<i>Introduction</i>	1
About This Book	2
Conventions Used in This Book	4
What You're Not to Read	5
Foolish Assumptions	5
How This Book Is Organized	6
Part I: Bond Appetit!	6
Part II: Numerous and Varied Ways to Make Money in Bonds	6
Part III: Customizing and Optimizing Your Bond Portfolio	6
Part IV: Bonds Away! Navigating the Fixed Income Marketplace	7
Part V: Bonds as Replacements for the Old Paycheck	7
Part VI: The Part of Tens	7
Icons Used in This Book	7
Where to Go from Here	8
<i>Part 1: Bond Appetit!</i>	9
Chapter 1: So You Want to Be a Bondholder	11
Understanding What Makes a Bond a Bond	12
Choosing your time frame	13
Picking who you trust to hold your money	13
Recognizing the difference between bonds, stocks, and Beanie Babies	14
Why Hold Bonds? (Hint: You'll Likely Make Money!)	15
Identifying the best reason to buy bonds: Diversification	16
Going for the cash	17
Introducing the Major Players in the Bond Market	18
Supporting (enabling?) your Uncle Sam with Treasury bonds	18
Collecting corporate debt	19
Demystifying those government and government-like agencies	20
Going cosmopolitan with municipal bonds	20
Buying Solo or Buying in Bulk	21
Picking and choosing individual bonds	22
Going with a bond fund or funds	22

Chapter 2: Developing Your Investment Game Plan 23

- Focusing on Your Objectives 24
 - Deciding what you want to be when you grow up 24
 - Picturing your future nest egg..... 25
 - Understanding the Rule of 20 26
 - Choosing your investment style 26
- Making Your Savings and Investment Selections 27
 - Saving your money in safety..... 28
 - Investing your money with an eye toward growth..... 30
- Understanding Five Major Investment Principles 31
 - 1. Risk and return are two sides of the same coin..... 32
 - 2. Financial markets are largely efficient 32
 - 3. Diversification is just about the only free lunch you'll ever get 32
 - 4. Reversion to the mean — it means something 33
 - 5. Investment costs matter — and they matter a lot!..... 34

Chapter 3: The (Often, But Not Always) Heroic History of Bonds . . . 35

- Reviewing the Triumphs and Failures of Fixed-Income Investing 36
 - Beating inflation, but not by very much 36
 - Saving the day when the day needed saving..... 37
- Looking Back Over a Long and (Mostly) Distinguished Past..... 39
 - Yielding returns to generations of your ancestors..... 39
 - Gleaning some important lessons 40
- Realizing How Crucial Bonds Are Today..... 43
- Viewing Recent Developments, Largely for the Better 44

Chapter 4: Sweet Interest Is the Name of the Game 49

- Calculating Rates of Return Can Be Like Deciphering
 - Ancient Babylonian..... 50
 - Cutting deals..... 51
 - Changing hands..... 51
 - Embracing the complications 52
- Conducting Three Levels of Research to Measure the Desirability of a Bond 52
 - Level one: Getting the basic information..... 53
 - Level two: Finding out intimate details 55
 - Level three: Examining the neighborhood 57
- Understanding (and Misunderstanding) the Concept of Yield..... 60
 - Coupon yield 60
 - Current yield..... 61
 - Yield-to-maturity 61
 - Yield-to-call..... 62
 - Worst-case basis yield..... 63
 - The 30-day SEC yield 63

Recognizing Total Return (This Is What Matters Most!) 63
 Figuring in capital gains and losses 64
 Factoring in reinvestment rates of return 64
 Allowing for inflation adjustments 65
 Weighing pre-tax versus post-tax 66
 Measuring the Volatility of Your Bond Holdings 66
 Time frame matters most 66
 Quality counts 67
 The coupon rate matters, too 67
 Foreign bonds, added risk 69
 Returning to the Bonds of Babylonia 69
 Interest short run, interest long run 69
 Interest past, interest future 70

