

plete line of self-study courses covering complex and constantly evolving accounting and auditing issues. We are continually adding new courses to the library to help you stay current on all the latest developments. The CCH Learning Center courses are available 24 hours a day, seven days a week. You'll get immediate exam results and certification. To view our complete accounting and auditing course catalog, go to: <http://cch.learningcenter.com>.

Accounting Research Manager™

Accounting Research Manager is the most comprehensive, up-to-date, and objective online database of financial reporting literature. It includes all authoritative and proposed accounting, auditing, and SEC literature, plus independent, expert-written interpretive guidance.

Our Weekly Summary e-mail newsletter highlights the key developments of the week, giving you the assurance that you have the most current information. It provides links to new FASB, AICPA, SEC, PCAOB, EITF, and IASB authoritative and proposal-stage literature, plus insightful guidance from financial reporting experts.

Our outstanding team of content experts takes pride in updating the system on a daily basis, so you stay as current as possible. You'll learn of newly released literature and deliberations of current financial reporting projects as soon as they occur! Plus, you benefit from their easy-to-understand technical translations.
