

It was too late to include the recent and controversial amendments to the Copyright Ordinance in the manuscript but in the light of the public outcry leading to the hastily legislated Suspension of Amendments to the Copyright Ordinance, this may be fortuitous.

There are a number of people we need to thank. We wish to thank Peter Garland QC and Jared Margolis who, with Michael Pendleton's 1984 edition of *Law of Intellectual and Industrial Property in Hong Kong* and their own contributions to the 1994 looseleaf edition of that book, have provided a template for this book. Sandra Lee, who assisted Alice in a personal capacity, and Patrick Lee, an undergraduate at City University in 1998, deserve special mention for research assistance, as do David Stewart and Katherine Cena, postgraduate students at Murdoch University in 1999. As ever, the authors are grateful to their editor Ms Saranjeet Kaur-D'silva.