Part II: Numerous and Varied Ways to Make Money in Bonds 71

Chapter 5: “Risk-Free” Investing: U.S. Treasury Bonds 73

Exploring the Many Ways of Investing with Uncle Sam 74
 Savings bonds as gifts or small investments 75
 Treasury bills, notes, and bonds for more serious investing 78
 Treasury Inflation-Protected Securities (TIPS) 80
 Easing Your Fears of Default 81
 Deciding Whether, When, and How to Invest in Treasuries 82
 Figuring out whether you want Treasuries 83
 Picking your own maturity 86
 Adding in some inflation protection 86
 Entering the Treasury Marketplace 87
 Buying direct or through a broker 87
 Choosing a new or used bond 88
 Tapping Treasuries through mutual funds and exchange-traded funds 89

Chapter 6: Industrial Returns: Corporate Bonds 91

Why Invest in These Sometimes Pains-in-the-Butt? 92
 Comparing corporate bonds to Treasuries 92
 Considering historical returns 94
 Getting Moody: The Crucial Credit Ratings 95
 Revisiting your ABCs 96
 Gauging the risk of default 98
 Special Considerations for Investing in Corporate Debt 99
 Calculating callability 100
 Coveting convertibility 100
 Reversing convertibility . . . imagine that 101

Appreciating High-Yield for What It Is	102
Anticipating good times ahead	102
Preparing for the bad times.....	102
Investing in high-yields judiciously	103

Chapter 7: Lots of Protection (and Just a Touch of Confusion): Agency Bonds 105

Identifying the Bond Issuers	106
Slurping up your alphabet soup	106
Separating federal agency bonds from GSEs.....	107
Sizing up the government's actual commitment	108
Introducing the agency biggies	108
Comparing and Contrasting Agency Bonds	112
Eyeing default risks, yields, markups, and more	113
Weighing taxation matters.....	114
Making like John Travolta: Discos, floaters, and step-ups	114
Banking Your Money on Other People's Mortgages	115
Bathing in the mortgage pool.....	115
Deciding whether to invest in the housing market	115
Considering Agencies for Your Portfolio.....	116

Chapter 8: (Almost) Tax-Free Havens: Municipal Bonds 117

Appreciating the Purpose and Power of Munis	118
Sizing up the muni market	119
Comparing and contrasting with other bonds.....	119
Delighting in the diversification of municipals	120
Knowing That All Cities (Bridges or Ports) Are Not Created Equal.....	121
Dealing with the rare default	121
Enjoying low risk.....	122
Choosing from a vast array of possibilities.....	123
Consulting the Taxman	124
Bringing your bracket to bear	125
Singling out your home state.....	126
Matching munis to the appropriate accounts.....	127
Recognizing Why This Chapter is Titled "(Almost) Tax-Free Havens"	127
Reckoning with the AMT tax	127
Capping your capital gains	128
Introducing the fully taxable muni	128
Buying Munis Made Easier	129

Chapter 9: Le Bond du Jour: Global Bonds and Other Seemingly Exotic Offerings 131

Traveling Abroad for Fixed Income.....	131
Dipping into developed-world bonds.....	132
Embracing the bonds of emerging-market nations	134

Bond Investing with a Conscience 137
 Having faith in church bonds 137
 Adhering to Islamic law: Introducing sukuk..... 139
 Investing for the common good: Socially responsible bonds 140
 Playing with Bond Fire: Potentially Risky Bond Offerings..... 141
 Rocking with Bowie Bonds 142
 Cashing in on catastrophe bonds 143
 Dealing in death 143
 Dancing in the Flames: Derivatives and Default Bond Products 144
 Daring to delve into derivatives..... 144
 Banking on losses with defaulted bond issues 146
 Evaluating Exchange-traded Notes..... 147
 What are they? 147
 Should you invest?..... 148

Part III: Customizing and Optimizing Your Bond Portfolio 149

Chapter 10: Risk, Return, and Realistic Expectations 151

Searching, Searching, Searching for the Elusive Free Lunch 152
 Making a killing in CDs . . . yeah, right..... 152
 Defining risk and return 153
 Appreciating Bonds' Risk Characteristics..... 153
 Interest rate risk..... 154
 Inflation risk..... 155
 Reinvestment risk 156
 Default risk..... 156
 Downgrade risk 157
 Tax risk..... 158
 Keeping-up-with-the-Joneses risk 158
 Regarding all these risks . . . 159
 Reckoning on the Return You'll Most Likely See..... 161
 Calculating fixed-income returns: Easier said than done 161
 Looking back at history: An imperfect but useful guide..... 163
 Investing in bonds despite their lackluster returns 165
 Finding Your Risk-Return Sweet Spot 167
 Allocating your portfolio correctly..... 167
 Tailoring a portfolio just for you..... 168

