Introduction	1
Part I: Business Efficiency Basics	7
Chapter 1: Business Efficiency 101	9
Chapter 2: Unfolding Your Efficiency Roadmap	23
Part II: Making Strides Toward Efficiency	33
Chapter 3: You Are Here: Measuring Where You Stand	35
Chapter 4: I Thought I Saw a Bad Habit: Hunting Down Inefficiencies and Their Solutions	55
Chapter 5: Efficiency on Impact: Understanding the Ripple Effect of Change	71
Chapter 6: To Efficiency . . . and Beyond: Getting Where You Want to Be	83
Chapter 7: Efficiently Executing Your Efficiency Plan	97
Part III: Increasing Operational Efficiency	113
Chapter 8: Channeling Henry Ford: Process Automation	115
Chapter 9: The Bottom Line: Financial Efficiency	129
Chapter 10: Efficiency, at Your Service	145
Chapter 11: Ready, Aim, Hire: Human Resources Efficiency	175
Chapter 12: Streamlining Your Sales Process	199
Chapter 13: Up to My Gears in Efficiency: Manufacturing Efficiency	223
Part IV: Increasing Employee Efficiency	237
Chapter 14: I Love You, You're Perfect, Now Change: Change Management	239
Chapter 15: Before You Get Hit by a Bus: Knowledge Capture and Transfer	251
Chapter 16: Fine-Tuning Internal Communication	267
Chapter 17: Helping Employees Be More Efficient	287
Chapter 18: Holding Effective Meetings and Events	313
Chapter 19: Painless Project Management	339
Part V: The Part of Tens	359
Chapter 20: Ten Areas Ripe for Efficiency Improvement	361
Chapter 21: Ten Efficiency Best Practices	367
Chapter 22: Ten Hidden Hurdles to Overcome in Pursuit of Efficiency	373
Index	379

<i>Introduction</i>	1
About This Book	2
(Not So) Foolish Assumptions	2
How This Book Is Organized	2
Part I: Business Efficiency Basics	3
Part II: Making Strides toward Efficiency	3
Part III: Increasing Operational Efficiency	3
Part IV: Increasing Employee Efficiency	3
Part V: The Part of Tens	4
Icons Used in This Book	4
Where to Go from Here	5
<i>Part 1: Business Efficiency Basics</i>	7
Chapter 1: Business Efficiency 101	9
Understanding Business Efficiency	9
Understanding that Efficiency is different for everyone	10
Sharing knowledge with others	11
Looking at Efficiency-Enhancing Methodologies	11
Six Sigma: Mathematical efficiency	12
Agile: Rapid movement from within	13
Lean: Seeking to do more with less	14
Balanced Scorecard: Four key areas	15
Kaizen: Incremental improvement	16
5S: The Japanese path to efficiency	17
Total Quality Management	17
Considering Other Ways to Be More Efficient	18
Buying time with Time management	18
Getting human resources involved	19
Managing more efficiently	19
Finding technological resources	21
Discovering why money matters	21
Chapter 2: Unfolding Your Efficiency Roadmap	23
Understanding the Steps to Efficiency	24
Measuring Where You Are Now	24
Using the Six Sigma calculations	24
Measuring with a Balanced Scorecard	25
Going forward with measuring	25

Identifying Inefficiencies	26
Projects versus Six Sigma projects.....	27
Two Lean ways to find inefficiencies.....	27
Kaizen workshops.....	28
Taking it all in before trying to fix it	28
Considering the Impact of Potential Solutions	28
Looking at a problem from all sides	29
Keeping an ear to the ground.....	29
Setting Clear Efficiency Goals	30
Defining clear goals.....	30
Understanding the types of goals	30
Choosing the best next project.....	31
Executing Your New Efficiency Plan	31

***Part II: Making Strides Toward Efficiency*..... 33**

Chapter 3: You Are Here: Measuring Where You Stand 35

Why You Bother Measuring	36
What to Measure and Why	36
Measuring dollars in, dollars out, and dollars lost.....	36
Finding out how people feel about you.....	37
Figuring out how fast you're moving.....	38
Doing a competitive analysis.....	39
How You Measure.....	40
Six Sigma measurement: Total precision.....	40
Balanced Scorecard: Measuring finances, customers, growth, and productivity	42
Lean measurement: Examining costs beyond labor.....	43
5S: Tracking the five necessary attributes.....	46
Measuring your measuring with MSA	47
You Can't Measure Without Data	49
Where to pool your data.....	49
How to process archived and handwritten data	51
Where to find new data.....	52
Decided Whether to Cut Losses or Invest in Archiving Data.....	53
Do you need it?.....	53
Do you need it now?	54
Should you even keep it?	54

