## Section I The Case for Greener Products

<b>1 Introduction</b> .....	3
Things Will Never Be the Same .....	3
What Caused This Shift? .....	4
Constant Pressures on the Environment.....	4
Mainstreaming of Greener Products .....	6
Why the Focus on Greener Products?.....	7
Things Will Never Be the Same.....	9
References .....	9
<b>2 Market Drivers for Greener Products</b> .....	11
Consumer Demand for Greener Products .....	11
Retailers' Demand .....	12
Home Improvement Companies.....	15
Greener Hospitals .....	16
B2B Purchasing .....	17
Eco-Innovation as a Value Driver .....	18
Running an Eco-Innovation Session.....	19
Product Rating Systems .....	20
Socially Responsible Investment .....	23
Green Public Procurement .....	24
Conclusion .....	26
References .....	26
<b>3 Regulatory Drivers for Greener Products</b> .....	29
A New Set of Rules.....	29
Packaging Regulations.....	30
Restriction on the Use of Chemicals and Notifications.....	32
Extended Producer Responsibility.....	35
Supply Chain Issues .....	37
Company Management Systems for Product Regulations .....	38
Emerging Issues.....	39
Emerging Issues Process.....	41
Examples of Emerging Issues .....	42

Discussing Emerging Issues Publicly .....	44
Conclusion .....	44
References .....	45

## Section II Making Greener Products

<b>4 Greener Product Design Examples .....</b>	<b>49</b>
Ecomagination™ .....	49
Timberland's Green Index® .....	52
SC Johnson GreenList™ .....	55
Results of GreenList .....	56
Base of the Pyramid .....	57
Speaking of Dilemmas .....	57
Clorox Green Works® .....	58
Certification and Partnership .....	59
Philips® .....	61
Eco Vision 5 .....	62
Samsung Electronics .....	63
Planet First™ Design Process .....	64
Green Management Committee .....	65
Eco-Labels .....	65
End-of-Life Management .....	66
Apple® Inc. ....	67
Use of the Lifecycle Assessment .....	67
Removing Toxic Materials .....	68
Energy Efficiency .....	69
Recycling Initiatives .....	69
Product Environmental Report .....	70
Seventh Generation .....	72
Scorecard .....	72
Dish Detergent Scorecard .....	73
Packaging .....	73
Post-Consumer Content Packaging .....	74
Materials .....	74
Method .....	76
Cradle-to-Cradle Design (C2C) .....	77
Design for the Environment (DfE) .....	78
Formulation Approach .....	78
Proctor & Gamble .....	80
Product Innovation .....	81
Future Friendly .....	82
Unilever .....	83
Sustainable Living Plan .....	83
Greenhouse Gas Emissions .....	84

Water Use .....	84
Sustainable Sourcing .....	85
Packaging Initiatives .....	86
DuPont® .....	87
Product Stewardship Initiatives .....	89
BASF .....	90
Eco-Efficiency Analysis .....	91
Headline® .....	91
Eco-Package .....	92
3:1 for More Climate Protection .....	92
Johnson & Johnson .....	94
Earthwards™ .....	95
Scorecard Steps .....	95
Healthy Planet 2010 .....	98
Healthy Future 2015 .....	99
Common Practices among Leaders .....	100
References .....	101
<b>5 Framework for Developing Greener Products .....</b>	<b>105</b>
James A. Fava .....	
Setting the Stage: Identifying Tradeoffs and Opportunities .....	105
A Sustainability Toolbox Exists .....	106
Strategy .....	108
Applying Framework to Tool Use .....	109
Lifecycle Approaches .....	113
Useful Standards Are Available .....	115
Historical Perspectives .....	115
The ISO's Guiding Role .....	116
The Value of ISO LCA in Developing Greener Products .....	117
LCA Description .....	117
Core LCA Principles .....	118
ISO and Comparative Assertions .....	119
Eight Lessons Learned from LCA Application .....	120
Product Sustainability Standard Efforts .....	121
Final Thoughts .....	122
Message 1: Sustainability Issues Are Managed over the Entire Lifecycle .....	123
Message 2: Each Product Category and Material Has Its Own Set of Footprint and Sustainability Characteristics .....	123
Message 3: Tools and Approaches Exist .....	123
Message 4: A Great Tool Isn't Enough .....	125
Message 5: Existing Infrastructure Often Hinders Product Sustainability Implementation .....	125
Conclusions .....	125
References .....	127

### Section III Green Marketing

<b>6 Consumer Interest in Green Purchases Is Growing</b> .....	131
<i>Lee Ann Head, Karen Barnes and Suzanne Shelton</i>	
Introduction to the Chapter.....	131
The Mainstreaming of Green.....	132
Green Purchase Drivers Differ by Product Category.....	133
Green Habits Are Also Increasing.....	134
So, Who's Buying Green?.....	134
Meet the Actives.....	135
Demographics.....	135
Lifestyle and Personality.....	136
Green Attitudes and Behaviors.....	137
Important Categories and Messaging Preferences.....	138
Meet the Seekers.....	140
Demographics.....	140
Lifestyle and Personality.....	141
Green Attitudes and Behaviors.....	141
Important Categories and Messaging Preferences.....	143
Summary and Conclusions.....	144
Green Purchases Are Up.....	144
Green Purchase Drivers Differ by Segment.....	145
About the Shelton Group.....	146
Reference.....	146
<b>7 Green Marketing</b> .....	147
The Case for Green Marketing.....	147
Consumer Demand.....	147
Business-to-Business Demand.....	149
Examples of Green Marketing.....	151
B2C Green Marketing Examples.....	152
Green Works®.....	153
Seventh Generation.....	153
Communicating Green Attributes Important to the Customer.....	154
Honest Tea®.....	154
Timberland®.....	156
Neutrogena® Naturals.....	156
B2B Green Marketing Examples.....	158
Ecomagination™.....	158
BASF.....	159
Sodexo, Inc.....	160
IBM.....	161
Diversey, Inc.....	162
Philips®.....	163

Key Elements of Effective Green Marketing.....	164
References.....	165
<b>8 Aspects of Green Marketing</b> .....	167
Greenwashing.....	167
TerraChoice's Seven Sins of Greenwashing.....	168
Regulatory Standards for Green Marketing.....	171
FTC Green Guides.....	171
Canadian Competition Bureau (CSA) Environmental Claims Guide.....	172
Competition Act.....	172
The Consumer Packaging and Labeling Act.....	173
The Textile Labeling Act.....	173
Enforcement Example.....	173
United Kingdom's Department for Environment, Food and Rural Affairs (DEFRA).....	174
Step 1: Ensure the Content of the Claim Is Relevant and Reflects a Genuine Benefit to the Environment.....	174
Step 2: Present the Claim Clearly and Accurately.....	174
Step 3: Ensure the Claim Can Be Substantiated.....	175
Misleading Claims and Enforcement.....	175
Cause Marketing.....	176
Eco-Labels.....	179
References.....	181
<b>9 Best Practices and Conclusions</b> .....	183
The Greener Product Imperative.....	183
Best Practices for Making Greener Products.....	185
Best Practices for Green Marketing.....	187
Conclusions.....	190
References.....	191
<b>Index</b> .....	193