Chapter 11: The Science (and Pseudoscience) of Portfolio-Building. 169

Mixing and Matching Your Various Investments 170
 Dreaming of limited correlation..... 170
 Seeking zig and zag with Modern Portfolio Theory..... 172
 Translating theory into reality..... 172

Appreciating Bonds' Dual Role: Diversifier and Ultimate Safety Net	173
Protecting yourself from perfect storms	174
Eyeing a centuries-old track record	174
Recognizing Voodoo Science	175
Comparing actively managed funds to index funds	176
Forecasting the future — and getting it wrong	177
Ignoring the hype.....	177

Chapter 12: Dividing Up the Pie: What Percentage Should Be in Bonds? 179

Why the Bond Percentage Question Is Not As Simple As Pie	180
Minimizing volatility	181
Maximizing return	182
Peering into the Future	183
Estimating how much you'll need.....	183
Assessing your time frame	184
Factoring in some good rules	184
Recognizing yourself in a few case studies	185
Noticing the Many Shades of Gray in Your Portfolio	190
Bonds of many flavors.....	190
Stocks of all sizes and sorts.....	191
Other fixed income: Annuities.....	191
Other equity: Commodities and real estate	193
Making Sure That Your Portfolio Remains in Balance.....	193
Tweaking your holdings to temper risk.....	194
Savoring the rebalancing bonus	194
Scheduling your portfolio rebalance.....	195

Chapter 13: Which Kinds of Bonds Make the Most Sense for You? . . . 197

Reviewing the Rationale behind Bonds	198
Making your initial selection	198
Following a few rules	199
Sizing Up Your Need for Fixed-Income Diversification	199
Diversifying by maturity	200
Diversifying by type of issuer	200
Diversifying by risk-and-return potential.....	201
Diversifying away managerial risk.....	202
Weighing Diversification versus Complication.....	202
Keeping it simple with balanced funds (for people with under \$5,000)	203
Moving beyond the basic (for people with \$5,000 to \$10,000)	203
Branching out (with \$10,000 or more)	203
Finding the Perfect Bond Portfolio Fit	204
Case studies in bond ownership.....	204
Seeking out the more exotic offerings.....	209

Part IV: Bonds Away! Navigating the Fixed-Income Marketplace..... 211

Chapter 14: Strategizing Your Bond Buys and Sells213

- Discovering the Brave New World of Bonds 214
 - Finding fabulously frugal funds..... 214
 - Dealing in individual bonds without dealing over a fortune 215
- Deciding Whether to Go with Bond Funds or Individual Bonds..... 216
 - Calculating the advantages of funds 217
 - Considering whether individual bonds make sense 219
- Is Now the Time to Buy Bonds? 223
 - Predicting the future of interest rates . . . yeah, right..... 223
 - Paying too much attention to the yield curve 225
 - Adhering — or not — to dollar-cost averaging..... 226
- Choosing between Taxable and Tax-Advantaged Retirement
 - Accounts 226
 - Positioning your investments for minimal taxation 227
 - Factoring in the early-withdrawal penalties and such..... 228

Chapter 15: Investing (Carefully!) in individual Bonds229

- Navigating Today’s Individual Bond Market..... 230
 - Getting some welcome transparency..... 230
 - Ushering in a new beginning 231
- Dealing with Brokers and Other Financial Professionals 231
 - Identifying the role of the middleman..... 232
 - Do you need a broker or agent at all? 233
 - Selecting the right broker or agent..... 234
 - Checking the dealer’s numbers..... 235
 - Hiring a financial planner 238
- Doing It Yourself Online..... 239
 - If you’re looking to buy 239
 - If you’re looking to sell..... 241
- Perfecting the Art of Laddering 242
 - Protecting you from interest rate flux..... 242
 - Tinkering with your time frame 243

Chapter 16: Picking a Bond Fund That Will Serve You for Life245

- Defining the Basic Kinds of Funds 246
 - Mining a multitude of mutual funds 247
 - Considering an alternative: Closed-end funds 249
 - Establishing a position in exchange-traded funds..... 249
 - Understanding unit investment trusts 250
 - Taking a flyer (or not) on an exchange-traded note..... 251