Chapter 4: I Thought I Saw a Bad Habit: Hunting Down Inefficiencies and Their Solutions 55

Choosing the Right Methodology.....	56
Balancing the score: Balanced Scorecard	56
Scorecard levels.....	57
Customer needs	57
Internal knowledge and education	58
Productivity.....	58
Finances	59

Going Lean..... 59
 Value stream mapping 59
 The seven types of waste..... 60
 Using Total Quality Management 61
 Shadowing Employees 62
 Being 99.99966 Percent Sure with Six Sigma 63
 Shutting down the hidden factory 63
 Business case writing exercise 64
 Brainstorming Solutions 65
 Do walkthroughs 65
 Search the Internet 66
 Look outside the box..... 66
 Getting Started..... 66
 Choosing team members to involve..... 66
 Capturing and storing suggestions..... 67
 Looking at Tools 69
 Mind maps 69
 Value stream maps 69
 Affinity diagrams 70

Chapter 5: Efficiency on Impact: Understanding the Ripple Effect of Change 71

Finding Out How Inefficiency Negatively Impacts You..... 72
 Inefficiency costs money..... 72
 Inefficiency wastes time..... 72
 Inefficiency reduces quality..... 73
 Inefficiency damages morale..... 73
 Discovering Inefficiency’s Roots..... 74
 Not keeping abreast of new technology..... 74
 Failing to communicate..... 74
 Forgetting your company’s history 75
 Preventing Inefficiencies in the Future 75
 Staying informed..... 75
 Empowering your employees..... 75
 Creating a culture of continuous improvement..... 76
 Evaluating the Possible Impacts of Change 76
 Assembling an efficiency jury..... 77
 Looking at common areas of impact 79
 Predicting the impact of future change 80
 Setting Up Feedback Channels..... 81

Chapter 6: To Efficiency . . . and Beyond: Getting Where You Want to Be 83

Setting Efficiency Goals..... 84
 How goals give direction and focus..... 84
 What makes a good goal?..... 85
 Who sets the goals? 86
 When do you track goal progress? 87

- Finding Different Types of Efficiency Goals 88
 - Monetary goals: What to save, what to earn..... 88
 - Goals to improve sentiment: Make them love you..... 89
 - Goals to increase product and service quality 90
 - Goals to shorten response and production times..... 91
 - Goals for individual employees and departments..... 91
- Knowing Where to Start..... 92
 - Putting your best foot forward..... 92
 - Choosing the most efficient execution order..... 93
- Discovering What Comes After You Set Goals..... 96

Chapter 7: Efficiently Executing Your Efficiency Plan..... 97

- Architecting an Efficient Execution Plan 98
 - Gathering background information..... 99
 - Divvying up the workload..... 101
 - Working on resource planning..... 103
 - Planning for project success 106
- Expanding Scope 107
 - Starting with a narrow scope 107
 - Seeing where to expand your efforts next 108
- Trying again if at First You Don't Succeed 109
 - Re-aligning when necessary 109
 - Resetting milestones 109
 - Knowing when to throw in the towel 110
- Realizing When You're Efficient Enough 110
- Using Execution Tools 111

Part III: Increasing Operational Efficiency 113

Chapter 8: Channeling Henry Ford: Process Automation 115

- Discovering the Pros and Cons of Automation..... 116
- Automating: Step by Step 117
 - Documenting the current process..... 117
 - Gathering requirements..... 117
 - Finding and evaluating your options..... 118
 - Comparing custom versus off-the-shelf solutions 119
 - Knowing when to tip-toe and when to leap..... 120
 - Getting employee buy-in 121
- Finding Automations You Can Implement Right Now..... 122
 - Converting your website into a Content Management System (CMS) 122
 - Scheduling meetings automatically..... 123
 - Getting your OCR on: Turn printed papers into full-text searchable files 124
 - Signing up for an e-mail service 125
 - Writing an Excel macro 126

