

This Book is jointly written by **Dr Jian Fu** of Deakin University in Australia and **Ms Jie Yuan** of the Legislative Affairs Commission of the Standing Committee of the PRC National People's Congress who either had or have long time working experience with the legislature in the PRC. It endeavours to serve as an essential tool towards better understanding of the new Company Law and Securities Law.

I commend this book to business executives and legal professionals, in addition to academics and students, who are interested in understanding the nature of, the reasons behind these two Laws, and the impact on China's corporate practice.