Knowing What Matters Most in Choosing a Bond Fund of Any Sort	252
Selecting your fund based on its components and their characteristics	252
Pruning out the underperformers	253
Laying down the law on loads	253
Sniffing out false promises.....	254
My Picks for Some of the Best Bond Funds.....	255
Very short-term, high quality bond funds	255
Intermediate-term Treasury bond funds	257
Treasury Inflation-Protected Securities	258
(Mostly) high quality corporate bond funds.....	259
Junk city: Corporate high-yield funds	260
Agency bond funds	261
Municipal bond funds: Taxes be damned.....	263
International bond funds	264
Emerging market bond funds	265
All-in-one bond funds	266
All-in-one bond and stock fund	267
Target-retirement date funds (otherwise known as life-cycle funds)	268

Part V: Bonds As Replacements for the Old Paycheck 271

Chapter 17: Fulfilling the Need for Steady, Ready, Heady Cash . . . 273

Reaping the Rewards of Your Investments	274
Aiming for freedom.....	274
Estimating your target portfolio	275
Lining up your bucks.....	276
Finding Interesting Sources of Interest.....	276
Certificates of deposit (CDs)	277
Mining the many money market funds.....	278
Banking on online savings accounts	279
Prospering (perhaps) with peer-to-peer lending.....	279
Considering the predictability of an annuity	280
Hocking your home with a reverse mortgage.....	282
Recognizing that Stocks Can Be Cash Cows, Too (Moo).....	283
Focusing on stocks with sock-o dividends	283
Realizing gain with real estate investment trusts (REITs).....	284
Taking a middle ground with preferred stock	285
Introducing a Vastly Better Way to Create Cash Flow: Portfolio Rebalancing	285
Buying low and selling high.....	287
Rolling bond interest back in	289
Dealing with realities.....	289

Chapter 18: Finding Comfort and Security in Old Age 291

Looking Ahead to Many Years of Possible Portfolio Withdrawals..... 292

Knowing Where the Real Danger Lies: The Risk of Being Too Conservative..... 292

 Considering an aggressive approach 293

 Easing back toward your comfort zone 293

 Setting your default at 60/40..... 294

 Allowing for adjustments to suit the times 295

 Choosing my and your ultimate ratio 296

Calculating How Much You Can Safely Tap 297

 Revisiting risk, return, and realistic expectations..... 298

 Basing your retirement on clear thinking..... 298

Making the Most Use of Uncle Sam’s Gifts 299

 Minimizing income is the name of the game... 300

 Lowering your tax bracket through smart withdrawals 300

***Part VI: The Part of Tens*..... 303**

Chapter 19: Ten Most Common Misconceptions about Bonds 305

A Bond “Selling for 100” Costs \$100 305

Buying a Bond at a Discount Is Better Than Paying a Premium, Duh 306

A Bond Paying X% Today Will Pocket You X% Over the Life of the Bond 306

Rising Interest Rates Are Good (or Bad) for Bondholders..... 307

Certain Bonds (Such as Treasuries) Are Completely Safe 307

Bonds Are a Retiree’s Best Friend..... 308

Individual Bonds Are Usually a Better Deal than Bond Funds 308

Municipal Bonds Are Free of Taxation 308

A Discount Broker Sells Bonds Cheaper..... 309

The Biggest Risk in Bonds is the Risk of the Issuer Defaulting..... 309

Chapter 20: Ten Mistakes That Most Bond Investors Make 311

Allowing the Broker to Churn You 311

Not Taking Advantage of TRACE 312

Choosing a Bond Fund Based on Short-Term Performance..... 312

Not Looking Closely Enough at a Bond Fund’s Expenses 313

Going Through a Middleman to Buy Treasuries 313

Counting Too Much on High-Yield Bonds 313

Paying Too Much Attention to the Yield Curve..... 314

Buying Bonds That Are Too Complicated..... 314

Ignoring Inflation and Taxation..... 315

Relying Too Heavily on Bonds in Retirement 315

Chapter 21: Ten Q & A's with Bond Guru Dan Fuss 317

Appendix 321

- Bond-Specific Sites 321
- General Financial News, Advice, and Education 322
- Financial Supermarkets 322
- Bond Issuers and Bond Fund Providers 323
- Best Retirement Calculator 323
- Regulatory Agencies 324
- Where to Find a Financial Planner 324
- Yours Truly 324