Creating an electronic form.....	126
Automating your notifications	127
Signing your contracts electronically	128
Chapter 9: The Bottom Line: Financial Efficiency.	129
Examining Financial Efficiency.....	130
How efficient are your expenses?	131
How efficient are your prices?.....	133
How efficient is your budget?	134
Conducting an Expense Analysis.....	136
Separating variable and fixed expenses.....	136
Lowering your expenses responsibly	138
Making Your Accounting More Efficient.....	141
Looking at accounting software tools	141
Processing payments efficiently	143
Managing accounting automatically.....	144
Chapter 10: Efficiency, at Your Service	145
Discovering the elements of Efficient Customer Service	146
Taking a top-down approach.....	147
Asking for feedback (And actually using it)	147
Educating everyone, everywhere	147
Creating customer-centric systems.....	148
Developing consistency	148
Recognizing excellence every chance you get.....	149
Knowing the Criteria for Effective Service Standards.....	149
Developing Service Standards in Four Simple Steps.....	150
Step 1: Defining your service sequences	150
Step 2: Mapping out the steps	150
Step 3: Determining your experience enhancers	151
Step 4: Converting your experience enhancers into standards... ..	151
Evaluating the Effectiveness of Your Service.....	152
How effective are your self-help resources?	152
How efficient are your customer service responses?	153
Defining Your Customer Service Goals.....	154
Finding out why you need customer service goals	154
Setting time goals: How much can you save without	
impacting service?	155
Setting quality goals: Providing the best possible	
customer service.....	157
Finding out how efficient your customer relationship	
management is.....	157
Measuring Customer Service Efficiency	158
Gathering info about your customers' satisfaction levels.....	159
Zeroing in on the right customer measures	159
Surveying Staff and Customers	160
Figuring Out What Type of Survey You Need to Do.....	161
Random customer survey.....	161
Company-wide attitude survey	162

Lost account survey	163
Target account survey	163
Customer exit survey	164
Communicating with Customers	164
Communicating and establishing relationships:	
Two common threads.....	165
Building relationships to last	166
Staying close to your customers.....	166
Setting up efficient communication channels	167
Keeping in mind the importance of timeliness	168
Routing messages efficiently	168
Handling Customer Service Issues with Grace	169
Following up with your customers for adjustments	169
Picking out the analytics you should be measuring.....	170
Choosing a Ticketing System	171
Helping Your Customers Help Themselves	172
Creating a knowledgebase.....	173
Providing online tools	174
Knowing When You've Succeeded	174
Chapter 11: Ready, Aim, Hire: Human Resources Efficiency	175
Knowing What HR Efficiency Looks Like	176
How efficient is your hiring process?	176
How efficient is your onboarding process?	177
How efficient are your employee policies?	178
Examining HR Goal Setting	178
Putting people first when setting HR goals	179
Choosing the right HR goals	180
Measuring HR Efficiency	180
Measuring employee satisfaction	180
Measuring employee effectiveness.....	181
Hiring and Firing	184
Knowing the importance of clearly documenting HR policies.....	184
Setting up an efficient onboarding process.....	186
Hiring — and firing — best practices	188
Outsourcing: Pros and cons	192
Seeing Beyond 9–5: Alternative Scheduling	193
Looking at HR Tools for Efficiency	194
Processing résumés more effectively.....	194
Setting up a job board	196
Tracking paperwork	197
Chapter 12: Streamlining Your Sales Process	199
Finding Out How Efficient Your Sales Process Is.....	200
How efficient is your lead generation?	200
How efficient is your lead nurturing?	201
How efficient are your sales teams?	203

Setting Sales Goals.....	206
How to set realistic sales goals	206
What to consider setting sales goals.....	207
Looking at Sales Commissions.....	209
Setting efficient and clear commission policies.....	209
Tracking sales commissions.....	210
Discovering the pros and cons of quotas and commissions	210
Measuring Sales Efficiency	211
Implement A/B testing.....	212
Set up sales forecasting	213
Run a competitive analysis.....	214
Discovering Tools and Technologies to Increase Sales Efficiency.....	216
Choose the right Customer Relationship	
Management (CRM) database	216
Enhance your phone system	217
Make your marketing more efficient	218
Selling via Call Centers.....	219
In-house versus outsourced call centers.....	219
Effective call center scripts	219
Escalation policies	220
Quality assurance	220
Generating Sales Efficiently and Legally	221
Using Referrals	221
Complying with e-mail laws.....	221
Collecting preferred contact methods.....	222
Tracking time zones	222
Keeping the human touch.....	222

