Table 3: Multipliers for loss of earnings to pension age 50 (males)	21
Table 4: Multipliers for loss of earnings to pension age 50 (females)	22
Table 5: Multipliers for loss of earnings to pension age 55 (males)	23
Table 6: Multipliers for loss of earnings to pension age 55 (females)	24
Table 7: Multipliers for loss of earnings to pension age 60 (males)	25
Table 8: Multipliers for loss of earnings to pension age 60 (females)	26
Table 9: Multipliers for loss of earnings to pension age 65 (males)	27
Table 10: Multipliers for loss of earnings to pension age 65 (females)	28
Table 11: Multipliers for loss of earnings to pension age 70 (males)	29
Table 12: Multipliers for loss of earnings to pension age 70 (females)	30
Table 13: Multipliers for loss of earnings to pension age 75 (males)	31
Table 14: Multipliers for loss of earnings to pension age 75 (females)	33
Table 15: Multipliers for loss of pension commencing age 50 (males)	35
Table 16: Multipliers for loss of pension commencing age 50 (females)	36
Table 17: Multipliers for loss of pension commencing age 55 (males)	37
Table 18: Multipliers for loss of pension commencing age 55 (females)	38
Table 19: Multipliers for loss of pension commencing age 60 (males)	39
Table 20: Multipliers for loss of pension commencing age 60 (females)	41
Table 21: Multipliers for loss of pension commencing age 65 (males)	43
Table 22: Multipliers for loss of pension commencing age 65 (females)	45
Table 23: Multipliers for loss of pension commencing age 70 (males)	47
Table 24: Multipliers for loss of pension commencing age 70 (females)	49
Table 25: Multipliers for loss of pension commencing age 75 (males)	51
Table 26: Multipliers for loss of pension commencing age 75 (females)	53

Tables 27 and 28 (Tables for term certain)

Table 27: Discounting factors for term certain	55
Table 28: Multipliers for pecuniary loss for term certain	57

Actuarial formulae and basis 59

Table: Expectation of life: Age-sex specific mortality rates, 1991–2001	60
---	----
