Imaging Documents 153

From Paper to Paperless	153
Understanding the basics of document imaging	154
Benefiting from an image makeover	155
To Image, or Not to Image	156
Conducting an imaging needs assessment	156
Stepping through the imaging process	158
Prep school	158
Scanning documents	161
Recognizing a good thing when you see it	161
Applying indexes	162
Controlling the quality	164

Determining Your Imaging Approach 165
 What happens in-house stays in-house 165
 Equipping your imaging operation 166
 Gathering Requirements 170
 Conducting a document analysis 170
 End of the beginning 171
 Calculating the Return on Investment (ROI) 172
 Investing in the benefits 172
 Knowing your customer 173
 Valuating the benefits 174
 Evaluating Imaging Hardware and Software 175
 Examining document scanners 175
 The role of document-imaging software 177

Chapter 10: Software Applications 179

Examining Software Options 179
 Laying the software foundation 180
 Types of software 181
 Assessing Your Needs 187
 Calculating the return on investment (ROI) 188
 Identifying your “pain points” 189
 Conducting a requirements analysis 189
 Evaluating Vendors 191
 Determining your evaluation approach 191
 Using business-use cases 192
 Detailing the results 192
 It’s not all about functionality 193
 Comparing the results 195
 Guiding You through Implementation 195
 Why implementations fail 196
 How to ensure that your implementation is a success! 197

Part IV: Parking Spaces 199

Chapter 11: Storage Locations 201

Storing Inactive Records Onsite 201
 Protecting your inactive records 202
 Implementing access control procedures 203
 Optimizing your inactive storage 205
 Getting to Know the Record Storage Vendor 207
 Understanding the fee structure 207
 Making sure that your requirements are met 209
 Contracting with the vendor 210

Chapter 12: Compliant Destruction213

Determining the Appropriate Destruction Method.....	213
Deciding on Your Shredding Approach.....	214
Shredding your own documents.....	214
Getting to know the shredders themselves.....	216
Outsourcing your shredding.....	217
Selecting the Right Shred Vendor.....	218
How to ensure that electronic information is unrecoverable.....	218
Establishing your shredding requirements.....	219
Developing an Information Destruction Policy.....	221
If you can't do it, don't include it.....	222
Elements of an effective destruction policy.....	222

Part V: Creating a Plan..... 225**Chapter 13: Codifying the Policies227**

Developing a Records and Information Management Policy.....	227
Understanding what a policy is (and isn't).....	228
The basic characteristics of a good policy.....	228
Talking records and information.....	229
Making the Policy Available.....	230
Distributing the hard copy.....	231
Attaching a soft copy.....	231
The missing link.....	232
Auditing the Policy.....	233
Developing an audit plan.....	233
Determining what to audit.....	234
Communicating the audit.....	236
Documenting the audit findings.....	236

Chapter 14: Train the Troops237

I'm Aware of That!.....	237
From the top.....	238
What's in it for me?.....	238
Creating a creative awareness campaign.....	239
Developing a Training Plan.....	241
Deciding on the curriculum.....	241
One size doesn't always fit all.....	242
How refreshing.....	242
Training the Masses.....	243
How much time do I have?.....	243
Face-time training.....	244
Webinars.....	244
Intranet-based training.....	245

***Part VI: The Part of Tens* 247**

Chapter 15: Ten Simple Management Guidelines249

- Limiting E-Mail Attachments 249
- Knowing How to Dispose of Information..... 251
- Structuring Electronic Folders..... 252
- Naming Files 252
- Managing Active and Inactive Periods..... 253
- Scheduling Destruction and Deletion 254
- Creating the Proper Filing System..... 254
- Avoiding the “Keep Everything” Syndrome 255
- Managing Copies..... 255
- Keeping It Simple 257

Chapter 16: Ten Emerging Trends 259

- Governing Information..... 259
- Computing in the Clouds 260
- Big Data..... 261
- Social Media 262
- Putting Some Structure to It..... 263
- Let’s Collaborate..... 264
- Generally Accepted Recordkeeping Principles 265
- Mapping Your Data..... 266
- Enterprise Searching..... 267
- Don’t Get Duped 268

***Appendix: Sample Forms and Vendor Listings* 269**