Chapter 13: Up to My Gears in Efficiency: Manufacturing Efficiency . . . 223

Discovering What Efficient Manufacturing Looks Like	224
How does your quality stack up?.....	224
How efficient is your manufacturing process?.....	226
Manufacturing Goal Setting.....	227
Setting clear manufacturing goals	227
Understanding the trickle-down effect of manufacturing changes...228	
Manufacturing Efficiency Improvement Methods	229
Six Sigma: Eliminating variability in your manufacturing process... 230	
Lean manufacturing: Emulate the Toyota Production	
System (TPS).....	231
Agile manufacturing: Responding more quickly to change.....	232
5S: Removing clutter from manufacturing.....	232
TQM: Improving quality in manufacturing environments	
with infrequent change.....	234
Evaluating Potential Manufacturing Improvements.....	235

Part IV: Increasing Employee Efficiency..... 237**Chapter 14: I Love You, You're Perfect, Now Change:
Change Management.....239**

The Importance of Change Management.....	240
Getting everyone onboard.....	240
How to be a change manager	240
Ways to Introduce Change	242
Combating resistance to change.....	242
Considering older employees.....	244
Helping nontechnical employees adapt to new technologies.....	245
Change Management Planning.....	245
Components of a successful change management plan	246
Change management examples.....	247
Change Management Best Practices.....	247
Keep the feedback loop open.....	248
Invite everyone on the bandwagon	248
Fix pain points first.....	249

**Chapter 15: Before You Get Hit by a Bus: Knowledge
Capture and Transfer.....251**

Capturing Institutional Knowledge.....	252
Knowing what information to capture	253
Choosing your capturing process	254
Choosing the right tools for capturing knowledge.....	256
Transferring Knowledge	258
Creating a coaching program	258
Mentoring new hires.....	258
Sharing knowledge electronically.....	259
Keeping Knowledge Fresh	260
Making updating easy.....	261
Integrating updates.....	262
Getting Employee Buy-in	262
Including everyone from the start	262
Framing capture as a benefit, not a chore.....	263
Being Assured You Got It All.....	264

Chapter 16: Fine-Tuning Internal Communication.....267

Finding Out What Efficient Internal Communication Looks Like	268
Performing an Internal Communication Checkup.....	268
How are your employees currently communicating?	269
How does information travel within your organization?.....	270
Keeping Track of Internal Communication Efficiency	271
Paying attention to employee sentiment toward communication... ..	271
Measuring how long it takes information to move.....	273

Improving Cross-Departmental Communication..... 273
 Understanding the pitfalls of closed communication 274
 Encouraging collaboration 274
 Sharing status updates and other important information..... 275
 Sharing new knowledge..... 277
 Looking at Internal Communication Best Practices 278
 Setting usage guidelines for each channel..... 279
 Creating a style guide..... 280
 Looking at effective (and ineffective) e-mail policies..... 281
 Making open-door communication policies 283
 Looking at Different Communication Tools 284

Chapter 17: Helping Employees Be More Efficient 287

Figuring Out What an Efficient Employee Looks Like 288
 How efficient are your employees?..... 289
 How does your organization empower employee efficiency?..... 291
 Measuring Individual Employee Efficiency 292
 Figuring out what every employee does 293
 Discovering where time is really spent..... 294
 Looking At Popular Productivity Systems..... 296
 Getting Things Done: Powering productivity through context... 296
 7 Habits of Highly Effective People: Stephen Covey’s
 rules to live by 300
 The Pomodoro Technique: Total focus, frequent breaks..... 302
 Discovering Time Management Techniques 302
 Planning tomorrow today 302
 Time-blocking for ultimate focus 303
 Outsourcing and delegating 304
 Exploring Task Management Techniques 305
 Assigning context: Knowing what you can do, where..... 305
 Chunking down projects into manageable tasks 306
 Finding each task’s true value: Earned Value Management 306
 Contemplating Individual Organization Best Practices..... 308
 Assigning clear tasks and responsibilities..... 308
 Sending and tracking status updates 308
 Providing ongoing training resources..... 309
 Planning Individual Efficiency Improvements You Can
 Implement Immediately 309
 Using keyboard shortcuts..... 309
 Allowing for interruption-free time..... 310
 Removing distractions 310
 Creating productive workspaces 311
 Finding Technology Resources..... 312
 Productivity systems..... 312
 Productivity blogs 312
 Text expansion and shortcut apps..... 312
 Form creation tools 312
 Time tracking tools..... 312

Chapter 18: Holding Effective Meetings and Events 313

Figuring Out What Efficient Meetings and Events Look Like	314
Thinking About Meeting and Event Efficiency	315
How your organization approaches meetings	315
How your organization approaches events.....	317
Measuring Meeting Efficiency	318
Sentiment: How do people feel about meetings?.....	318
Time: How many hours are spent in meetings?.....	320
Knowing When You Need a Meeting (And When You Don't)	321
Considering the reasons for calling a meeting.....	321
Setting a baseline company-wide meetings policy.....	322
Addressing employees who hold too many meetings	324
Improving Different Types of Meetings	327
Scheduled, last-minute, and impromptu meetings.....	327
In-person meetings	327
Virtual meetings.....	327
Conference calls.....	328
Interactive meetings versus lectures.....	328
Lean style: Brief, daily meetings	329
Discovering Alternatives to Meetings.....	329
Creating ambient awareness with internal messaging tools.....	329
Standardizing cross-department status updates.....	330
Holding Efficient Events and Conferences	331
The right time to have an event.....	331
Get the word out	332
Efficient event registration	332
Keep attendees in the loop.....	332
Follow up after the event	333
Collecting Event-Specific Data	334
Methods for data collection	334
What data to collect	335
When it's time to outsource event management	335
Using Best Practices for Meeting Management	336
Have a No Meetings Day	336
Use electronic scheduling.....	337
Stay on top of changes in sentiment	338

Chapter 19: Painless Project Management 339

Discovering What Efficient Project Management Looks Like	339
Performing an Internal Project Management Checkup.....	340
How efficiently are you planning projects?	341
How efficiently are you executing on projects?	342
How efficiently are you reaching company goals?	343
Exploring Project Management Styles	343
Managing with Six Sigma.....	344
Leading with Lean.....	346
Discovering extreme project management with Agile.....	347
Balancing between soft and hard management styles.....	350

Reviewing Efficient Project Management Components	350
Finding the right team members.....	351
Composing a clear plan.....	352
Using Project Management Best Practices.....	352
Assigning responsibility.....	352
Delegating fairly	353
Expecting to change course	355
Responding to change requests.....	355
Understanding your role as an efficient project manager	356
Finding Technology Resources.....	357
Project management tools.....	357
Flow chart tools	358

***Part V: The Part of Tens*..... 359**

Chapter 20: Ten Areas Ripe for Efficiency Improvement 361

Printing Practices	361
Your Website.....	362
Scheduling System.....	362
Printed Forms	363
Meetings.....	363
Internal Messaging Use.....	364
Customer Service.....	365
Data Storage	365
Voicemail	366
Time-Off Policies.....	366

Chapter 21: Ten Efficiency Best Practices. 367

Remember, It's Not All About the Benjamins	367
Look for the Side Effects	368
Document Efficiency Projects	368
Involve Everyone	369
Keep on Reading	369
But Know When to Stop Reading.....	370
Measure Objectively	370
Know Your Limits	371
Know What's Important.....	371
Get Outside.....	372

Chapter 22: Ten Hidden Hurdles to Overcome in Pursuit of Efficiency. 373

Overcoming Employee Resistance.....	373
Accepting Monetary Costs	374
Maintaining Staff	374
Dealing with Frustration	374
Managing Lots of Change: When It Rains, It Pours.....	375

Finding the Time to be Efficient..... 375
Staying the Course..... 376
Setting Limits 376
Being a Positive Role Model..... 377
Keeping Everyone Motivated for Change..... 377

Index..... 379
